

CYDCOR FAMILY TREE

OUTSOURCED-SALES GENEALOGY

Historical roots, owner-development branches, Illinois launch hubs, filing infrastructure, side branches, and final cleanup nodes.

BINDER STATUS

Research phase: substantially complete

This edition consolidates the polished backbone, Illinois, side-branch, and cleanup dossiers created through September 6, 2026. Evidence grades are preserved rather than forcing open links into confirmed genealogy.

256 PAGES | 6 BINDER SECTIONS | 35 CURATED DOSSIERS

Prepared as a print-ready research binder. Working/superseded drafts are excluded.

How this binder is organized

The binder is arranged from the main historical backbone into geographic hubs, filing infrastructure, side branches, and finally the cleanup queue. A section divider precedes every major group.

1. MASTER BACKBONE

Read first. This is the core historical chain and the strongest through-line from Wiggins/Brandie/Sessions/Staton into Lefeld/League/Paletta.

2. ILLINOIS HUBS & FIZZLES

Address-based office succession, genuine short-lived branches, and branch-generator evidence.

3. FILING INFRASTRUCTURE

Samantha Jackson / Meriam material is kept structurally separate so filing work is never mistaken for parent ownership.

4-5. SIDE BRANCHES

Numbered dossiers preserve independent branches, person-continuity lines, exact-suite hubs, and identity-continuity findings.

6. CLEANUP NODES

Final-pass nodes: some were upgraded into branches; others remain directional or unplaced with a clearly stated missing artifact.

PRINTING NOTE

All pages in the consolidated binder are normalized to US Letter. Print at 100% or Fit-to-Printable-Area; use the divider pages on cardstock if desired.

Evidence grades used throughout

CONFIRMED

Supported by first-party, corporate/regulatory, or independently corroborated evidence sufficient for the specific link stated.

VERY STRONG / NEAR-CONFIRMED

Multiple strong pieces align, but one ideal first-party person/promotion artifact is still missing.

STRONG

Meaningful personnel, chronology, address, or archive evidence supports the relationship, but not enough for a confirmed arrow.

PROBABLE / RESEARCH LEAD

Plausible and evidence-based direction; should be shown with a dashed or qualified connection.

OPEN / UNPLACED

Company/person is relevant, but the immediate parent or relationship is not defensibly established.

IDENTITY CONTINUITY

Two labels appear to represent the same operating identity or a successor/rebrand. This is not the same as parent-child genealogy.

Rule of interpretation: an exact address, similar business model, shared client, or filing agent can corroborate a relationship, but does not automatically prove training, ownership, or parentage.

Core historical backbone

This is the working high-level spine. Individual dossiers control the exact evidence grade for each handoff.

Illinois address-hub structure

Address evidence is shown as hub structure unless personnel evidence independently supports a lineage arrow.

600 HUNTER DR #250

Keynorth / Rebecca Blatz
MCS2 / Michael Sessions
Midwest Client Consultants / Shaine Thurman
Chicago Business Strategies / Bryan Shaw

1211 W 22ND ST #905

Keynorth
Chicago Business Strategies
Three Point Executives / Stevan Ivanisevic
Quill campaign continuity

CORCONCEPTS / IMPACT

CORConcepts / Gabrielle Corcoran
Adam Balsinger -> Impact Executives
Vivid / KCS branch-generator leads

GENUINE FIZZLES

Three Point ~17 months
Impact ~2.5 years
Chicago Business Strategies ~3.4 years
Midwest Client Consultants is NOT a fizzle

IMPORTANT CONTROL

Samantha Jackson / Meriam appears across filings. Her role is treated as incorporation/filing infrastructure, not as a parent owner or mentor in the genealogy.

Atlanta launch-hub patterns

The strongest modern structural cluster is the repeated use of 1145 Zonolite Rd NE, especially Suite 7.

1145 ZONOLITE RD NE - SUITE 7

Evolution Sales (2022) -> ICON Sales Team (2023) -> Monarch Sales (2024) / Wolfe branch activity; Trinity Results also launched in the same building without a preserved suite number.

EVOLUTION / JONAH

-> First Coast Sales Group

ICON / KEVIN FULLER

<- C-Bus Voyage; -> Monarch / Wolfe branches

TRINITY / CAYLIE SURRENA

strong W1N personnel lead

ABC / NX DIRECT

exact-suite succession; Angel Jacome

ADDRESS RULE

Exact-suite succession is powerful structural evidence, but it is never substituted for person-level training or ownership evidence. Dossiers explicitly distinguish hub continuity from genealogy.

Placed and near-placed side branches

Brandie/AGI -> Hannah Hoffman -> South -> Justin Hageman -> Cape Reserve	STRONG ARCHIVE/PERSON CONTINUITY
Sky -> Hannah Hasinski -> Ignite Marketing Group	ARCHIVE / STRONG
Sky -> Victoria Wilegus -> Providence Avenue	PROBABLE UPSTREAM / DOWNSTREAM IDENTITY LOCKED
Cydcor -> 5 North/North -> Patricia Graells -> Ibericus	STRONG / NEAR-CONFIRMED
Gateway -> Daniel Giannone -> W1N	STRONG DOWNSTREAM CONTINUITY
W1N -> Caylie Surrena -> Trinity Results	STRONG / NEAR-PLACED
3MP Atlanta -> William Ryckman -> Ryckatyk	STRONG / NEAR-CONFIRMED

Continuity and unresolved-parent branches

C-Bus Voyage -> Kevin Fuller -> ICON Sales Team	STRONG COMPANY-BUILDER CONTINUITY
Integra / Joseph Gills -> Meghan Wilson -> Wolf Management	CONFIRMED PRINCIPAL; STRONG DOWNSTREAM
Evolution -> Jonah Mead-Vancort -> First Coast	CONFIRMED DOWNSTREAM; PARENT ABOVE EVOLUTION OPEN
Broad Street <-> Philadelphia Marketing Executives -> Jordan Mitchell Group	IDENTITY CONTINUITY / PROBABLE SUCCESSOR LABEL
Walker Marketing ==> 524 Executives	IDENTITY CONTINUITY - ARCHIVE / STRONG
Rockland -> Andrew Breuninger -> Jonathan Wesley	STRONG PERSON CONTINUITY; COMPANY RELATION OPEN
Banquet Executives / Peyton Timmermeyer	ACTIVE RESEARCH NODE; PARENT OPEN

Final cleanup-node dispositions

C3 Orlando direct-marketing / donor-acquisition node; founder and parent open	UNPLACED
GES Consulting Enterprise strong outsourced-sales node; secondary Cydcor allegation; Southern California parent open	DIRECTIONAL
Ryckatyk 3MP Atlanta -> William Ryckman -> Ryckatyk	UPGRADED
Kevin Fuller C-Bus Voyage -> Kevin Fuller -> ICON	UPGRADED
Joseph Gills / Integra Joseph -> Integra confirmed; parent above Joseph open	UPGRADED
OSP Connect not supported as separate company; replace with One Source Provider (OSP)	CORRECTED

What remains open after this binder edition

These are intentionally preserved as open questions. They are not defects in the binder; they mark the boundary between evidence and inference.

MAIN BACKBONE

Cody Staton -> Michael Sessions remains strongest with suite/timing evidence; ideal direct trainer/promotion artifact is still missing.

WIGGINS UPSTREAM

The 2263 NE 164th St Miami hub is confirmed; Wiggins immediate upstream owner within that older environment remains unresolved.

INTEGRA

Joseph Gills is confirmed at Integra; his immediate pre-2019 sales office remains open.

GES

Brian Lee pre-GES Southern California employer remains the key missing link.

BANQUET EXECUTIVES

Peyton Timmermeyer pre-Banquet chronology remains open.

C3 ORLANDO

Named founder/principal and immediate predecessor remain open.

IDENTITY NODES

Walker -> 524 and Broad Street -> Jordan Mitchell Group still need the original legal/rebrand artifact for full closure.

ASSEMBLY DECISION

This edition is complete enough to print and bind. Future research should be inserted as dated supplements rather than continuously rebuilding the entire binder.

SECTION 1

MASTER BACKBONE

Historical root through the modern Paletta / League branch

PRINT TAB

MASTER BACKBONE

Use this page as the front divider for the section.

SECTION STARTS ON MASTER BINDER PAGE 13

MAIN BACKBONE OVERVIEW

From Wiggins to Paletta

A four-branch visual map showing the current evidence spine from the 1996 Wiggins / Black Diamond era through Brandie Park, Michael Sessions, Cody Staton / TRIEC, Michael Lefeld / The League Global, and Thomas Watson / Paletta Consulting.

HOW TO READ THIS

The four dossiers now join into one coherent backbone. One arrow remains materially unresolved: Michael Sessions -> Cody Staton / TRIEC is STRONG, not confirmed. Brandie -> Sessions is confirmed in the research archive but still needs the exact primary audio/timestamp inserted to make that packet self-contained.

BRANCHES 04 -> 01

The backbone, arrow by arrow

The branch number at each node tells the reader exactly where to go for the detailed evidence packet.

1996 -> 2024

One spine across 28 years

Dates and places line up the four branch dossiers without collapsing legal entities or treating every shared address as automatic proof.

Location corridor used as corroboration

2263 NE 164th St., Miami Confirmed historical hub; internal genealogy open. B04	1140 Hammond Dr., Atlanta Black Diamond / John Wiggins Georgia filing address. B04
Charlotte, NC Brandie owner-launch / Marketing Endeavors period. B03	612 Montgomery Ave., Narberth, PA Oxford Marketing Solutions public timing anchor. B03
600 Hunter Dr. #250, Oak Brook MCS2 / Sessions anchor; confirmed multi-company launch hub. B02	9450 Bryn Mawr, Chicago Sessions-era organization + TRIEC same 2011 launch window. B02
4849 N Milwaukee #407, Chicago TRIEC then M4I; exact-suite handoff plus person evidence. B01	500 Park Blvd., Itasca League / Paletta modern same-building corroboration. B01

READER MAP

What is closed, what is still open

This page is the control panel: it keeps the overview from becoming more certain than the underlying evidence.

FROM	TO	STATUS	CORE SUPPORT	DOSSIER
John Wiggins	Brandie Park	CONFIRMED	Brandie first-person interview names John / Mr. Wiggins; call-back and office continuity.	B04
Black Diamond	Brandie employer identity	STRONG	Wiggins + Atlanta + timing align; transcript does not name Black Diamond.	B04
Brandie Park	Michael Sessions	CONFIRMED IN ARCHIVE	Sessions research notes say Brandie hired him; Sean Clark was his leader.	B03
Michael Sessions	Cody Staton / TRIEC	STRONG	9450 Bryn Mawr exact-location / launch-window overlap; direct employment artifact missing.	B02
Cody Staton / TRIEC	Michael Lefeld	CONFIRMED	TRIEC archive places Lefeld inside the organization; later exact-suite M4I handoff.	B01
Michael Lefeld	The League Global	CONFIRMED	League identifies Lefeld as founder; owner-line continuity shown carefully.	B01
The League Global	Thomas Watson / Paletta	CONFIRMED	League advancement archive + Paletta founder bio.	B01

Where the reader goes next

BRANCH 04

Wiggins / Brandie + Miami hub

Direct 1997 bridge; Black Diamond corporate path; upstream Miami context.

BRANCH 03

Brandie -> Sessions

Marketing Endeavors mechanism; Sessions hiring statement preserved in archive; Oxford launch.

BRANCH 02

Sessions -> Staton / TRIEC

600 Hunter hub; 9450 Bryn Mawr bridge; the one major unresolved main-arrow artifact.

BRANCH 01

TRIEC -> Lefeld -> League -> Paletta

Direct TRIEC evidence; exact-suite M4I handoff; League and Paletta modern anchors.

NEXT HISTORICAL QUESTION

Who was directly above John Wiggins? That is the next upstream research problem; the Miami hub itself remains a confirmed location cluster with unresolved internal genealogy.

BRANCH 05

Historical Root & Wiggins Upstream

Separating what is documented about DS-Max / Cydcor and the 2263 NE 164th Street Miami hub from the still-open question of who developed John Wiggins.

CORE FINDING

The historical root is documented; the Wiggins handoff is not.

A 2000 contract record directly overlaps Cydcor, DS-Max, and Avie Roth. Separately, 2263 NE 164th Street is a confirmed multi-entity Miami hub containing John Wiggins / Black Diamond in 1996. No surviving source yet identifies Wiggins' immediate upstream owner.

DOCUMENTED ROOT

DS-Max / Avie Roth <-> Cydcor

2000 contract overlap

CONFIRMED CONTEXT

2263 NE 164th St. Miami hub

1993-1999 multi-entity sequence

OPEN BRIDGE

Older network -> John Wiggins

immediate mentor / prior office unknown

SCOPE RULE

This dossier does not force DS-Max, Cydcor, the Miami address hub, and John Wiggins into a single proven chain. It shows each evidence layer separately and preserves the exact missing connector as an open research target.

BRANCH 05 | EVIDENCE POSTURE

Three evidence layers - only one arrow is still missing

The most important discipline on this branch is not to confuse documented historical overlap with a documented mentor-to-protege handoff.

HISTORICAL ROOT

The 2000 contract is the strongest root document

The May 2000 Stamps.com market agreement and August 2000 addendum put DS-Max International, Cydcor Limited, and Avie Roth into the same documentary record.

MAY 15, 2000 | MARKET AGREEMENT

Cydcor manages a direct-sales network

The agreement identifies Cydcor Limited as the manager of U.S. direct sales and describes a network built through independent corporate distributors and their own independent distributors.

PRIMARY PUBLIC CONTRACT TRANSCRIPTION

Justia contract record

NOTICE + SIGNATURE STRUCTURE

Avie Roth bridges both names

The notice section sends a copy to DS-MAX International, attention Avie Roth. The agreement/addendum is executed for Cydcor Limited by Avie Roth as Vice President.

DOCUMENTED OVERLAP - NOT A LEGAL RENAME PROOF

FindLaw agreement notice section

WHAT THIS PROVES

1. DS-Max International and Cydcor Limited appear in one contemporaneous business record.

2. Avie Roth is named in the DS-Max notice structure and signs for Cydcor as Vice President.

3. Cydcor already described a layered independent-distributor network in 2000.

WHAT THIS DOES NOT PROVE

It does not establish that DS-Max simply changed its legal name to Cydcor. It does not identify John Wiggins, Black Diamond, or 2263 NE 164th Street. It also does not identify who trained Wiggins. The safe formulation remains documented DS-Max / Cydcor overlap or continuity.

CONTEXT, NOT LINEAGE PROOF

Why the owner-development model matters to the genealogy

Cydcor's own historical and current materials explain how a network of independently owned sales companies can expand across generations without those companies being conventional subsidiaries.

1994

CYDCOR FOUNDING YEAR

Cydcor's current history places its establishment in 1994.

6

INDEPENDENT SALES COMPANIES

Cydcor's 2019 retrospective says the network began with six.

375+

BY THE 25TH ANNIVERSARY

The same retrospective reports more than 375 by 2019.

WHY THIS MATTERS - AND WHY IT IS NOT ENOUGH

The business model makes a multi-generation owner genealogy plausible and explains why independent offices can appear as successive branches. But a matching model does not identify any specific parent relationship. Wiggins still needs his own direct upstream artifact.

Cydcor 25-year history

Cydcor FAQ - independent sales company structure

2263 NE 164TH STREET

Seven nodes across the same North Miami Beach address

This is a chronology of entities associated with the hub. It is not a mentor tree.

YEAR	ENTITY	PERSON	ASSESSMENT
1993	Direct Books of Miami, Inc.	Larry Lay	Confirmed filing
1994	R. U. Reads Enterprise, Inc.	Rego Posada	Confirmed filing
1994	Can-Am related entity	Brandon Snowsell	Research lead
1996	Golden Shores Enterprise	Adam Stender	Research archive
1996	Black Diamond Advertising, Inc.	John Wiggins	Confirmed filing
1996	C & M Direct, Inc.	Cecil Steele	Confirmed filing
1999	Top Flight related entity	Carl Foss	Research lead

WHAT THE ADDRESS PATTERN SUPPORTS

The address was repeatedly used by different sales/distribution entities across the years surrounding Cydcor's 1994 founding. It places John Wiggins inside an older multi-company environment rather than making Black Diamond an isolated 1996 appearance.

CONTROL

The current record does not justify a sequence such as Larry Lay -> Rego Posada -> John Wiggins -> Cecil Steele. Same-address chronology is corroboration and discovery infrastructure, not automatic proof of mentorship.

ADDRESS-CENTERED VIEW

One address, multiple principals, no invented arrows

The hub is best visualized as a shared location with dated nodes around it, rather than a vertical family tree.

NO MENTOR ARROWS SHOWN BY DESIGN

The central connector means "same documented research hub," not "trained by."

THE UNRESOLVED ARROW

What is actually missing above John Wiggins?

Branch 04 now confirms Wiggins -> Brandie. Branch 05 therefore isolates the older remaining problem: identify Wiggins' own office, trainer, or organizational parent before Black Diamond.

KNOWN

WIGGINS NODE

BLACK DIAMOND / 1996

KNOWN

OLDER ECOSYSTEM

MIAMI HUB + CYDCOR ERA

MISSING

DIRECT HANDOFF

WHO DEVELOPED WIGGINS?

EVIDENCE ALREADY IN HAND

- Black Diamond places Wiggins in the 1996 Miami hub.
- The hub predates and overlaps Cydcor's 1994 founding era.
- DS-Max / Cydcor overlap is independently documented in 2000.
- Wiggins later appears in the Atlanta branch confirmed by Brandie.

THE DOCUMENT WE STILL NEED

- Wiggins resume, bio, or employment record before September 1996.
- Promotion / office-launch announcement naming his prior owner.
- Early owner list or conference material placing Wiggins under a named principal.
- Corporate or campaign record linking Wiggins to a prior office.

WHAT WILL NOT CLOSE THE ARROW

Another same-address record by itself. A filing-service overlap. A general Cydcor/DS-Max association. Anonymous complaint material. Similar recruiting language. Any of these can generate leads, but the arrow should stay OPEN until a person-to-office or person-to-person record appears.

CYDCOR FAMILY TREE INVESTIGATION | BRANCH 05

Visual dossier | September 4, 2026 | 7
MASTER 24

RELATIONSHIP CONTROL

Do not let the root look more certain than the evidence

This matrix is the guardrail for the finished atlas and binder.

FROM	TO	STATUS	CORE EVIDENCE	REMAINING GAP
DS-Max / Avie Roth	Cydcor	DOCUMENTED OVERLAP	2000 agreement + addendum	Exact legal predecessor structure
Cydcor / older network	John Wiggins	PROBABLE / OPEN	era + older research + Black Diamond node	Immediate mentor / prior office
2263 Miami hub	John Wiggins	CONFIRMED CONTEXT	Black Diamond at hub in 1996	Internal mentor order
Larry Lay / Rego Posada / others	Wiggins	OPEN	same hub chronology only	Direct person link
John Wiggins	Brandie Park	CONFIRMED	first-person 1997 interview account	Handled in Branch 04

THE SAFE MAIN-LINE FORMULATION

DS-Max / Avie Roth <-> Cydcor -> [older link unresolved] -> John Wiggins -> Brandie Park -> Michael Sessions -> Cody Staton / TRIEC -> Michael Lefeld / League -> Paletta.

WHY THE BRACKET MATTERS

The unresolved bracket is not cosmetic. It prevents the atlas from implying that Cydcor, Avie Roth, Larry Lay, Rego Posada, or another Miami principal has already been proven as Wiggins' direct parent.

LANGUAGE CONTROL

What we can say - and what we cannot say

This is the wording standard to carry into the master atlas, captions, and future dossiers.

DEFENSIBLE NOW

- Cydcor states it was established in 1994.
- Its 2019 history says the network grew from six independent sales companies to 375+.
- A 2000 Stamps.com contract record directly overlaps Cydcor, DS-Max, and Avie Roth.
- 2263 NE 164th Street was repeatedly used by multiple relevant entities from 1993-1999.
- John Wiggins / Black Diamond is a confirmed 1996 node in that hub.
- Wiggins -> Brandie is confirmed by Brandie's first-person account.

NOT YET DEFENSIBLE

- DS-Max simply renamed itself Cydcor.
- 2263 NE 164th Street was a Cydcor office.
- Avie Roth directly trained John Wiggins.
- Larry Lay, Rego Posada, Adam Stender, or Cecil Steele was Wiggins' mentor.
- The Miami companies form a proven sequential family tree.
- The direct Cydcor / older-network -> Wiggins arrow is confirmed.

MOST IMPORTANT RESEARCH SENTENCE

The investigation has reached the early Cydcor / DS-Max ecosystem and a confirmed Miami launch hub, but the identity of John Wiggins' immediate upstream owner remains open.

NEXT CLOSURE PASS

Five searches that can actually change the tree

The next work should target records capable of naming Wiggins' prior office or trainer - not just adding more companies to the Miami cluster.

- 01

Pre-1996 Wiggins employment

Archived resume, biography, old staff page, professional directory, newspaper profile.
- 02

Early DS-Max / Cydcor owner lists

Conference rosters, award lists, newsletters, training event materials, distributor directories.
- 03

Miami classifieds and directories

1992-1997 Miami Herald recruiting ads, city/business directories, suite listings.
- 04

Corporate activity before Black Diamond

Any corporation or officer role tied to Wiggins before September 1996.
- 05

Campaign / client artifacts

Materials naming Wiggins alongside a prior owner, team, or upstream organization.

DOWNSTREAM HANDOFF

Once Wiggins is reached, Branch 04 takes over: Wiggins -> Brandie is now confirmed, and the main backbone continues through Sessions, Staton/TRIEC, Lefeld/League, and Paletta.

SOURCE CONTROL

Core basis: current evidence binder Sections 5-7, A01-A02, RA10-RA11; public Cydcor history/FAQ; 2000 Stamps.com market agreement/addendum.

BRANCH 04

The Wiggins / Brandie Park Bridge

From the 2263 NE 164th Street Miami cluster to Brandie Rucks/Park's 1997 Atlanta entry into the business.

EVIDENCE STATUS

John Wiggins -> Brandie Park: CONFIRMED

Black Diamond -> Brandie remains STRONG until the company name is explicit in a first-person or employment artifact.

UPSTREAM CONTEXT	CORPORATE NODE	DIRECT BRIDGE	DOWNSTREAM
2263 NE 164th St. Miami hub	John Wiggins / Black Diamond	Brandie Rucks / Park	Marketing Endeavors
internal genealogy open	Miami 1996 -> Atlanta 1996	1997 first-person account	-> Michael Sessions / Branch 03

SCOPE RULE

This dossier upgrades the person-to-person Wiggins -> Brandie relationship because Brandie directly identifies John / Mr. Wiggins in the interview that launched her career. It does not silently upgrade the employer name: the transcript excerpt does not itself say "Black Diamond Advertising." The Miami address cluster remains upstream context, not a proven mentor sequence.

BRANCH 04 | AT A GLANCE

The missing bridge is no longer missing

A new first-person transcript changes the evidentiary status of the Wiggins -> Brandie arrow while leaving the exact company-name lock as a separate question.

CONFIRMED
PERSON ARROW
BRANDIE NAMES WIGGINS

STRONG
EMPLOYER LOCK
BLACK DIAMOND LIKELY

OPEN
UPSTREAM ORDER
MIAMI HUB GENEALOGY

What changed from the September 2 binder

BEFORE
Wiggins -> Brandie was labeled STRONG / OPEN because the binder lacked a Brandie interview naming Wiggins or her first company.

NOW
Brandie recounts her original 1997 first-round interview "with John," addresses him as "Mr. Wiggins," says John called her back, and places herself in his office four months later.

The new evidence stack

1

1997 classified ad
Brandie says the ad she answered read "sports minded" and led to a commission-based outside B2B sales opportunity.
Transcript 00:09:48-00:12:04

2

John Wiggins named
She describes the first-round interview "with John" and later says directly, "Mr. Wiggins."
Transcript 00:21:05-00:22:55

3

Call-back and office continuity
John called her back; four months later she was back in his office after the morning meeting and was already training people.
Transcript 00:24:44-00:26:06

4

Black Diamond in Atlanta
Georgia filings place Black Diamond Advertising, John Wiggins, and the 1140 Hammond Drive Atlanta address together in late 1996.
Georgia corporate filing, effective 11/27/1996

UPSTREAM CONTEXT

The Miami cluster before Wiggins

The address is confirmed as a recurring sales/distribution hub. The person-to-person order inside the hub is still unresolved, so this page shows chronology without inventing arrows.

Year	Entity	Person	Assessment
1993	Direct Books of Miami, Inc.	Larry Lay	Confirmed filing
1994	R. U. Reads Enterprise, Inc.	Rego Posada	Confirmed filing
1994	Can-Am related entity	Brandon Snowsell	Research lead
1996	Golden Shores Enterprise	Adam Stender	Research archive
1996	Black Diamond Advertising, Inc.	John Wiggins	Confirmed filing
1996	C & M Direct, Inc.	Cecil Steele	Confirmed filing
1999	Top Flight related entity	Carl Foss	Research lead

WHAT THIS HUB PROVES

Different sales/distribution entities associated with different principals repeatedly used 2263 NE 164th Street during the years around Cydcor's founding. Black Diamond places Wiggins inside that older environment.

WHAT IT DOES NOT PROVE

It does not justify a straight mentor chain such as Larry Lay -> Rego Posada -> John Wiggins -> Cecil Steele. The address continuity is confirmed; the internal genealogy is open.

CORPORATE CHRONOLOGY

Black Diamond reaches Georgia before Brandie's entry

The filing dates establish a Florida corporation expanding into Georgia in late 1996, months before Brandie's 1997 job search.

Certificate of Authority

Georgia's Secretary of State granted Black Diamond Advertising, Inc. authority to transact business in Georgia effective November 27, 1996

DIRECT FILING EVIDENCE

Key fields

CONTROL NO.	9637802
EFFECTIVE DATE	11/27/1996
JURISDICTION	Florida
ENTITY	Black Diamond Advertising, Inc.
TYPE	Foreign profit corporation

WHY THIS MATTERS

The filing independently anchors Black Diamond in Georgia before Brandie's 1997 entry story. The next page locks John Wiggins to the Atlanta office.

The filing that locks Wiggins to the Atlanta office

CORPORATE NAME
BLACK DIAMOND ADVERTISING, INC.

HOME JURISDICTION
State of Florida

INCORPORATION DATE
September 9, 1996

PRINCIPAL OFFICE
1140 Hammond Drive, #B-2190, Atlanta, GA
30328

REGISTERED AGENT
Mr. John Wiggins

OFFICER / CEO
John Wiggins - same Atlanta address

This is direct corporate evidence that John Wiggins was the Black Diamond principal/agent at an Atlanta office before Brandie's 1997 interview. It strongly supports Black Diamond as the employer context, but the Brandie transcript still does not say the company name.

Wiggins -> Brandie can be CONFIRMED from her own account. Black Diamond -> Brandie stays STRONG until a company-name lock is recovered.

Visual dossier | September 4, 2026 | 5
MASTER 32

FIRST-PERSON CHRONOLOGY

The "sports minded" ad leads into Atlanta B2B sales

Brandie's guest-speaker account provides a detailed chronology of how she entered the business after graduating from the University of Georgia.

JUNE 1997

Graduates UGA

Brandie says she graduated in June 1997 and was living with her parents while interviewing for jobs.

SUNDAY PAPER

Answers classified ad

She says the ad that appealed to her read "sports minded."

INTERVIEW PROCESS

Shadow / field day

She describes accompanying a representative to visit customers and see the job in real life.

POSITION

Commission outside B2B

She explicitly describes the role as commission-based outside business-to-business sales.

ATLANTA GOAL

Move closer to city

She says she wanted a job in Atlanta and to move closer to the city.

"

the ad that i answered said sports minded

Brandie Park, describing her 1997 job search

Transcript: 00:09:43-00:10:22

PRIMARY TRANSCRIPT EVIDENCE

Brandie directly identifies John Wiggins

This is the evidence that upgrades the person arrow from STRONG / OPEN to CONFIRMED.

"

when i came in for my first round of interviews ... with john

Brandie Park

Transcript: 00:21:05-00:21:30

"

i said you know mr wiggins ... i think you've judged me unfairly

Brandie Park, recounting the same first-round interview

Transcript: 00:22:36-00:22:55

Why this closes the person arrow

Brandie is not merely describing an unnamed office or a later network colleague. In a first-person account of her original career-entry interview, she identifies the interviewer as John and then addresses him by surname: Mr. Wiggins. That is direct evidence of John Wiggins' role in her entry process.

WIGGINS -> BRANDIE = CONFIRMED

COMPANY-NAME CONTROL

The transcript excerpt identifies Wiggins, not Black Diamond Advertising by name. The corporate filing makes Black Diamond the strongest company match, but the company-level arrow remains STRONG until explicitly named.

CONTINUITY AFTER THE INTERVIEW

From call-back to team training in four months

The transcript does more than identify a one-time interviewer; it follows Brandie into the office after the hiring decision.

” john did call me back ... fast forward about four months later ... we get back into his office

Brandie Park

Transcript: 00:24:44-00:24:59

” this is four months into the business ... had a couple people ... on my team ... that i was training

Brandie Park

Transcript: 00:25:51-00:26:06

INTERPRETATION

This continuity makes the Wiggins relationship much stronger than a single interview encounter. Brandie places herself inside the same office four months later, already developing people of her own.

1997 ATLANTA OFFICE

John Wiggins and "Stan" appear as distinct early roles

The transcript supplies a new first-name lead for the field-training side of Brandie's entry story. The surname and exact identity are still unresolved.

JOHN WIGGINS

Hiring / office authority

- First-round interview with Brandie
- Controls second-interview return
- Calls Brandie back
- Office still central four months later

"STAN" - SURNAME UNKNOWN

Field trainer / system lead

- Brandie says the trainer had extensive sales experience
- The trainer made the field approach feel systematic
- She then says "Stan was so systematic"
- Current transcript does not give a surname

" because ... stan was so systematic and said the same thing every single person

Brandie Park

Transcript: 00:13:19-00:13:26

RESEARCH DECISION

Treat "Stan" as a confirmed first-name training figure in Brandie's early office story, but do not assign a surname or make him Wiggins' upstream/downstream owner without additional evidence. The immediate goal is to identify Stan from 1997 Atlanta staff, recruiting, conference, or archived employment material.

IDENTITY OPEN

FROM ENTRY TO OWNER-DEVELOPMENT

How Branch 04 connects to Branch 03

This page ends Branch 04 where the next dossier begins: Brandie develops from a 1997 recruit into the owner-development node that later connects to Michael Sessions.

BACKBONE AFTER THIS UPGRADE

John Wiggins -> Brandie Park -> Michael Sessions -> Cody Staton / TRIEC -> Michael Lefeld -> The League Global -> Thomas Watson / Paletta Consulting

RESEARCH INTEGRITY

What we can say, what we cannot say, and what comes next

This is the control page to use when Branch 04 is summarized elsewhere.

Relationship / finding	Status	Core support	Remaining gap
John Wiggins -> Brandie Park	CONFIRMED	Brandie first-person interview: "with John" / "Mr. Wiggins"; call-back and office continuity	None material for person identity
Black Diamond -> Brandie	STRONG	Wiggins + Atlanta + late-1996 Black Diamond filing + 1997 Brandie chronology	Explicit company-name lock
Black Diamond -> Atlanta	CONFIRMED	Georgia authority; 1140 Hammond Drive; Wiggins named in filing	None material
2263 NE 164th hub -> Wiggins	CONFIRMED LOCATION	Binder / Florida filing places Black Diamond and Wiggins at hub	No internal mentor order
Miami hub internal genealogy	OPEN	Repeated address and multiple principals	Direct owner-development evidence
"Stan" -> early field training	CONFIRMED FIRST-NAME LEAD	Brandie describes systematic trainer and names Stan	Surname / exact identity

NEXT RESEARCH / PRESERVATION ACTIONS

- 1

Recover an artifact that explicitly names Brandie's 1997 company - archived ad, resume, staff page, payroll/employment record, or first-person company reference.
- 2

Identify "Stan" from the 1997 Atlanta office and determine whether his full identity adds a trainer layer beneath Wiggins.
- 3

Continue upstream from Wiggins: determine his immediate owner / mentor before Black Diamond without forcing the Miami address cluster into a straight line.
- 4

Preserve the original video/audio plus a stable transcript excerpt for timestamps 00:09:43-00:26:06.

SOURCES USED

Primary evidence and binder context

This dossier is grounded in the user-supplied corporate filing, user-supplied Brandie Park transcript, and the existing evidence binder. No outside source was silently substituted for those materials.

P1 - Georgia corporate filing packet

19961127-9637802-BLACK DIAMOND ADVERTISING, INC..pdf

Certificate of Authority and application. Key facts used: Florida incorporation Sept. 9, 1996; Georgia authority effective Nov. 27, 1996; principal office 1140 Hammond Drive #B-2190, Atlanta; John Wiggins named as registered agent/officer at that address.

P2 - Brandie Park guest-speaker transcript

tactiq-free-transcript-NmXISdDrLqY.txt

Key timestamps used: 00:09:43-00:12:04 (sports-minded ad / commission B2B role); 00:21:05-00:22:55 (first-round interview with John / Mr. Wiggins); 00:24:44-00:26:06 (John calls back / four months later in his office / Brandie training people); 00:13:19-00:13:26 (Stan systematic training lead).

B1 - Cydcor Family Tree Evidence Binder v3

Cydcor_Family_Tree_Evidence_Binder_v3_2026-09-02.pdf

Used for the 2263 NE 164th Street cluster, prior Wiggins -> Brandie STRONG / OPEN assessment, and research-control language separating same-address evidence from direct owner-development proof.

SOURCE-INTEGRITY NOTE

The direct Wiggins -> Brandie upgrade comes from Brandie's own first-person account. The Black Diamond filing corroborates the company/Atlanta context. Because Brandie does not say "Black Diamond" in the excerpt, the employer-level arrow remains STRONG rather than being upgraded by inference.

BRANCH 03

Brandie Park -> Michael Sessions

The direct archive bridge that connects the Brandie owner-development node to the Sessions line

MAIN ARROW: CONFIRMED IN ARCHIVE

What this dossier is testing

Whether Michael Sessions can be placed directly downstream of Brandie Park, what evidence supports that relationship, and where the record still needs a preserved primary audio or transcript artifact.

SCOPE RULE This branch treats the Brandie -> Sessions statement as confirmed within the research archive, while clearly separating that from public corroboration. The exact audio clip, timestamp, or verbatim transcript remains a preservation target.

The branch in one page

This is a cleaner parent-to-protege bridge than Sessions -> Staton because the research archive preserves Michael Sessions' own account that Brandie Park hired him and identifies Sean Clark as his leader.

1

direct archive hiring statement

1

named leader in archive:
Sean Clark

1999

Oxford launch window

2017

public Sessions-Park
interview record

Working branch map

KEY TAKEAWAY

The archive directly connects Brandie Park to Michael Sessions. Public records then independently anchor Brandie's owner-development model, Sessions' 1999 Oxford launch timing, and their later 2017 interview relationship.

The owner-development node before Sessions

Brandie's first-person public account establishes the career pattern around this branch without naming Michael Sessions directly; the direct Sessions bridge comes from the research archive.

Brandie Park - dated public anchors

INTERPRETATION CONTROL

Marketing Endeavors is the relevant Brandie-owned office in the 1999-2003 evidence. AGI Atlanta and Aurora are later Brandie-associated organizational contexts. This dossier does not collapse those names into one legal entity without a specific corporate record showing that mechanism.

UPSTREAM BOUNDARY John Wiggins -> Brandie remains a separate STRONG / OPEN question for Branch 04. Nothing in this dossier upgrades that relationship.

Marketing Endeavors -> Adam Dorfman

A separate public first-person account provides a unusually clean example of how Brandie's organization developed a later business owner. This does not prove the Sessions arrow by itself, but it validates the operating mechanism being reconstructed.

What Dorfman publicly describes

ENTRY

June 2002

Dorfman says Marketing Endeavors hired him to sell business phone and internet services.

CONFIRMED

DEVELOPMENT

2002-2003

He says Marketing Endeavors was owned by Brandie Park and that she trained him and developed his mindset and skills.

CONFIRMED

LAUNCH

July 2003

He says Brandie gave him the opportunity, support, and blessing to open his own business.

CONFIRMED

Why this is relevant to Michael Sessions

The investigation is not assuming that every person around Brandie followed an identical path. Instead, Dorfman supplies a direct example of the exact owner-development pattern the Sessions archive describes: entry under Brandie, leadership development, then opening a separate business.

MECHANISM CONFIRMED

DORFMAN BRANCH

Publicly self-contained

Brandie ownership + training + 2003 launch are all stated in a surviving first-person interview.

SESSIONS BRANCH

Confirmed in archive

The direct hiring statement is preserved in research notes, but the exact audio/timestamp still must be inserted to make the packet fully self-contained.

A04 - Brandie Park -> Michael Sessions

The binder already classifies this arrow as CONFIRMED IN ARCHIVE. The important task now is to show exactly which part is direct, which part is public corroboration, and which artifact is still missing.

Evidence stack

RA9 - Sessions podcast research notes

DIRECT IN ARCHIVE

Notes preserve Sessions' first-person statement that Brandie Park hired him and that Sean Clark was his leader.

RA9 - pre-Oxford chronology

DIRECT IN ARCHIVE

The same research archive places Sessions in Brandie's organization before his first company launch around Halloween weekend 1999.

Session 33: Brandie Park

PUBLIC CORROBORATION

A surviving 2017 Sessions Effect episode is hosted by Michael Sessions and features Brandie discussing her leadership and sales beginnings.

iVoox / public directory

PUBLIC CORROBORATION

Directory metadata identifies Brandie as CEO and President of AGI Atlanta and places the interview at 600 Global in Phoenix.

Oxford Marketing Solutions BBB

PUBLIC TIMING ANCHOR

BBB lists a Nov. 1, 1999 business-start date in Narberth, PA, closely matching Sessions' first-office timing in the archive.

THE ONE MATERIAL GAP The exact audio clip, timestamp, transcript excerpt, or equivalent primary capture containing the hiring statement is not yet inserted into the binder. Until it is, keep the label CONFIRMED IN ARCHIVE rather than upgrading the packet to fully self-contained CONFIRMED.

A04 evidence packet

This page reproduces the current binder packet so the reader can audit the exact claim language already preserved in the investigation.

Binder page 40 - A04

EVIDENCE PACKET

A04 | Brandie Park -> Michael Sessions

CONFIRMED IN ARCHIVE

Source artifact: Podcast research notes [RA9] + public Session 33 record

Directly visible in the artifact

- Research-archive notes record Michael Sessions identifying Brandie Park as the person who hired him and Sean Clark as his leader.
- The same archive places Sessions in Brandie's organization before he opened Oxford Marketing Solutions in the Philadelphia area around Halloween weekend 1999.
- A public December 5, 2017 episode of The Sessions Effect is titled "Session 33: Brandie Park"; the episode description says Park discusses her early leadership and entry into sales.
- Public podcast directories identify Michael Sessions as CEO of 600 Global and describe his long-running owner-development role.

What this proves

Within the research archive, this is a direct first-person parent-to-protege bridge: Brandie Park hired Michael Sessions, with Sean Clark identified as Sessions' leader. The public podcast record independently verifies the Sessions/Park interview context.

What this does NOT prove by itself

The binder does not yet preserve the exact audio clip, timestamp, or verbatim sentence from the hiring statement. Until that artifact is inserted, the relationship remains "confirmed in archive" rather than a fully self-contained primary-source packet.

Cross-references

- Research report: Section 9.1
- RA9; public corroboration S7/S8

READING NOTE

The embedded artifact is itself a research packet, not the missing original audio. Its value is that it freezes the archive-derived claim, the corroborating public context, and the limitation in one place.

Michael Sessions -> Oxford Marketing Solutions

The launch chronology is the downstream boundary of this branch: Sessions moves from Brandie's organization into his own identifiable company around Halloween weekend 1999.

Launch sequence

WHAT THIS TRANSITION SUPPORTS

Taken together, the archive and public timing support a coherent sequence: Sessions worked within Brandie's organization, then opened Oxford Marketing Solutions at the end of 1999, and later developed the organizational line that becomes the subject of Branch 02.

CAREFUL WITH THE COMPANY NAME

The current public BBB profile identifies Oxford Marketing Solutions, Inc. and its Nov. 1, 1999 start date, but it currently lists Matt Osborne as president. The Michael Sessions connection comes from the investigation's archived filing/autobiographical match, so the future evidence archive should preserve that underlying corporate record too.

Brandie and Sessions reappear together publicly in 2017

The later podcast record does not prove the 1990s hiring event by itself. It independently confirms that Michael Sessions publicly hosted Brandie Park in his entrepreneurial network years later.

Session 33 - Brandie Park

PUBLIC PODCAST RECORD

The Sessions Effect - Session 33: Brandie Park

Public podcast directories date the episode to December 5, 2017. The episode is hosted by Michael Sessions and presents Brandie as a senior sales, marketing, and entrepreneurial-training leader. IVoox metadata identifies her as CEO and President of AGI Atlanta and says the episode was recorded at 600 Global in Phoenix.

CORROBORATION - NOT THE HIRING ARTIFACT

What the public record adds

IT DOES SUPPORT

- Sessions and Brandie remained publicly connected in the same business/leadership orbit.
- Brandie was publicly presented as an AGI Atlanta executive and entrepreneurial-training figure.
- 600 Global is publicly part of the interview context by 2017.

IT DOES NOT SUPPORT BY ITSELF

- It does not itself say Brandie hired Michael in the 1990s.
- It does not establish the exact legal continuity among Marketing Endeavors, AGI Atlanta, and Aurora.
- It does not replace the missing RA9 audio/timestamp.

LATER BRANDIE CONTEXT

Aurora Firm's current public site describes Brandie Park as a business coach/strategist and says she was responsible for over 200 branch sales offices nationally. That is useful background on scale, but it is not used here to prove a specific historical parent arrow.

What we can say, what we cannot say, and what comes next

This is the page to use when the investigation is cited or summarized elsewhere. It keeps the branch from becoming more certain on paper than the source record allows.

Evidence matrix

Relationship / finding	Status	Core support	Remaining gap
Brandie Park -> Michael Sessions	CONFIRMED IN ARCHIVE	RA9 first-person hiring statement; Sean Clark named as leader	Preserve exact audio / timestamp / transcript
Brandie Park -> Adam Dorfman	CONFIRMED	Dorfman first-person VoyageATL account	None material
Brandie -> Marketing Endeavors	CONFIRMED / RESEARCH RECORD	Dorfman names Brandie as owner; RA12 filing research	Insert corporate filing image
Sessions -> Oxford launch timing	STRONG / CORROBORATED	RA9 autobiographical timing + BBB Nov. 1, 1999 start	Preserve Sessions/Oxford filing directly
Brandie / Sessions public 2017 link	CONFIRMED	Session 33 public podcast metadata	Not a substitute for hiring artifact
John Wiggins -> Brandie	STRONG / OPEN	Chronology + Brandie origin account	Direct hiring/company artifact

NEXT RESEARCH / PRESERVATION ACTIONS

- Recover and preserve the exact Michael Sessions audio/timestamp or transcript where he says Brandie hired him and Sean Clark was his leader.
- Insert the underlying Marketing Endeavors / Brandie Rucks-Park corporate filing image behind this dossier.
- Preserve the Michael Sessions / Oxford filing or archived source that locks Sessions personally to Oxford Marketing Solutions.
- Then move one generation upstream into Branch 04: John Wiggins -> Brandie Park.

Sources used in this dossier

The dossier prioritizes the existing binder and research archive. Public sources are used to corroborate chronology, business context, and the owner-development mechanism; they do not silently replace archive-only evidence.

Binder / research archive

- A04 / RA9

Brandie Park -> Michael Sessions evidence packet and podcast research notes; Sessions says Brandie hired him and Sean Clark was his leader.
- RA12

Marketing Endeavors corporate-record research associated with Brandie Rucks/Park and the 1999 Charlotte/Atlanta period.
- RA1

Later Sessions entity continuity: Marketing Sessions / MCS2 / 600 and transition into the Branch 02 research.

Public corroboration

- S4 - VoyageATL

Meet Brandie Park of Aurora Firm in Sandy Springs (Sept. 30, 2019): 1997 Sports-Minded ad, B2B utility sales, move to Charlotte to open AT&T outside-sales firm.
- S5 - VoyageATL

Meet Adam Dorfman of DMC Atlanta (July 17, 2019): Marketing Endeavors owned by Brandie; training/development; July 2003 launch with her support.
- S6 - BBB

Oxford Marketing Solutions, Inc.: Narberth, PA; business started Nov. 1, 1999.
- S8 / public directories

The Sessions Effect - Session 33: Brandie Park (Dec. 5, 2017); iVoox identifies Brandie as CEO/President of AGI Atlanta and notes recording at 600 Global.
- Aurora Firm

Current public site describes Brandie Park as a business coach/strategist and states responsibility for 200+ branch sales offices nationally; used only as later context.

SOURCE-INTEGRITY NOTE The direct Brandie -> Sessions arrow remains "confirmed in archive" until the primary audio/timestamp is preserved. Public sources corroborate the surrounding story, not the missing sentence itself.

BRANCH 02

Michael Sessions -> Cody Staton / TRIEC

The 2011 Chicago bridge: launch hubs, address continuity, and the missing direct employment artifact

MAIN ARROW: STRONG

What this dossier is testing

Whether the evidence supports placing Cody Staton / TRIEC immediately downstream of the Michael Sessions organization - and exactly how far the available records allow that conclusion to go.

SCOPE RULE This branch deliberately separates three things: confirmed corporate/address facts, strong organizational inference, and the still-missing direct statement that Cody worked for or was promoted by Michael Sessions.

The branch in one page

The main arrow remains **STRONG**. The newer Illinois hub evidence broadens the Michael Sessions node sideways, but it still does not substitute for a direct Cody Staton employment or promotion record.

1

main unresolved arrow

4

companies at 600 Hunter #250

2

critical address events

1

direct downstream handoff into Branch 01

Working branch map

KEY TAKEAWAY

The evidence supports a Sessions-era environment -> TRIEC handoff strongly enough to keep it in the working tree. The single missing piece is still direct person-to-person proof naming Cody under Sessions.

The Sessions node before TRIEC

This page separates Michael Sessions the person from the successive corporate and operating identities attached to his organization.

Organizational identity line

TREATED AS ORGANIZATIONAL / IDENTITY CONTINUITY - NOT FOUR CHILD COMPANIES

The critical downstream launch event tested in this dossier.
Source: S9 / S10

UPSTREAM BOUNDARY Research-archive notes record Michael Sessions identifying Brandie Park as the person who hired him and Sean Clark as his leader. The exact episode/audio remains a preservation target for Branch 03.

600 Hunter Dr., Suite 250 - the Sessions-era launch hub

September 2 filing work changed the picture: 600 Hunter #250 is now a confirmed multi-company hub surrounding Michael Sessions / MCS2 before the 9450 Bryn Mawr bridge.

Filing sequence

CONFIRMED STRUCTURAL FINDING

Four dated corporate records place relevant entities and principals at the exact same Suite 250 during 2009-2011. That is enough to classify 600 Hunter #250 as a confirmed launch hub.

What the hub supports - and where it stops

Sessions environment -> Keynorth / Rebecca Blatz Exact Suite 250 formation; direct pre-Keynorth personnel bridge still missing.	STRONG
Sessions environment -> Midwest / Shaine Thurman Exact suite + tight May 2010 timing; direct promotion record still missing.	STRONG
Sessions environment -> Chicago Business Strategies / Bryan Shaw Exact suite + Feb. 2011 formation; direct promotion record still missing.	STRONG
600 Hunter #250 as a multi-company hub Four corporate records independently establish the repeated exact-suite pattern.	CONFIRMED

WHY THIS MATTERS FOR BRANCH 02

The hub expands the Sessions node sideways. It does not replace the later 9450 Bryn Mawr evidence that specifically links the Sessions environment to the TRIEC launch window.

MCS2 / Michael Sessions at 600 Hunter #250

The Illinois annual report is the cleanest primary filing anchor for the Sessions-era Oak Brook hub.

H01 - Illinois 2010 annual report

2. **Principal address of Corporation** 600 HUNTER DR SUITE # 250 OAKBROOK IL 60523

3a. **State or Country of Incorporation** IL

3b. **Date Incorporated/Qualified** 06-27-2002

4. **The names and addresses of ALL officers & directors MUST be listed here!**

Officers	
Title	PRESIDENT
	MICHAEL SESSION 104 W 11TH AVE #302 NAPERVILLE IL 60563

DIRECTLY VISIBLE IN THE FILING

- Corporate name: MCS2, Inc.; filing date April 28, 2010; corporation file no. 62319569.
- Registered agent: Michael Christopher Sessions.
- Registered and principal office: 600 Hunter Dr. #250 / Suite #250, Oak Brook, Illinois.
- Michael Sessions is visible as President in the officer section.

WHAT THIS PROVES - AND DOES NOT

It independently anchors Sessions / MCS2 at Suite 250 before later offices formed there. It does not, by itself, establish that Rebecca Blatz, Shaine Thurman, Bryan Shaw, or Cody Staton were personally trained by Sessions.

9450 Bryn Mawr - the 2011 launch-window handoff

This is the evidence that directly connects the Sessions-era organization to Cody Staton / TRIEC in the working genealogy. It remains strong circumstantial lineage, not a confirmed employment statement.

Two records, one critical launch window

Why the timing matters

CURRENT EVIDENCE DECISION

Keep Sessions -> Staton / TRIEC at STRONG. Exact address + precise launch timing materially support organizational lineage, but the missing Cody employment / promotion artifact prevents a CONFIRMED label.

DO NOT WRITE

"Cody Staton worked for Michael Sessions" as a settled fact. The current record does not directly say that.

What we know about Cody before, during, and after TRIEC

The targeted closure search adds useful context but still does not expose the employer names in Cody's pre-TRIEC Greater Chicago experience.

Dated personal chronology

TARGETED SEARCH RESULT

Repeated exact-name searches using Michael Sessions, Marketing Sessions, MCS2, 600 Global, SalesCore, 9450 Bryn Mawr, and 2010-2011 account-executive language did not surface a resume, staff page, promotion announcement, or interview explicitly naming Sessions as Cody's employer or trainer.

MOST VALUABLE NEXT CLUE Identify the employer names attached to Cody's two earlier Greater Chicago Area roles. If either resolves to Marketing Sessions, MCS2, 600, or a clearly connected Sessions office, A05 could be upgraded.

What is confirmed, strong, and still open

The matrix keeps the 600 Hunter hub, the Sessions -> TRIEC arrow, and the downstream Lefeld evidence from being visually conflated.

Relationship grades

ID	Relationship / finding	Grade	Core support
A04	Brandie Park -> Michael Sessions	CONFIRMED IN ARCHIVE	Sessions podcast research notes identify Brandie as the person who hired him; exact audio still to preserve.
H06	600 Hunter #250 multi-company hub	CONFIRMED	Four corporate records place relevant entities/principals at the exact Suite 250 during 2009-2011.
H-B	Sessions env. -> Blatz / Thurman / Shaw	STRONG	Exact-suite formation pattern around the MCS2 anchor; direct person-to-person promotion records missing.
A05	Michael Sessions -> Cody Staton / TRIEC	STRONG	9450 Bryn Mawr overlap in the precise Aug.-Sep. 2011 TRIEC launch window.
A06	Cody Staton / TRIEC -> Michael Lefeld	CONFIRMED IN ARCHIVE	TRIEC social archive places Lefeld inside the organization before the M4I owner line.
C01	Cody + Lefeld -> Clear Vision	CONFIRMED CROSSOVER	Aug. 18, 2014 company release names both as Clear Vision managing partners; not a parent-child arrow.

HOW TO READ THIS

A05 is the only unresolved arrow on the main branch shown here. H06 is a confirmed location pattern, not proof of personal mentorship. A06 is stronger because it has direct person-to-office evidence.

What the dossier can say - and what it cannot

This branch is strongest when the visual structure makes the evidentiary limits obvious instead of hiding them in footnotes.

Supported conclusions

- MCS2 / Michael Sessions is directly anchored at 600 Hunter Dr., Suite 250 by the April 28, 2010 Illinois annual report.
- 600 Hunter #250 is a confirmed multi-company launch hub based on four corporate records spanning August 2009 through February 2011.
- The Sessions organization is preserved in the research archive at 9450 Bryn Mawr during the same 2011 period in which TRIEC launched.
- TRIEC began and incorporated on August 16, 2011, with Cody Staton as President/CEO; historical directory material includes 9450 Bryn Mawr in its address history.
- The address/timing combination strongly supports organizational lineage from the Sessions environment to TRIEC, but no direct Sessions -> Cody employment statement has been recovered.
- TRIEC later provides a direct downstream link to Michael Lefeld, and the 2014 Clear Vision record reconnects Cody and Lefeld in a later management structure.

Do not overstate

- Do not say Cody Staton worked for Michael Sessions as a confirmed fact until a resume, staff page, promotion post, interview, payroll record, or equivalent direct artifact is found.
- Do not turn the 600 Hunter address cluster into three confirmed mentorship arrows. The hub is confirmed; the person-to-person arrows remain strong.
- Do not assume TRIEC legally succeeded, renamed, or was owned by a Sessions corporation solely because of the 9450 Bryn Mawr overlap.
- Do not place Clear Vision between TRIEC and M4I / League as a parent node. It is a later crossover record.

Scope note: this dossier maps business genealogy and evidence continuity; it does not make a finding of illegality or wrongdoing.

What would actually close Sessions -> Cody

The goal is not more volume. It is one direct artifact that identifies Cody's immediate pre-TRIEC office or trainer.

Priority targets

1

Resolve Cody's two hidden Greater Chicago employers

Use archived LinkedIn/profile mirrors, resumes, staff pages, job-board caches, conference rosters, and people-search snippets from roughly 2009-Aug. 2011.

WHY IT MATTERS: Potentially converts A05 from STRONG to CONFIRMED.

2

Recover the original 9450 Bryn Mawr Sessions page

Preserve the archived page or screenshot behind RA1 showing the Sessions organization at 9450 Bryn Mawr and its September 2011 move.

WHY IT MATTERS: Makes the address bridge independently auditable.

3

Find a TRIEC launch / promotion announcement

Target August-September 2011 social posts, staff pages, press releases, recruiting pages, or cached job ads naming Cody and where he came from.

WHY IT MATTERS: Could directly identify the parent office.

4

Preserve Illinois address-transition filings

Collect filing images for Sessions entities and TRIEC around the 2011 Bryn Mawr transition, including any registered-office changes.

WHY IT MATTERS: Tightens chronology even if the direct employment record stays missing.

5

Search 9450 Bryn Mawr personnel and campaign traces

Look for 2010-2011 job ads, campaign references, Quill/client pages, office photos, staff lists, or contemporaneous directory captures.

WHY IT MATTERS: May reveal Cody inside the Sessions environment before TRIEC.

SINGLE MOST VALUABLE FIND Any contemporaneous source that says Cody Staton worked for, was trained by, was promoted by, or launched from Michael Sessions / Marketing Sessions / MCS2 / 600 before August 16, 2011.

BRANCH 01

PALETTA -> LEAGUE -> LEFELD -> TRIEC

Visual dossier for the strongest modern portion of the Paletta genealogy.

Built to separate direct evidence, corroboration, organizational continuity, and remaining gaps.

TRIEC GROUP

Cody Staton | 2011

MICHAEL LEFELD

documented inside TRIEC

M4I / NORTH 312

main lineage links

1
confirmed management crossover

2
important address signals

Working branch tree

KEY TAKEAWAY

For both Cody and Mike, the dated personal evidence we currently have runs through TRIEC before the August 2014 Clear Vision managing-partner record. That strengthens their continuing relationship, but does not establish a legal succession or exclusive employment sequence.

From TRIEC launch to Paletta - with Clear Vision crossover

The updated chronology separates the main Lefeld owner line from the later Clear Vision management crossover.
Branch timeline

ORDER CLARIFIED

Clear Vision Communications existed before TRIEC, but the dated evidence for Cody and Mike personally places them in TRIEC first and together as Clear Vision managing partners later, in August 2014. Roles may have overlapped.

Two locations, two different evidentiary values

Address overlap is corroboration, not automatic proof. Exact-suite continuity carries more weight than sharing a building.

1. Exact-suite handoff: 4849 N. Milwaukee Ave., Suite 407

Why it matters A06 independently places Lefeld at TRIEC. The exact-suite handoff therefore corroborates an already identified person-to-office relationship instead of carrying the inference by itself.

2. Same-building continuity: 500 Park Blvd., Itasca

This overlap supports continuity around the League/Paletta relationship, but it is weaker than the Milwaukee evidence because the current Paletta source does not establish the same exact suite.

ADDRESS-EVIDENCE SCALE

WEAK	same metro/building only	MODERATE	same suite, no person link	STRONG	same suite + person/timing link
-------------	--------------------------	-----------------	----------------------------	---------------	---------------------------------

Who and what is actually in this branch

These cards distinguish people, legal/business entities, and organizational identities so the tree does not collapse them into one thing.

IDENTITY DISCIPLINE

The dossier does not automatically treat a person, a corporation, a brand name, and an operating organization as interchangeable. M4I / North 312 / League is therefore labeled as organizational continuity unless the underlying legal filings establish a more specific mechanism.

Clear Vision is a crossover node, not a new parent

The August 2014 Clear Vision source is important because it independently names Cody Staton and Mike Lefeld together again after the TRIEC / M4I transition.

What the new source directly establishes

CV1 - Clear Vision Communications company release | Aug. 18, 2014

- Stephen Scott is described as a Clear Vision Cleveland partnering manager.
- The release names three Clear Vision managing partners: Meshak Faton, Cody Staton, and Mike Lefeld.
- This is a dated, public, company-attributed source placing Cody and Mike in the same management structure in 2014.

Documented personal order

CODY STATON

MIKE / MICHAEL LEFELD

WHAT THIS CHANGES

The branch should no longer depict Cody and Mike as if their relationship ended at the TRIEC -> M4I handoff. The 2014 Clear Vision record shows a later shared management connection. It is best drawn as a crossover node beside the main lineage.

WHAT IT DOES NOT PROVE

It does not prove that either person left TRIEC or M4I for Clear Vision, that Clear Vision parented the League line, or that the roles were exclusive rather than overlapping.

What supports each arrow - updated

The Clear Vision record is treated as a crossover relationship, not forced into the parent-child lineage.

ID	Relationship	Status	Core support	Remaining gap
A06	TRIEC -> Lefeld	CONFIRMED	TRIEC social archive places Lefeld inside the organization; Cydcor corroborates 2012 start.	Insert exact Jan. 2013 post.
A07	TRIEC -> M4I / Lefeld	CONFIRMED SUPPORT	Exact Suite 407 handoff plus independent person link from A06.	Insert full M4I filing image.
ID	M4I -> North 312 -> League	CONTINUITY	RA3 plus League founder history; successive organizational identities.	Clarify legal mechanism.
C01	Cody + Lefeld -> Clear Vision	CONFIRMED CROSSOVER	Aug. 18, 2014 Clear Vision company release names Cody Staton and Mike Lefeld as managing partners.	Find start/end dates; clarify overlap and Meshak Faton role.
A08	League -> Watson / Paletta	CONFIRMED	League personnel archive + Paletta founder bio.	Insert exact pre-May-2024 League artifact.
S2	Cydcor <-> League	CONFIRMED CURRENT	Cydcor identifies League as an independent sales company contracting with Cydcor.	No major gap for current link.

WHY C01 MATTERS

C01 is not an ownership arrow. Its value is relational: it independently reconnects Cody Staton and Michael Lefeld in a later management structure after the TRIEC / M4I evidence, strengthening the continuity of their professional network.

What the updated dossier can say - and what it cannot

The Clear Vision evidence strengthens the relationship between Cody and Mike, but it also requires a more nuanced diagram.

Supported conclusions

- Michael Lefeld is directly placed inside TRIEC by the research archive before the M4I / North 312 / League owner line.
- TRIEC and M4I share the exact 4849 N. Milwaukee Ave., Suite 407 address, with the person link making that overlap highly probative.
- A dated Aug. 18, 2014 Clear Vision company release names Cody Staton and Mike Lefeld together as managing partners; Meshak Faton is named alongside them.
- Clear Vision Communications existed before TRIEC, so the 2014 crossover is not evidence that TRIEC simply became Clear Vision.
- The dated personal evidence currently places Cody at TRIEC before the 2014 Clear Vision role and Mike at TRIEC before the 2014 Clear Vision role.
- The League Global identifies Michael Lefeld as founder; Paletta identifies Thomas Watson as founder in May 2024; Cydcor currently anchors League in its contracting model.

Do not overstate

- Do not say Mike or Cody "left TRIEC for Clear Vision" unless a source establishes departure and start dates.
- Do not draw Clear Vision as the parent of M4I, North 312, or The League Global based on the 2014 management record alone.
- Do not treat the 2014 Clear Vision roles as necessarily exclusive; the available evidence is compatible with overlapping management responsibilities.
- Do not treat M4I / North 312 / League as statutory renames unless the legal filings establish that mechanism.

Scope note: this dossier maps business genealogy and evidence continuity; it does not make a finding of illegality or wrongdoing.

What to preserve next - updated

The new Clear Vision evidence closes one question about whether Cody and Mike remained connected after TRIEC; it opens a narrower question about the exact 2013-2014 overlap.

Priority targets

1

TRIEC Jan. 2013 Lefeld post

Recover the exact screenshot, URL and date for the recognition artifact behind RA2.

WHY IT MATTERS: Makes A06 independently auditable.

2

2013 M4I filing image

Insert the Illinois filing showing Lefeld / M4I at 4849 N. Milwaukee Ave., Suite 407.

WHY IT MATTERS: Makes A07 self-contained.

3

Pre-May-2024 Watson / League artifact

Recover the exact League post or screenshot placing Thomas Watson in the advancement track before Paletta.

WHY IT MATTERS: Makes A08 independently auditable.

4

Clear Vision role window

Search 2013-2014 Clear Vision staff pages, releases and archived social posts for when Cody Staton and Mike Lefeld first became managing partners; track Meshak Faton as a potential crossover lead.

WHY IT MATTERS: Determines whether the roles overlap TRIEC / M4I and how C01 should be drawn long-term.

Source key added in this revision

- CV1**Clear Vision Communications - "Clear Vision #Ice Bucket Challenge!!" | Aug. 18, 2014 | company-attributed PRLog release
- CV2**Clear Vision Communications - company release / PRNewswire | 2018 | states company founded in February 2007

UPDATED BRANCH INTERPRETATION: In lineage remains TRIEC -> Lefeld / M4I -> North 312 -> League -> Paletta. Clear Vision sits beside that line as a confirmed 2014 management crossover involving Cody and Mike, not as a replacement parent node.

SECTION 2

ILLINOIS HUBS & FIZZLES

Address clusters, short-lived offices, and branch generators

PRINT TAB

ILLINOIS HUBS & FIZZLES

Use this page as the front divider for the section.

SECTION STARTS ON MASTER BINDER PAGE 69

ILLINOIS CLUSTER 01

600 Hunter Dr. #250 Launch Hub

A visual reconstruction of the 2009-2011 Oak Brook exact-suite cluster around Michael Sessions / MCS2, Keynorth Consulting, Midwest Client Consultants, and Chicago Business Strategies.

CORE FINDING

Four corporate records point to the same exact suite.

Keynorth was formed there in 2009. MCS2 / Michael Sessions is documented there in April 2010. Midwest Client Consultants formed there three weeks later. Chicago Business Strategies formed there in February 2011. Together, the filings establish a confirmed multi-company hub and strong owner-launch context.

CONFIDENCE RULE

The hub itself is **CONFIRMED** by four corporate records. The personal arrows from Michael Sessions to Rebecca Blatz, Shaine Thurman, and Bryan Shaw remain **STRONG** because the direct pre-launch employment or promotion artifacts have not yet been recovered.

CLUSTER OVERVIEW

One address, four principals, a 19-month launch window

The significance is the exact suite plus timing - not merely the same office building.

CONFIRMED
600 HUNTER #250 HUB
Four independent corporate records place relevant entities at the exact suite.

STRONG
SESSIONS -> BLATZ
Exact-suite formation; pre-Keynorth personnel artifact missing.

STRONG
SESSIONS -> THURMAN / SHAW
Tight launch timing; direct promotion or employment records missing.

DO NOT OVERSTATE
The hub confirms shared exact-suite use. It does not by itself prove who trained whom or establish legal parent/subsidiary relationships.

2009-2013 SEQUENCE

The timing is what elevates the address pattern

MCS2 existed before 2010, so the annual report does not establish when it first arrived at 600 Hunter. It does establish Sessions at the exact suite during the key launch window.

INTERPRETIVE LIMIT

The sequence is consistent with a shared owner-development environment. The order of personal mentorship among Blatz, Thurman, Shaw, and Sessions is still not directly documented.

H01 | MICHAEL SESSIONS / MCS2

The filing anchors Sessions at Suite 250

This is the central operating record against which the neighboring formation filings are compared.

Corporate file no. 62319569
Registered agent: Michael Christopher Sessions
Registered office: 600 Hunter Dr. #250
Principal address: 600 Hunter Dr. Suite #250
Michael Sessions visible as President

WHAT THIS PROVES

Michael Sessions / MCS2 was operating from the exact Suite 250 in April 2010.

WHAT IT DOES NOT PROVE

MCS2 was incorporated earlier, so this filing does not establish that April 2010 was the company's first day at 600 Hunter. It also does not prove that every later principal at the suite was personally trained or promoted by Sessions.

Source: Illinois 2010 annual report preserved as H01 / RA17 in the evidence binder.

H05 | THE EARLIEST FORMATION IN THE CLUSTER

Keynorth starts at Suite 250 before the 2010 MCS2 filing

This makes the hub a shared environment, not a simple chronological story in which MCS2 first arrives and every later office follows.

Keynorth Consulting, Inc.

Initial registered agent: Rebecca Blatz
Initial registered office: 600 Hunter Dr., Suite 250
Corporate file no. 66991008
Later agent-address move: 1211 W 22nd St. #905 on Jan. 24, 2012
Dissolved Jan. 13, 2017

LINEAGE GRADE

Sessions environment -> Keynorth: STRONG

Exact-suite formation materially supports the relationship, but the direct pre-Keynorth employment / promotion record for Rebecca Blatz is still missing.

WHY KEYNORTH MATTERS LATER

Keynorth becomes one of the clearest bridges from Stage 1 (600 Hunter #250) into Stage 2 (1211 W 22nd #905). That later Suite 905 address is shared by Chicago Business Strategies and eventually Three Point Executives, making Keynorth a geographic connector between the two Oak Brook clusters.

H02 + H03 | A LAUNCH THAT BECAME A LONG-RUNNING ENTITY

Midwest Client Consultants is not a fizzle

The company formed at Suite 250 in May 2010, then persisted for more than fourteen years with Shainé Thurman repeatedly documented in officer roles.

Every artifact identifies 600 Hunter Dr. / Suite 250 in Oak Brook.

WHAT THE HUB PROVES - AND WHAT REMAINS OPEN

Confirmed hub; personnel arrows still open

The strongest presentation is to let the address cluster stand on its own and keep the three personal training arrows visibly qualified.

600 Hunter #250 multi-company hub**CONFIRMED**

Four corporate records, exact suite, 2009-2011

Sessions environment -> Rebecca Blatz / Keynorth**STRONG**

Exact-suite formation; direct prior-employment artifact missing

Sessions environment -> Shaine Thurman / Midwest**STRONG**

Three-week 2010 timing + exact suite; direct promotion artifact missing

Sessions environment -> Bryan Shaw / CBS**STRONG**

2011 exact-suite formation + later Quill evidence; direct personnel bridge missing

HIGHEST-VALUE MISSING ARTIFACT

A pre-launch resume, promotion announcement, payroll/employment record, or first-person statement for Rebecca Blatz, Shaine Thurman, or Bryan Shaw naming Michael Sessions / Marketing Sessions / MCS2 / 600 would upgrade the corresponding personal arrow from STRONG to directly documented.

NEXT CLUSTER

Illinois Cluster 02 should follow the address movement into 1211 W 22nd St., Suite 905: Keynorth -> Chicago Business Strategies -> Three Point Executives, with Quill and the Rebecca Blatz / Red Bay evidence separated by source type.

ILLINOIS CLUSTER 02

1211 W. 22nd St. #905 Cluster

A visual reconstruction of the second-stage Oak Brook cluster linking Keynorth, Chicago Business Strategies, Three Point Executives, Quill, and the Rebecca Blatz / Red Bay orbit.

CORE FINDING

Suite 905 emerges as the second-stage Oak Brook cluster.

Keynorth shifts into Suite 905 in January 2012. Chicago Business Strategies later follows. Three Point Executives forms there in 2015. Quill campaign evidence and the Rebecca Blatz / Red Bay material turn the address from a simple mailing overlap into a meaningful network cluster.

WHY THIS MATTERS

This cluster shows how the earlier 600 Hunter launch hub extends into a second Oak Brook address. Here, legal entities, operating identities, and campaign evidence intersect: Keynorth, Chicago Business Strategies, Red Bay, and Three Point all sit inside the same broader orbit, but not every internal handoff is fully closed.

S01-S03 | THE 600 HUNTER -> SUITE 905 HANDOFF

The second-stage Oak Brook cluster appears through a sequence of address moves and one later office launch.

Keynorth moves first, Chicago Business Strategies follows, and Three Point arrives later as a short-lived Quill-linked office.

WHAT IT DOES NOT PROVE

The address sequence alone does not resolve every personal handoff. The direct parent above Stevan Ivanisevic remains open, and the exact legal mechanism between Red Bay and Keynorth remains open.

CLASSIFICATION — CONFIRMED structural cluster | internal ownership handoffs partly open

S01 | KEYNORTH MOVES INTO SUITE 905

Keynorth is the bridge between Cluster 01 and the Suite 905 cluster.

Its 2012 address move turns the earlier 600 Hunter story into a second-stage Oak Brook cluster.

ADDRESS-CHANGE ANCHOR | JAN 24, 2012

NETWORK CONTEXT

Public material associates Rebecca Blatz with Keynorth, and contemporary campaign evidence pairs Keynorth / Rebecca Blatz with Quill.

WHAT THIS PROVES

Keynorth is the cleanest legal bridge from the 600 Hunter launch hub into the later Suite 905 cluster.

WHAT IT DOES NOT PROVE

The address-change record does not by itself establish Rebecca Blatz’s immediate pre-Keynorth employer or the exact legal relationship between Keynorth and Red Bay.

CLASSIFICATION

CONFIRMED entity-record move | **STRONG** Quill network context

S02 + S04 | CHICAGO BUSINESS STRATEGIES JOINS THE SUITE 905 CLUSTER

A short-lived office moves from the 600 Hunter launch hub into the Suite 905 / Quill orbit.

Chicago Business Strategies connects Bryan Shaw, the 600 Hunter suite, the later Suite 905 address, and independently visible Quill evidence.

Chicago Business Strategies, Inc.

	Formed	Feb. 23, 2011
	Initial registered agent	Bryan Shaw
	Initial registered office	600 Hunter Dr. #250, Oak Brook
	Later agent address	1211 W. 22nd St. #905 by Oct. 18, 2013
	BBB identifies	Bryan Shaw as President
	BBB lists product/service	Quill office supplies
	Dissolved	Jul. 11, 2014

LATER NETWORK OVERLAP

Rebecca Blatz uploaded Chicago Business Strategies office-photo evidence in March 2012, placing her visibly inside the same office ecosystem.

WHAT THIS PROVES

Chicago Business Strategies is a dated legal-entity bridge from the 600 Hunter environment into the Suite 905 cluster, with independent Quill campaign evidence.

WHAT IT DOES NOT PROVE

The record does not, by itself, prove the exact Bryan Shaw -> Michael Sessions employment chain or the full legal relationship among Chicago Business Strategies, Keynorth, and Red Bay.

CLASSIFICATION

STRONG Sessions-branch support | **CONFIRMED** later Suite 905 overlap | **CONFIRMED** open-source Quill evidence

S06-S07 | THE RED BAY OPERATING-IDENTITY QUESTION

Red Bay sits inside the Rebecca Blatz / Keynorth orbit, but the legal mechanism remains open.

This page separates worker testimony and operating-identity evidence from formal entity-record proof.

1. PUBLIC-FACING IDENTITY

Red Bay appears as a public-facing identity during the same era. Worker-facing public material identifies Rebecca Blatz as CEO.

EVIDENCE SNAPSHOT

- Red Bay group materials reference Rebecca Blatz as CEO.
- Timing aligns with Keynorth's Suite 905 period (2011–2012).
- Supports operating-identity overlap within the same orbit.

2. FIRSTHAND WORKER TESTIMONY

A 2016 worker review reported receiving a W-2 under Keynorth Consulting after working for Red Bay. This is firsthand testimony, not a corporate filing.

EVIDENCE SNAPSHOT

- 2016 worker review (Indeed) states "W-2 under Keynorth Consulting."
- Worker had previously worked for Red Bay.
- Supports shared employment / payroll pathway.

3. WHY IT MATTERS

Together, the evidence strongly suggests operating-identity overlap between Red Bay and Keynorth and places Rebecca Blatz at the center of that orbit.

4. WHAT THIS PROVES

There is strong evidence of Rebecca Blatz / Red Bay / Keynorth continuity at the operating level.

5. WHAT IT DOES NOT PROVE

The current evidence does not fully resolve the exact legal relationship between Red Bay and Keynorth.

CLASSIFICATION

FIRSTHAND TESTIMONY / STRONG operating-identity overlap | formal legal mechanism open

S03 + S05 | THREE POINT EXECUTIVES AND THE QUILL LINK

A genuine fizzles appears at Suite 905 with surviving Quill work-history evidence.

Three Point is the later office in the cluster: short-lived, address-confirmed, and independently tied to Quill.

Three Point Executives, Inc.

Formed Mar. 20, 2015

Registered at 1211 W. 22nd St. #905, Oak Brook

Registered agent: Stevan Ivanisevic

Dissolved Aug. 12, 2016

A surviving employment history identifies an Account Executive Intern for Quill at Three Point

Quill is independently documented as a Cydcor client

WHY THIS MATTERS

Three Point shows that Suite 905 did not merely preserve older paperwork. A new short-lived office appears there, still tied to the same Quill-facing network environment.

WHAT THIS PROVES

Three Point is a confirmed Suite 905 entity and a genuine Illinois fizzle with independently visible Quill work-history evidence.

WHAT IT DOES NOT PROVE

The current record does not yet identify the direct owner or trainer above Stevan Ivanisevic.

GENUINE FIZZLE

CONFIRMED
Suite 905 address

CONFIRMED
work-history Quill evidence

parent open

WHAT THE SUITE 905 CLUSTER PROVES - AND WHAT REMAINS OPEN

This is a confirmed second-stage structural cluster, but some internal handoffs remain open.

The strongest presentation is to separate legal-entity facts, campaign evidence, and worker testimony rather than collapsing them into one unsupported chain.

1. Keynorth -> 1211 W. 22nd St. #905

CONFIRMED EMPLOYMENT HISTORY

6. Red Bay worker -> Keynorth W-2

FIRSTHAND TESTIMONY / STRONG

7. Rebecca Blatz / Red Bay / Chicago Business Strategies continuity

STRONG

HIGHEST-VALUE MISSING ARTIFACTS

The best remaining closure items are: a direct corporate/brand handoff record linking Red Bay and Keynorth; and direct personnel evidence identifying the immediate owner or trainer above Stevan Ivanisevic.

BOTTOM LINE

Suite 905 is a real Oak Brook cluster. Keynorth provides the bridge from Cluster 01, Chicago Business Strategies carries Quill forward, Red Bay shows a Rebecca-centered operating orbit, and Three Point becomes the later fizzle office.

Impact Executives / Adam Balsinger / CORConcepts

A visual reconstruction of a separate Illinois branch linking CORConcepts, Adam Balsinger, and Impact Executives outside the Oak Brook clusters.

CORE FINDING

A clean Illinois fizzles emerges through direct person-to-company connection

Impact Executives sits outside the 600 Hunter / Suite 905 clusters, but it is one of the clearest Illinois branch examples found so far. Adam Balsinger is independently placed at CORConcepts before becoming Impact president, and Impact later appears at the same 750 N Orleans suite.

CONFIDENCE RULE

The branch itself should be presented as CONFIRMED / VERY STRONG. The remaining open issue is not whether Adam Balsinger launched Impact, but how to explain the apparent 2007 president start date that predates the 2010 Illinois legal formation.

The clearest presentation is a person-to-company sequence: a Cydcor-labeled predecessor environment, Adam Balsinger’s own career chronology, and then the Impact legal entity.

WHY THIS BRANCH IS IMPORTANT

Many branches in the investigation rely mainly on address overlap. This one is stronger because Adam Balsinger is independently placed at the predecessor office before later appearing as the leader of a separate Illinois entity.

WHAT THIS PROVES

The evidence strongly supports a working lineage of Cydcor -> CORConcepts -> Adam Balsinger -> Impact Executives.

WHAT IT DOES NOT PROVE

The current sources do not fully resolve the exact operating mechanism behind the apparent 2007 Impact president start date or document every intermediate corporate step before the 2010 Illinois filing.

CLASSIFICATION — **CONFIRMED / VERY STRONG branch | person-to-company continuity | timing question partly open**

CORConcepts provides the direct predecessor environment

This page isolates the office context in which Adam Balsinger is independently placed before the Impact entity appears.

CORConcepts, Inc.

Known address:
750 N Orleans St., Suite 001, Chicago

Business model:
outsourced face-to-face sales

Training focus:
management training and leadership development

Open-source employee history visible

Surviving resume explicitly labels
“CORCONCEPTS, INC (Cydcor)”

Adam Balsinger career history:
Sales Professional / Team Leader,
May 2006–Oct. 2007

NETWORK CONTEXT

CORConcepts matters because it is not just a same-address connection. It is the predecessor environment in which Adam Balsinger’s pre-Impact work history is independently placed.

WHAT THIS PROVES

CORConcepts is the strongest identified predecessor office for the Impact branch, and it is explicitly connected to the Cydcor environment in surviving archival material.

WHAT IT DOES NOT PROVE

This page does not by itself establish the full legal history of CORConcepts or resolve even internal ownership detail beyond the available archived material.

CLASSIFICATION

CONFIRMED Cydcor-labeled predecessor environment |
CONFIRMED pre-Impact Balsinger placement

Impact executives recorded the separate Illinois history

The Illinois legal record turns the person-to-company branch into a dated, short-lived office.

Impact Executives, Inc.

Formed: Feb. 9, 2010

Registered agent: Adam Balsinger

Registered office: 750 N Orleans St., Suite L-001 / Suite 1, Chicago

BBB identifies Adam Balsinger as President

BBB describes a sales organization

Dissolved: Jul. 13, 2012

Legal lifespan: ~2 years 5 months

WHY THIS MATTER

Impact is one of the cleanest Illinois fizzle examples because the leader, the predecessor environment, and the address continuity all line up unusually well.

WHAT THIS PROVES

Impact Executives is a confirmed Illinois entity led by Adam Balsinger and operating from the same 750 N Orleans address orbit as CORConcepts.

WHAT IT DOES NOT PROVE

The filing alone does not explain whether Impact was already operating in some form before 2010 or identify every internal corporate transition behind the office.

CLASSIFICATION

GENUINE FIZZLE | CONFIRMED Illinois entity record | CONFIRMED Balsinger leader

structural corroboration.

The address continuity does not stand alone, but it reinforces the person-to-company chronology with a same-building, near-exact-suit

WHAT THIS SEQUENCE PROVES

- ✓ The address continuity is not random.
- ✓ Impact sits in the same 750 N Orleans orbit as CORConcepts.
- ✓ The structural corroboration reinforces the Adam Balsinger branch sequence.

WHAT IT DOES NOT PROVE

The address sequence alone does not explain the gap between the 2007 president start and the 2010 Illinois legal formation, and it does not document every intermediate corporate step.

CLASSIFICATION —

CONFIRMED structural corroboration | very strong person chronology | pre-2010 operating history partly open

with one timing question still open.

The strongest presentation is to separate what is confirmed, what is very strong, and what still needs a closure artifact.

	1	CORCONCEPTS, INC (Cydcor) appears in surviving resume material	CONFIRMED ARCHIVE OPEN SOURCE
	2	Adam Balsinger is placed at CORConcepts before Impact	CONFIRMED CAREER HISTORY
	3	Impact Executives forms in Illinois on Feb. 9, 2010	CONFIRMED ENTITY RECORD
	4	Adam Balsinger is the Impact registered agent / visible leader	CONFIRMED ENTITY RECORD + OPEN SOURCE
	5	CORConcepts and Impact share the 750 N Orleans address orbit	VERY STRONG ADDRESS CORROBORATION
	6	Impact president start appears in Oct. 2007, before 2010 legal formation	OPEN TIMING DISCREPANCY

HIGHEST-VALUE MISSING ARTIFACT

The best closure item would be a pre-2010 operating document, payroll artifact, archived company page, or first-person statement explaining how the apparent 2007 Impact presidency relates to the later 2010 Illinois legal filing.

BOTTOM LINE

Impact Executives should be presented as a separate, clean Illinois branch:
Cydcor -> CORConcepts -> Adam Balsinger -> Impact Executives.
The only major remaining question is how to narrate the pre-2010 operating history without overstating it.

Illinois Fizzles & Branch Generators Overview

A visual synthesis of the short-lived Illinois offices and the launch environments that produced them.

CORE FINDING

Illinois shows both rapid office churn and identifiable launch environments.

The strongest Illinois pattern is not a single office but a network behavior. Short-lived entities such as Impact Executives, Three Point Executives, and Chicago Business Strategies appear alongside launch environments like 600 Hunter / Suite 250, 1211 W. 22nd St. / Suite 905, and CORConcepts at 750 N Orleans.

 IMPACT EXECUTIVES 02/09/2010–07/13/2012 ~2y 5m GENUINE FIZZLE	 THREE POINT EXECUTIVES 03/20/2015–08/12/2016 ~17 months GENUINE FIZZLE	 CHICAGO BUSINESS STRATEGIES 02/23/2011–07/11/2014 ~3y 4m SHORT-LIVED / NEAR-FIZZLE	 BRANCH GENERATOR 600 HUNTER / SUITE 905 / CORCONCEPT STRUCTURAL HU
--	---	--	--

SECTION FOCUS

Compare Illinois offices by lifespan, branch logic, and evidentiary strength without forcing unsupported parent arrows.

The churn pattern becomes visible when the offices are compared by lifespan.

Plot the short-lived entities directly and keep the launch environments separate as structural context.

OFFICE / ENTITY	LIFESPAN TIMELINE	START	END	DURATION	CLASSIFICATION	NOTE
 Impact Executives		02/09/2010	07/13/2012	~2 years 5 months	GENUINE FIZZLE	Separate 750 N branch
 Chicago Business Strategies		02/23/2011	07/11/2014	~3 years 4 months	SHORT-LIVED / NEAR-FIZZLE	600 Hu origin; Suite 9
 Three Point Executives		03/20/2015	08/12/2016	~17 months	GENUINE FIZZLE	Suite 9 Quill or

HOW TO READ THIS PAGE

This comparison charts only the short-lived Illinois offices.
600 Hunter / Suite 250, 1211 W. 22nd / Suite 905, and CORConcepts at 750 N Orleans are structural hubs or predecessor environments, not the fizzles themselves.

WHAT THIS SHOWS

- Impact and Three Point are genuine short-life entities.
- Chicago Business Strategies is slightly longer-lived but still part of the churn pattern.

WHY IT MATTERS

- The Illinois investigation is not one isolated office.
- It is a repeatable pattern of short-lived offices appearing around identifiable launch environments.

and a separate Chicago branch pattern.

One side is driven by shared launch hubs and address continuity.
The other is a clean person-to-company branch built through CORConcepts and Adam Balsinger.

A

PATTERN A — OAK BROOK CLUSTER

Michael Sessions / MCS2

→

600 Hunter Dr. #250

→

Chicago Business Strategies / Bryan Shaw

CORConcepts

→

Adam Balsinger

→

Impact Executives

750 N Orleans same-building continuity reinforces the sequence.

This branch is stronger than a simple address overlap because the leader is independently placed before the Impact entity appears.

Confirmed / very strong person-to-company branch

BRANCH-GENERATOR LEADS

CORConcepts employee-history material also points to later-owner leads Chrysanthi Halkiotis -> Vivid Marketing and Kevin Smith -> KCS Concepts. These are preserved as research targets rather than fully built branches.

CYDCOR FAMILY TREE INVESTIGATION | ILLINOIS SECTION 04

Illinois fizzle overview | September 4

MASTER 94

classified without forcing the evidence.

Keep the statuses disciplined: confirmed where supported, strong where corroborated, and open where a closure is still missing.

#	OFFICE / FOCUS	STATUS	WHAT PROVES IT	WHAT REMAINS (
1	 Impact Executives / Adam Balsinger	 CONFIRMED BRANCH / GENUINE FIZZLE	 Illinois filing, Adam Balsinger career history, and 750 N Orleans continuity	 Explain app Oct. 2007 president s versus Feb. Illinois form
2	 CORConcepts -> Adam Balsinger -> Impact	 CONFIRMED / VERY STRONG	 Resume labels CORConcepts as Cydcor; Balsinger is independently placed there before Impact	 Preserve th key source artifacts.
3	 Three Point Executives / Stevan Ivanisevic	 GENUINE FIZZLE / ~17 MONTHS	 Illinois filing and Quill intern history at Three Point	 Immediate trainer / ow above Stev remains op
4	 Chicago Business Strategies / Bryan Shaw	 SHORT-LIVED / NEAR-FIZZLE	 Illinois filings, Quill BBB evidence, later Suite 905 overlap	 Keep separa from its hub exact Bryan -> Michael S employment statement st missing.
5	 CORConcepts branch-generator leads	 RESEARCH TARGET	 Employee-history material points to Chrysanthi Halkiotis -> Vivid Marketing and Kevin Smith -> KCS Concepts	 Develop th as later bra dossiers if needed.
 BOTTOM LINE Illinois can now be presented as a combination of address-cluster evidence, clean branch evidence and short-lived entity comparison. The next logical step is a dedicated Illinois Fizzle Overview PDF or a move into the broader side-branch sections.				

SECTION 3

FILING INFRASTRUCTURE

Samantha Jackson / Meriam corporate filing activity - not parent ownership

PRINT TAB

FILING INFRASTRUCTURE

Use this page as the front divider for the section.

SECTION STARTS ON MASTER BINDER PAGE 96

SECTION 06

Samantha Jackson / Meriam Corporate Services Filing Infrastructure

A controlled visual dossier explaining why Samantha Jackson is a valuable cross-state filing signal - but not a parent-owner node in the working family tree.

CORE FINDING

A filing trail is not a mentorship arrow.

The research initially made Samantha Jackson look like a possible hidden owner because her name recurs in direct-sales corporate records across several states. The deeper review instead points to Meriam Corporate Services and a corporate-formation / filing role. Her name helps discover offices; separate evidence is still required to establish who trained, promoted, or owned whom.

J01 | THE FILING-SERVICE NODE

The deeper review changes Samantha Jackson from a suspected hidden owner into filing infrastructure.

Repeated filing names can reveal a network without proving genealogy.

WHAT THE RECORD SUPPORTS

- 1

2010

Midwest Client Consultants filing lists Samantha as incorporator.
- 2

APR 21, 2011

Meriam Corporate Services, Inc. forms in Arizona under Samantha Jackson.
- 3

2012

Her name appears in West Virginia and Alabama sales-office formation records.
- 4

2016

She appears as incorporator / authorizer in ABC Consultants Group in Georgia.

MERIAM CORPORATE SERVICES

Samantha Jackson

FORMED

Apr. 21, 2011

STATE

Arizona

ROLES

President/CEO, director, shareholder, statutory agent

FILING ADDRESS

PO Box 52588, Mesa, AZ

WHAT THIS PROVES

- Meriam provides a concrete explanation for Samantha's recurring filing presence.
- The repeated name is useful for discovering related offices across states.
- Official filings can confirm entity dates, listed principals, and Samantha's filing role.

WHAT THIS DOES NOT PROVE

- That Samantha owned or supervised the sales offices she helped form.
- That two Samantha-filed companies are parent and child.
- That one listed operating principal trained or promoted another.

J02-J06 | REPEATED FORMATION RECORDS

The recurring filing pattern spans multiple states and multiple operating principals.

Dashed connections below may indicate ownership, mentorship, or a direct operating chain.

METHOD | DISCOVERY INFRASTRUCTURE VS. GENEALOGY

Filing evidence is powerful when used for the right question.

The Samantha trail tells us how to look next. It becomes family tree evidence only if you use it

USE IT FOR

- 1 Discovering offices that may share a corporate-formation vendor.
- 2 Confirming filing dates and listed operating principals.
- 3 Prioritizing cross-state comparisons and historical searches.
- 4 Finding candidate branches that warrant employment / promotion research.
- 5 Building a controlled company list for later campaign, address, and personnel comparison.

DO NOT USE IT ALONE FOR

- 1 Claiming Samantha Jackson owned the sales office.
- 2 Drawing a parent/child arrow between two Samantha-filed entities.
- 3 Claiming one principal trained, promoted, or supervised another.
- 4 Calling the filing company a Cydcor subsidiary without separate proof.
- 5 Upgrading an archive lead merely because the same formation service appears again.

WHEN DOES IT BECOME GENEALOGICAL EVIDENCE?

Only when a second evidence type connects the operating people: employment history, promotion / opening announcement, campaign continuity, exact-suite launch evidence, or first-person testimony. Samantha's filing trail can point toward the bridge; it cannot substitute for the bridge.

J07-J08 | WHAT THE FILING TRAIL OPENED

The filing trail produces three major follow-up lanes without becoming the parent of any of them.

Each lane starts with a filing-supported company; later owner-development handoffs stay at their own

CHICAGO CROSSOVER - ALREADY STRENGTHENED ELSEWHERE

Samantha's Midwest Client Consultants filing connects the trail directly to the 600 Hunter research. The separate Stevan Ivanisevic / Three Point / Quill investigation became much stronger through the Suite 905 evidence, not through Samantha's name.

CONTROL PANEL | J01-J08

The Samantha section works only if filing status and lineage status stay visibly separate.

This page is the audit-friendly decision table for what is confirmed, what is secondary, and what remains an archive lead.

J01	Meriam Corporate Services / Samantha Jackson	CONFIRMED	AZ profile Preserve profile
J02	Midwest Client Consultants - Illinois	CONFIRMED	Incorporator Cross-ref H02
J03	Supreme Management Group - West Virginia	CONFIRMED	Incorporator Preserve WV filing
J04	ABC Consultants Group - Georgia	CONFIRMED	Incorporator / authori Preserve GA filing
J05	MBA Direct - Alabama	SECONDARY	Corporate directory Find official filing
J06	Birmingham Business Acquisitions - Alabama	SECONDARY	Corporate directory Find official filing
J07	Bluefield follow-up	ARCHIVE LEAD	Mack -> Palmer(s) -> N Preserve handoffs
J08	Birmingham follow-up	ARCHIVE LEAD	Figueroa -> Johnson -> Preserve handoffs

BOTTOM LINE

A valuable breadcrumb - not a family-tree arrow.

Samantha Jackson / Meriam Corporate Services belongs in the binder as discovery infrastructure. It explains why her name repeats across geographically separate sales offices and gives us a disciplined gateway into Bluefield, Birmingham, and ABC/NX Direct without inventing a hidden parent company.

SECTION 4

SIDE BRANCHES 01-07

Bluefield, Birmingham, ABC/NX, Brandie/AGI, ICON, and Sky branches

PRINT TAB

SIDE BRANCHES 01-07

Use this page as the front divider for the section.

SECTION STARTS ON MASTER BINDER PAGE 103

SIDE BRANCH 01

Bluefield

Supreme Management Group -> Marcus Mack -> Palmer(s) -> NXT Level Solutions

A controlled reconstruction of the West Virginia branch uncovered through Samantha Jackson's filing-infrastructure trail.

CORE FINDING

The branch has a confirmed starting node - but the downstream genealogy is not yet closed.

West Virginia records confirm Supreme Management Group in Bluefield with Marcus Mack as President and Samantha Jackson as incorporator. The later Marcus Mack -> John/Wes Palmer -> NXT Level Solutions sequence remains a research-archive lead until the personnel handoffs are separately preserved.

AUG 29, 2012

SUPREME MGMT

Bluefield, WV

2012

MARCUS MACK

President

ARCHIVE LEAD

PALMER(S)

John / Wes

ARCHIVE LEAD

NXT LEVEL

downstream

CONFIDENCE RULE

Only the filing/company starting point is confirmed. The Palmer and NXT arrows are shown as archive leads, not as proven parent-child handoffs.

B01 | CONFIRMED STARTING NODE

Supreme Management Group gives the Bluefield branch a primary-record anchor.

This page isolates what the West Virginia corporate record establishes before any downstream owner-development inference is added.

SUPREME MANAGEMENT GROUP, INC.

Effective date	Aug. 29, 2012
State	West Virginia
Location	2980 Big Laurel Hwy, Ste A-3, Bluefield, WV 24701
President	Marcus Mack
Incorporator	Samantha Jackson
Incorporator address	PO Box 52588, Mesa, AZ 85208
WV record status	Revoked Nov. 1, 2013 for failure to file annual report

WHAT THIS PROVES

A state record directly links Supreme Management Group, Bluefield, Marcus Mack, and Samantha Jackson's incorporator role.

WHAT IT DOES NOT PROVE

It does not show that Samantha Jackson owned or supervised the sales office.

CLASSIFICATION

CONFIRMED corporate starting node | CONFIRMED Mack presidency | CONFIRMED filing-infrastructure link

Source basis: West Virginia Secretary of State organization record (org 311908), corresponding to binder source S28.

The official record confirms the organization details above; the branch genealogy beyond Marcus Mack requires separate evidence.

J03 | SAMANTHA JACKSON -> SUPREME MANAGEMENT GROUP

The Samantha connection is a filing trail, not a mentorship arrow.

This distinction is essential because the Bluefield branch was discovered through incorporation records rather than a personnel history.

B02 | THE DOWNSTREAM BLUEFIELD SEQUENCE

The archive suggests a three-step downstream sequence, but the handoffs remain open.

The correct visual treatment is to separate the confirmed Supreme/Mack node from the later Palmer and NXT research leads.

1. Supreme -> Marcus Mack

CONFIRMED

WV SOS record names Mack as President.

2. Marcus Mack -> Palmer(s)

OPEN / ARCHIVE LEAD

Binder RA22 preserves this sequence, but the direct employment/promotion artifact has not yet been inserted.

3. Palmer(s) -> NXT Level Solutions

OPEN / ARCHIVE LEAD

The branch target is preserved in RA22; a biography, staff page, corporate filing, or launch announcement is still needed.

BOTTOM LINE

Do not draw a solid family-tree arrow from Mack through the Palmers to NXT until those personnel handoffs are separately preserved.

E01 | WHAT IS PROVEN VS. WHAT REMAINS OPEN

The Bluefield branch currently has one confirmed corporate anchor and two unresolved genealogy steps.

Supreme Management Group - WV formation	CONFIRMED	Official WV record
Marcus Mack - President of Supreme	CONFIRMED	Official WV record
Samantha Jackson - incorporator	CONFIRMED	Official WV record / S28
Marcus Mack -> John/Wes Palmer	ARCHIVE LEAD	RA22; direct personnel artifact still needed
John/Wes Palmer -> NXT Level Solutions	ARCHIVE LEAD	RA22; direct launch/employment artifact still needed
HIGHEST-VALUE MISSING ARTIFACTS 1) a Marcus Mack / Palmer employment or promotion record; 2) a Palmer biography or launch page tying the relevant person directly to NXT Level Solutions; 3) NXT corporate records identifying the operating principal and launch date.		

R01 | HOW TO CLOSE THE BLUEFIELD BRANCH

The next research pass should target people-to-company handoffs, not more filing-service repetition.

The filing trail has already done its job: it found Supreme Management Group. The remaining task is genealogy.

1

MACK -> PALMER

Find archived staff bios, resumes, LinkedIn histories, promotion posts, or office-opening announcements.

2

PALMER IDENTITY

Resolve whether John Palmer, Wes Palmer, or both occupy the relevant handoff and in what order.

3

PALMER -> NXT

Find a first-party NXT bio, launch announcement, state filing, or employment history identifying the founder/owner.

4

TIMELINE

Anchor each handoff to dates so a promotion sequence can be shown without inference.

5

PRESERVE

Save the actual screenshots/PDFs behind the dossier before upgrading any arrow.

DOSSIER DECISION

BLUEFIELD = CONFIRMED starting node + controlled archive branch lead.

This is enough to include the branch in the binder, but not enough to present Mack -> Palmer(s) -> NXT as a closed lineage.

SIDE BRANCH 02

Birmingham

MBA Direct -> Alphonso Johnson -> Birmingham Business Acquisitions -> Kevin Richardson / Limitless

A controlled reconstruction of the Alabama branch uncovered through Samantha Jackson / Meriam filing records and later sales-company evidence.

CORE FINDING

The middle of the Birmingham branch is unusually strong; the final BBA -> Richardson handoff is still open.

Secondary corporate records place Alphonso Johnson inside MBA Direct with Michael Figueroa, then at Birmingham Business Acquisitions only three months later. Limitless Marketing Group is independently tied to Kevin Richardson and to the same Meriam filing infrastructure, but the direct promotion/employment artifact connecting BBA to Richardson has not yet been recovered.

AUG 10, 2012

MBA DIRECT

Figueroa + Johnson

NOV 13, 2012

BBA

Alphonso Johnson

APR 28, 2017

LIMITLESS

Kevin Richardson

OPEN

BBA -> KEVIN

handoff missing

CONFIDENCE RULE

Use solid language for documented company/person overlaps; use dashed/open treatment for the unresolved BBA -> Kevin Richardson step. Shared Meriam filing infrastructure is corroboration, not lineage.

B01 | BIRMINGHAM PREDECESSOR OFFICE

MBA Direct gives the Birmingham branch a documented predecessor environment.

The key fact is not just Michael Figueroa. Alphonso Johnson is also identified inside the same company before Birmingham Business Acquisitions appears.

MBA DIRECT, INC.

Registration	Aug. 10, 2012
Address	530 Beacon Pkwy W, Birmingham, AL 35209
Michael Figueroa	Director / President
Alphonso Johnson	Partner / Principal
Samantha Jackson	Incorporator
Business focus	marketing / sales consulting; telecom-related categories
Evidence type	secondary corporate directory / archived company data

WHAT THIS PROVES

Michael Figueroa and Alphonso Johnson are both placed inside MBA Direct in Birmingham before BBA appears.

WHAT IT DOES NOT PROVE

It does not by itself prove Figueroa personally trained Johnson or establish the exact mentorship hierarchy.

CLASSIFICATION

CONFIRMED IN SECONDARY RECORD: shared company environment | mentorship direction still OPEN

Source basis: BizStanding MBA Direct profile; binder source S44.

B02 | ALPHONSO JOHNSON MOVES INTO BBA

The MBA Direct -> Birmingham Business Acquisitions handoff is the strongest part of the branch.

The same person appears in the predecessor company and then in the newly formed Birmingham office only about three months later.

Source basis: BizStanding Birmingham Business Acquisitions profile; binder source S43.

B03 | KEVIN RICHARDSON / LIMITLESS ENDPOINT

Limitless Marketing Group is independently confirmed - but its immediate parent above Kevin Richardson remains open.

The endpoint itself is clear: Kevin Richardson led a face-to-face outsourced direct-marketing company in Alabama. The missing item is the BBA -> Richardson promotion/employment bridge.

LIMITLESS MARKETING GROUP, INC.

Formation	Apr. 28, 2017
Registered agent	Kevin Richardson
Initial Birmingham address	1111 Edenton St Ste B, Birmingham, AL 35242
Later office	309 Dallas St, Huntsville, AL 35801
Incorporator	Meriam Corporate Services Inc.
Business	promotional marketing and sales consulting
Public company material	face-to-face outsourced direct marketing / telecom; founded by Kevin Richardson

WHAT THIS PROVES

Kevin Richardson is independently tied to Limitless and the company matches the outsourced face-to-face sales model.

WHAT IT DOES NOT PROVE

It does not yet prove Kevin Richardson came directly from BBA or identify Alphonso Johnson as his trainer.

CLASSIFICATION

CONFIRMED endpoint | Birmingham-origin context confirmed | BBA -> Richardson handoff
OPEN

Source basis: Alabama company-directory record; archived/public Limitless company and job material (binder S45).

J05-J06 | MERIAM / SAMANTHA RECURRENCE

The same filing-service infrastructure appears at multiple points in the Birmingham lane.

This is useful corroboration and discovery evidence - but it must not be substituted for the missing personnel handoff.

WHAT THIS SUGGESTS

The companies occupy the same broader formation-service ecosystem and are reasonable comparison targets.

WHAT IT DOES NOT PROVE

It does not prove MBA -> BBA -> Limitless is a complete owner-development chain by itself.

METHOD RULE

Filing-service recurrence can reveal the network; genealogy still requires person-to-company evidence.

E01 | WHAT IS PROVEN VS. WHAT REMAINS OPEN

The Birmingham branch has a strong middle, a confirmed endpoint, and one critical missing bridge.

MBA Direct - 2012 Birmingham entity / profile

employment artifact missing

HIGHEST-VALUE MISSING ARTIFACT

A Kevin Richardson biography, resume, archived staff page, or promotion/opening announcement placing him at Birmingham Business Acquisitions before Limitless would close the final arrow.

R01 | HOW TO CLOSE THE BIRMINGHAM BRANCH

The next research pass should focus almost entirely on Kevin Richardson before 2017.

1

RICHARDSON PRE-2017

Search resumes, staff pages, LinkedIn histories, archived BBA pages, and social posts for Kevin Richardson.

2

BBA STAFF ARCHIVE

Preserve 2013-2016 employee lists, leadership bios, and promotion announcements.

3

ALABAMA FILINGS

Obtain official Alabama filings for MBA Direct and BBA to replace the current secondary corporate-directory anchors.

4

ADDRESS CHECK

Compare BBA addresses with Kevin Richardson's pre-Huntsville Limitless Birmingham address for any direct overlap.

5

PRESERVE

Save the exact artifacts before upgrading the BBA -> Richardson arrow.

DOSSIER DECISION

BIRMINGHAM = VERY STRONG predecessor-to-BBA continuity + CONFIRMED Limitless endpoint.

The branch belongs in the binder, but BBA -> Kevin Richardson should remain dashed/open until a direct personnel artifact is found.

SOURCE REGISTER

Binder: S43, S44, S45, RA22. Web verification used: BizStanding MBA Direct; BizStanding Birmingham Business Acquisitions; Alabama company-directory Limitless record; archived WayUp Limitless job/company page.

SIDE BRANCH 03

The Tower Creek Handoff

NX Direct -> Angel Jacome / ABC Consultants Group

A visual reconstruction of the strongest surviving structural bridge in the ABC / NX Direct research lane.

CORE FINDING

The prior-office theory is stronger than the original report showed.

NX Direct is officially documented at 3101 Tower Creek Parkway, Suite 550 in 2013. ABC Consultants Group is then formed at that exact suite effective January 1, 2016, with Angel Jacome as registered agent. Samantha Jackson appears on both filing trails. This is strong structural predecessor evidence - but the missing Angel-at-NX personnel artifact still prevents a confirmed parent/mentorship arrow.

2013

NX DIRECT

3101 Tower Creek #550

MAR 2014

NX MOVES

to Chamblee-Dunwoody

JAN 2016

ABC FORMS

same Tower Creek #550

2017+

ANGEL

CEO / officer record

CONFIDENCE RULE

Treat NX Direct -> ABC as STRONG STRUCTURAL PREDECESSOR evidence. Treat NX Direct -> Angel Jacome as PROBABLE / OPEN until a 2015-2016 employment, promotion, or first-person artifact names the handoff.

N01 | NX DIRECT BEFORE ABC

NX Direct occupied the exact future ABC suite before moving away.

The address history supplies the strongest structural evidence in this branch.

NX DIRECT, INC.

Georgia control no.	11050534
Entity formation	July 1, 2011
2013 principal / agent address	101 Tower Creek Parkway Ste 550, Atlanta, GA 30339
Officer	Nelson Figueroa - CEO / CFO / Secretary
2013 authorized signature	Samantha Jackson
2013 title / email	Incorporator / meriamfinancial@gmail.com
Business model	Face-to-face sales / customer acquisition / management training

WHAT THIS PROVES

NX Direct was a real Atlanta sales office operating at the exact Suite 550 later used to form ABC.

WHAT IT DOES NOT PROVE

The NX filing does not name Angel Jacome.

SOURCE BASIS

Georgia Secretary of State 2013 annual registration, filing no. 10153870; binder RA15 / ABC-NX research lane.

Research note: NX Direct current/public materials independently describe a face-to-face sales and advancement model, consistent with the network context but not proof of the Angel handoff.

X05 | 3101 TOWER CREEK PARKWAY, SUITE 550

The same exact suite links the prior NX office to the later ABC launch.

This is not a simultaneous overlap. It is a dated predecessor-to-successor address sequence.

INTERVENING MOVE

On March 17, 2014, NX Direct updated its address to 4360 Chamblee-Dunwoody Rd., Suite 560. The 2014 filing still preserves 3101 Tower Creek Parkway Suite 550 as the prior NX address. ABC later forms at that older NX suite in late 2015 / early 2016.

WHY IT MATTERS

A random shared-city clue becomes a specific, dated suite handoff.

LIMIT

The roughly 21-month gap means the address alone still cannot prove Angel worked for NX.

CLASSIFICATION **STRONG STRUCTURAL PREDECESSOR / exact-suite continuity**

A01 | ANGEL JACOME LAUNCH NODE

ABC Consultants Group is directly anchored to Angel Jacome by Georgia filings.

The corporate record is strong; the immediate parent office remains the unresolved piece.

ABC CONSULTANTS GROUP, INC.

Control no.	16000232
Articles filed	Dec. 30, 2015
Effective date	Jan. 1, 2016
Principal office	3101 Tower Creek Parkway Ste 550, Atlanta, GA 30339
Registered agent	Angel Jacome
Incorporator / authorizer	Samantha Jackson
2017 officers	Angel Jacome - CEO / CFO / Secretary

WHAT THIS PROVES

Angel is directly tied to the ABC entity from formation, and later officer filings confirm operating leadership.

WHAT IT DOES NOT PROVE

The ABC filing does not identify Angel's trainer or prior employer.

SOURCE BASIS

Georgia Secretary of State Articles, filing no. 12250097 / S27; 2017 annual registration filing no. 14287881.

Current ABC materials continue to identify Angel Jacome as the Atlanta manager; a 2024 ABC post refers to his promotion to Organizational Consultant.

J04 + NX REGISTRATIONS | SAME FILING INFRASTRUCTURE

Samantha Jackson appears on both sides of the address handoff.

That is important discovery infrastructure - but it is still not a personnel arrow.

E01 | WHAT CAN BE SAID NOW

The structural bridge is strong; the Angel-at-NX personnel bridge remains open.

NX Direct -> 3101 Tower Creek #550	CONFIRMED	GA SOS 2013 annual registration
Samantha Jackson -> NX filing role	CONFIRMED	GA SOS 2013 / 2014 registrations
ABC -> 3101 Tower Creek #550	CONFIRMED	GA SOS 2015 Articles / 2016 effective
Angel Jacome -> ABC	CONFIRMED	registered agent; later CEO/CFO/Secretary
NX Direct -> ABC structural predecessor	STRONG	same exact suite + chronology + filing-service continuity
NX Direct -> Angel Jacome employment / promotion	OPEN	2015-2016 direct personnel artifact not recovered
HIGHEST-VALUE MISSING ARTIFACT A 2015-2016 resume, staff page, promotion announcement, archived social post, or first-person biography placing Angel Jacome at NX Direct before ABC would close the parent-office arrow.		

R01 | CONTROLLED WORKING LINEAGE

This branch is now good enough to map - but not good enough to overstate.

WHY THE LINE IS DASHED

The evidence supports NX Direct as the strongest current candidate for Angel Jacome's immediate prior office because of the exact-suite predecessor sequence and common filing infrastructure. It does not yet show Angel on an NX roster or promotion trail.

DOSSIER DECISION

ABC / NX DIRECT = STRONG STRUCTURAL BRIDGE + OPEN PERSONNEL HANDOFF

Include in the side-branch section now; upgrade the dashed NX -> Angel arrow only when the 2015-2016 personnel artifact is recovered.

Next preservation targets: NX 2013/2014 official filings, ABC 2015 Articles, Angel pre-ABC employment history, and any archived NX staff / promotion pages from 2014-2016.

SIDE BRANCH 04

Brandie / AGI -> South Inc. -> Cape Reserve

A parallel owner-development branch centered on Hannah Hoffman and Justin Hageman.

CORE FINDING

The public company anchors are strong. The two people-to-office handoffs still depend on archive evidence.

South Inc. is publicly tied to Hannah Hoffman and a 2013 Nashville launch. Cape Reserve is publicly tied to Justin Hageman and a 2016 launch. The investigation archive places Hannah in the Brandie/AGI ecosystem before South and Justin at South before Cape, but the original employment/personnel artifacts still need preservation.

DOSSIER RULE

Treat South and Cape Reserve as confirmed company anchors, but keep Brandie/AGI -> Hannah and South -> Justin at STRONG until the original personnel artifacts are preserved.

P01-P02 | BRANCH MAP

This branch shows a second downstream path from the Brandie Park environment.

The main backbone follows Brandie toward Michael Sessions. This dossier instead tracks the parallel South Inc. / Cape Reserve lane.

WHAT IS DIRECTLY PUBLIC

- South Inc. began Feb. 7, 2013
- Hannah Hoffman is identified as President
- Cape Reserve identifies Justin Hageman as President & CEO / founder
- Cape Reserve lists a 2016 founding year

WHAT REMAINS ARCHIVE-DEPENDENT

- Hannah inside Brandie/AGI before South
- Justin inside South before Cape Reserve
- direct promotion / owner-development language for either handoff

WHY THIS BRANCH MATTERS

It suggests the same owner-development pattern appears outside the Sessions spine: an upstream sales organization, a later independent office, and then another downstream office led by a former participant.

S01 | PUBLIC COMPANY ANCHOR

South Inc. gives the middle of this branch a clean public anchor.

Multiple public records consistently place Hannah Hoffman at the head of the Nashville sales and marketing firm.

SOUTH INC. - NASHVILLE

Business start	Feb. 7, 2013
Entity type	Corporation
Management	Hannah Hoffman - President
Historic address	51 Century Blvd., Ste. 306, Nashville, TN
Business type	Outsourced sales / direct marketing
Campaigns	Entertainment / telecommunications
Current BBB note	Believed to be out of business

CONFIRMED

Hannah Hoffman was publicly identified as South Inc. president. South was a Nashville outsourced sales and direct-marketing office.

CAMPAIGN CONTEXT

2015-2016 releases describe South winning national sales awards while working on a telecommunications program.

STATUS IN THIS DOSSIER

South Inc. / Hannah Hoffman = CONFIRMED public company relationship. Brandie/AGI -> Hannah = STRONG because the upstream placement still comes from the research archive rather than a preserved first-party employment artifact.

P01 | UPSTREAM HANDOFF

The Brandie / AGI -> Hannah Hoffman arrow remains strong, but not yet self-contained.

The report preserves the placement, but the exact AGI employment screenshot / biography is still one of the artifacts we need to save.

PUBLIC DOWNSTREAM ANCHOR

South Inc. begins in 2013 and publicly identifies Hannah Hoffman as President. That fixes the downstream endpoint of the arrow.

RESEARCH-ARCHIVE UPSTREAM PLACEMENT

RA13 is the AGI/Aurora archive connecting the Brandie Park organization to Hannah Hoffman / South Inc. research. The binder explicitly grades this relationship STRONG and says the original AGI employment evidence still needs preservation.

MISSING CLOSURE ARTIFACT

Best evidence would be a preserved Hannah Hoffman resume, archived AGI staff page, promotion announcement, conference material, or first-person biography naming the Brandie / AGI organization before South.

CURRENT GRADE: STRONG

Do not upgrade to CONFIRMED yet.

C01 | PUBLIC COMPANY ANCHOR

Cape Reserve gives the downstream endpoint another strong public anchor.

Current company materials and historical releases consistently identify Justin Hageman as the leader of the direct marketing and sales firm.

CAPE RESERVE

Founded	2016
Founder / leader	Justin Hageman - President & CEO
Current location	Nashville, Tennessee
Historic 2017 location	Knoxville, Tennessee
Model	Face-to-face direct marketing / sales
Focus	Customer acquisition, team development, market expansion
Public language	Promotion from within / management training

CONFIRMED

Cape Reserve publicly identifies Justin Hageman as President & CEO, and company material states that he started the firm.

NETWORK PATTERN

Cape Reserve describes face-to-face customer acquisition, team development, expansion, and promotion from within.

IMPORTANT LIMIT

These public sources prove Justin -> Cape Reserve. They do not by themselves prove that Justin came from South Inc.; that handoff remains anchored in RA14.

P02 | DOWNSTREAM HANDOFF

South Inc. -> Justin Hageman -> Cape Reserve is strong in the archive, but the personnel bridge still needs preservation.

The current web pass reconfirms both company endpoints but did not recover a clean public page that explicitly says Justin worked at South before founding Cape Reserve.

WHAT RA14 CONTRIBUTES

The research archive is specifically labeled as the South Inc. personnel/social archive connecting Justin Hageman before Cape Reserve. That is why the relationship remains **STRONG** rather than merely speculative.

WHAT WOULD UPGRADE IT

A saved South staff page, Justin resume / LinkedIn history, promotion post, office-opening announcement, or first-person Cape founder biography naming South Inc. immediately before the 2016 launch.

CURRENT GRADE: STRONG Cape endpoint confirmed; South personnel handoff still to preserve.

E01 | CONTROL PANEL

The branch is useful now because each link can be graded without forcing the evidence.

Brandie / AGI -> Hannah Hoffman

STRONG

RA13 + confirmed South endpoint

Preserve original AGI employment evidence

Hannah Hoffman -> South Inc.

CONFIRMED

BBB + 2015/2016 releases

No material gap

South Inc. -> Justin Hageman

STRONG

RA14 personnel/social archive

Preserve original South personnel artifact

Justin Hageman -> Cape Reserve

CONFIRMED

Official Cape site + LinkedIn

No material gap

Cape model / expansion pattern

CONFIRMED PUBLIC

Direct marketing, training, promotion from within

Context only; not proof of parentage

DOSSIER DECISION

INCLUDE AS A STRONG PARALLEL BRANCH.

The public endpoints are solid and the archive supports the two handoffs. The next task is preservation, not a confidence upgrade by inference.

SIDE BRANCH 05

Icon Sales

JP Ellis -> Monarch Sales

An exact-suite branch handoff in Atlanta that materially strengthens the original RA5 archive lead.

MAJOR NEW CORROBORATION

ICON Sales Team and Monarch Sales were both launched from 1145 Zonolite Rd NE, Suite 7.

A 2023 Georgia legal notice places ICON Sales Team, Inc. at that exact suite with Kevin Fuller as registered agent. A 2024 Georgia legal notice places newly incorporated Monarch Sales, Inc. at the same exact suite with John-Paul Ellis as registered agent.

APR 2023 ICON SALES TEAM Kevin Fuller	RA5 JP ELLIS before Monarch	AUG 2024 MONARCH SALES same exact suite	2025-26 JP ELLIS Monarch president
--	--	--	---

DOSSIER DECISION

Upgrade the branch from ARCHIVE BRANCH to STRONG / EXACT-SUITE CORROBORATED.
The original Icon personnel post still needs preservation before the JP-at-Icon handoff is fully auditable.

P03-A | ICON SALES TEAM, INC.

The upstream Icon node can now be anchored to a 2023 Georgia formation notice.

This gives the branch a dated company, a named principal, and an exact Atlanta suite before Monarch appears.

ICON SALES TEAM, INC.

Public legal notice	The Champion, Apr. 20-26, 2023
Initial registered office	1145 Zonolite Rd NE, Ste 7, Atlanta, GA 30306
Initial registered agent	Kevin Fuller
Current company bio	Kevin Fuller says he founded ICON on Mar. 20, 2023
Business model	Face-to-face sales / marketing for large corporate clients
LinkedIn location	1145 Zonolite Rd NE, Atlanta, GA 30306

WHAT THIS PROVES

ICON Sales Team was formed in 2023 at 1145 Zonolite Rd NE, Suite 7, with Kevin Fuller as its registered agent.

IDENTITY CAUTION

RA5 should still be preserved so the archived "Icon Sales" branch label is independently tied to this exact legal entity.

WHY THIS MATTERS

The exact suite becomes a dated launch point one year before Monarch Sales appears at the same address.

Sources used: The Champion legal notice (Apr. 20, 2023); ICON Sales Team website/team page; LinkedIn company profile.

P03-B | ICON SALES -> JP ELLIS

The personnel handoff still comes from RA5 - but it now sits inside a much stronger structural frame.

The original binder says archived Icon material places JP Ellis before Monarch Sales. That archive item remains the key person-to-person evidence.

P03-C | JP ELLIS -> MONARCH SALES

The downstream ownership side of the branch is now directly documented.

Monarch Sales is no longer just a name in the archive: legal and current company records identify John-Paul / JP Ellis as the operating principal.

MONARCH SALES, INC.

Georgia legal notice	Aug. 8 / Aug. 15, 2024
Initial registered office	1145 Zonolite Rd NE, Ste 7, Atlanta, GA 30306
Initial registered agent	John-Paul Ellis
Current operating site	Monarch Sales - Milton, Florida
Team page	JP Ellis - Market Director / President
Florida foreign filing	Filed Oct. 23, 2025; home state GA; active
Florida officer / agent	ELLIS, JOHN PAUL

CONFIRMED

John-Paul Ellis is directly tied to Monarch at formation and in later Florida corporate records.

CURRENT COMPANY

Monarch describes face-to-face marketing and customer acquisition for large clients across Florida.

DOWNSTREAM STATUS

JP Ellis -> Monarch Sales = CONFIRMED operating-principal relationship.

This side of the branch no longer depends on RA5 alone.

Sources used: Georgia Historic Newspapers / The Champion (Aug. 15, 2024); Monarch Sales team site; Florida Sunbiz.

X07 | 1145 ZONOLITE RD NE, SUITE 7 - ATLANTA

One exact suite, two successive companies, two different registered agents.

This is the strongest new evidence in the dossier because it independently aligns company, date, place, and the later owner.

ASSESSMENT

STRONG exact-suite launch continuity.

Unlike a mere shared building, this is the same suite in consecutive launch windows, with the later owner independently identified.

WHAT WOULD MAKE IT CONFIRMED LINEAGE?

Preserve the original RA5 post or a resume / LinkedIn history explicitly stating JP Ellis worked at ICON before opening Monarch.

CONTROL PANEL | P03 / X07

The branch is substantially stronger than the original binder status suggested.

ICON Sales Team formation at 1145 Zonolite #7	CONFIRMED	2023 legal notice
Kevin Fuller as ICON registered agent / founder	CONFIRMED	Legal notice + company bio
JP Ellis at Icon before Monarch	ARCHIVE / OPEN	RA5; original post still needed
Monarch formation at 1145 Zonolite #7	CONFIRMED	2024 legal notice
John-Paul Ellis as Monarch registered agent	CONFIRMED	2024 legal notice
JP Ellis as Monarch president / operating principal	CONFIRMED	Monarch team + Sunbiz
Icon -> Monarch structural succession	STRONG	Same exact suite + RA5 personnel lead
RECOMMENDED BINDER STATUS		
ICON SALES -> JP ELLIS / MONARCH SALES: STRONG / EXACT-SUITE CORROBORATED		
Keep the personnel arrow dashed until RA5 is preserved; the company-to-company launch pattern can be shown as strong.		

R05 | WHAT THIS CHANGES IN THE SIDE-BRANCH MAP

Icon now looks less like an unplaced name and more like a measurable branch generator.

The same archive node produced a second downstream branch - Lillian Wolfe -> Wolfe Perseverance - which should be tested using the same method.

NEXT RESEARCH ACTIONS FOR THIS BRANCH

1. Preserve RA5 original Icon post showing JP Ellis before Monarch.
2. Preserve the 2023 and 2024 legal-notice images as X07.
3. Add Georgia corporate record / control number if recovered.
4. Preserve Monarch current team page and Florida foreign filing.

BOTTOM LINE

A previously low-confidence archive branch now has independent legal-record and exact-suite support.

That makes Icon -> JP Ellis -> Monarch one of the cleaner modern side-branch examples in the binder, while still preserving the distinction between structural evidence and direct employment proof.

SIDE BRANCH 06

Icon Sales -> Lillian Wolfe -> Wolfe Perseverance

A second downstream branch from the same Atlanta Icon environment.

CORE FINDING

The Wolfe branch now has exact-suite corroboration.

The original research archive already placed Lillian Wolfe at Icon before Wolfe Perseverance. A 2024 Georgia legal notice independently places Wolfe Perseverance, Inc. at 1145 Zonolite Rd NE, Suite 7 - the same suite previously used by ICON Sales Team, Inc.

ICON SALES TEAM

1145 Zonolite #7
Atlanta

LILLIAN WOLFE

RA5 personnel link

WOLFE PERSEVERANCE

same suite, 2024

CURRENT TREATMENT

STRONG / EXACT-SUITE CORROBORATED - but the original Icon personnel artifact should still be preserved before calling the Lillian Wolfe handoff CONFIRMED.

P04A | THE UPSTREAM OFFICE

ICON Sales Team anchors the Atlanta side of the Wolfe branch.

A 2023 legal notice places ICON Sales Team, Inc. at 1145 Zonolite Rd NE, Suite 7 in Atlanta, with Kevin Fuller as initial registered agent.

ICON SALES TEAM, INC.

Legal-notice date	April 2023
Initial registered office	1145 Zonolite Rd NE Ste 7, Atlanta, GA 30306
Initial registered agent	Kevin Fuller
Branch role	Upstream archive node / branch generator

WHAT THIS PROVES

ICON Sales Team occupied Suite 7 before Wolfe Perseverance was incorporated there.

WHAT IT DOES NOT PROVE

The address alone does not prove Lillian Wolfe personally worked for Icon.

WHY THE PERSONNEL ARCHIVE STILL MATTERS

RA5 is the piece that supplies the person-level sequence. The suite evidence independently strengthens that archive instead of replacing it.

P04B | THE DOWNSTREAM COMPANY

Wolfe Perseverance, Inc. launches from the same Atlanta suite.

A July 2024 DeKalb legal notice states that Wolfe Perseverance, Inc. had been delivered to the Georgia Secretary of State for incorporation.

WOLFE PERSEVERANCE, INC.

Legal-notice publication	July 2024
Initial registered office	1145 Zonolite Rd NE Ste 7, Atlanta, GA 30306
Initial registered agent	Lillian Wolfe
Current public footprint	Marketing / sales / training company; later public materials present Milwaukee, WI as its location

CONFIRMED

Lillian Wolfe is directly tied to Wolfe Perseverance through the incorporation notice.

CURRENT COMPANY SIGNAL

Current public material describes face-to-face sales, training, leadership development, and internal promotion.

TIMELINE NOTE

Current company-location labels may reflect later operations or relocation. The dossier keeps those current descriptors separate from the 2024 Georgia incorporation evidence.

X07 | 1145 ZONOLITE RD NE, SUITE 7

The same suite now corroborates two separate Icon downstream branches.

This address was already important in the JP Ellis / Monarch dossier. Wolfe Perseverance makes Suite 7 a repeated branch-generation location.

SECOND-BRANCH SIGNIFICANCE

The exact same upstream suite is now associated with both:

- JP Ellis -> Monarch Sales (Side Branch 05)
- Lillian Wolfe -> Wolfe Perseverance (Side Branch 06)

METHOD CONTROL

Repeated suite use is strong corroboration when timing and people line up. It is not, by itself, proof that every company at the suite shares the same direct trainer or parent.

ASSESSMENT

1145 Zonolite Rd NE, Suite 7 = STRONG BRANCH-GENERATION HUB evidence.

P04 | ICON SALES -> LILLIAN WOLFE -> WOLFE PERSEVERANCE

The branch is stronger than the original archive-only classification.

The evidence now combines a research-archive personnel lead with a separately documented same-suite company launch.

M01 | DOES THE DOWNSTREAM COMPANY MATCH THE NETWORK PATTERN?

Wolfe Perseverance's public recruiting model is consistent with the branch hypothesis.

Current public materials describe a face-to-face sales organization with hands-on training, leadership growth, and internal promotion pathways.

FACE-TO-FACE SALES	Current job material describes field-based, in-person selling and direct customer interaction.
TRAINING	The company advertises hands-on sales and customer-acquisition training.
LEADERSHIP DEVELOPMENT	Public materials emphasize coaching, mentorship, and movement into leadership roles.
INTERNAL PROMOTION	The company website explicitly describes internal promotion pathways.
INTERPRETATION	Operating-model similarity strengthens the historical reading, but it is contextual evidence only. The direct genealogy still rests on the personnel archive plus the Suite 7 launch evidence.

Side Branch 06 can be upgraded - carefully.

The exact-suite discovery materially improves a branch that previously rested almost entirely on RA5.

ICON Sales Team at Suite 7	CONFIRMED PUBLIC RECORD
Wolfe Perseverance at Suite 7	CONFIRMED PUBLIC RECORD
Lillian Wolfe tied to Wolfe Perseverance	CONFIRMED
Lillian Wolfe previously at Icon	ARCHIVE LEAD / STRONG
Icon -> Wolfe Perseverance structural continuity	STRONG
FINAL CLASSIFICATION ICON SALES -> LILLIAN WOLFE -> WOLFE PERSEVERANCE STRONG / EXACT-SUITE CORROBORATED	
NEXT PRESERVATION TARGET Recover and preserve the original RA5 Icon post or personnel artifact naming Lillian Wolfe. That is the cleanest path to a CONFIRMED person-level handoff.	

SIDE BRANCH 07

Sky Inc. -> Hannah Hasinski -> Ignite Marketing Group

A controlled reconstruction of the Sky personnel branch preserved in the research archive.

CORE FINDING

This is a real branch lead with two public endpoints and one archive-dependent handoff.

Sky Inc. publicly identifies Jonathan Perry as Founder & CEO. Earlier research preserved a Sky archive placing Hannah Hasinski there before Ignite Marketing Group, while BBB material from that research pass identified Hasinski in ownership/management at Ignite.

CURRENT TREATMENT

ARCHIVE / STRONG. The sequence is persuasive enough for the binder, but the original Sky staff artifact still needs preservation before the person-level handoff is called CONFIRMED.

P05A | THE UPSTREAM COMPANY

Sky Inc. gives the branch a defined upstream company and founder.

The existing source register identifies Sky Inc. as the public source naming Jonathan Perry as Founder & CEO.

SKY INC.

Publicly identified leader	Jonathan Perry
Role	Founder & CEO
Binder source	S18
Branch role	Upstream operating company / archive node

WHAT THIS PROVES

Sky Inc. is a real operating node with Jonathan Perry publicly identified as its founder/CEO.

WHAT IT DOES NOT PROVE

The public Sky leadership page alone does not establish Hannah Hasinski's employment there.

WHY RA7 MATTERS

The person-level bridge comes from the Sky research archive, not from the founder page. That archive should be preserved as the primary handoff artifact.

P05B | THE PERSON-LEVEL BRIDGE

Hannah Hasinski is the bridge between Sky and Ignite - but the bridge is still archive-dependent.

RA7 preserves the earlier research finding that Hasinski was connected to Sky before Ignite Marketing Group.

EVIDENCE STATUS

ARCHIVE / STRONG

The research project already accepted this as a strong archive branch, but the original social/staff evidence has not yet been inserted as a standalone preserved exhibit.

MISSING ARTIFACT

The cleanest upgrade would be the original Sky staff page, promotion post, social post, or resume that explicitly names Hasinski and dates her Sky role before Ignite.

P05C | THE DOWNSTREAM COMPANY

Ignite Marketing Group provides the downstream ownership/management endpoint.

The source register preserves BBB material from the earlier research pass identifying Hannah Hasinski in ownership/management at Ignite Marketing Group.

IGNITE MARKETING GROUP

Named person	Hannah Hasinski
Public-source role	Ownership / management
Binder source	S19
Branch role	Downstream owner office

WHAT THIS PROVES

Hasinski is independently tied to the downstream Ignite company.

WHAT IT DOES NOT PROVE

The Ignite endpoint alone does not show who trained or promoted her at Sky.

WHY THE TWO-ENDPOINT STRUCTURE MATTERS

Sky and Ignite are independently anchored. That means the only unresolved evidentiary step is the person-level transition between them.

P05 | SKY INC. -> HANNAH HASINSKI -> IGNITE MARKETING GROUP

The branch is coherent, but its center arrow still depends on the archive.

This is exactly the kind of branch where the binder should show public endpoint evidence and archive-only personnel evidence separately.

P05X | SKY INC. -> VICTORIA -> PROVIDENCE AVENUE

Sky may have generated a second branch - but this one stays separate and lower-confidence.

The existing archive includes an older Sky photograph and later Providence Avenue evidence suggesting a Victoria match, but the identity lock is incomplete.

CURRENT STATUS

PROBABLE ONLY

The Victoria branch should not be merged into the Hasinski dossier as though it is equally established. It belongs here only as a controlled parallel lead.

CLOSURE TARGET

Lock Victoria's identity with a full name plus direct Sky employment evidence, then match that same person to Providence Avenue through a company bio, filing, or first-person history.

E07 | DOSSIER DECISION

Side Branch 07 belongs in the binder as an
ARCHIVE / STRONG branch.

The public evidence anchors both ends; the archive supplies the critical middle step.

Sky Inc. / Jonathan Perry

PUBLICLY ANCHORED

Hannah Hasinski prior Sky connection

ARCHIVE / STRONG

Hannah Hasinski / Ignite Marketing Group

PUBLIC ENDPOINT SUPPORT

Sky -> Hasinski -> Ignite sequence

ARCHIVE / STRONG

Sky -> Victoria -> Providence Avenue

PROBABLE / SEPARATE LEAD

FINAL CLASSIFICATION

SKY INC. -> HANNAH HASINSKI -> IGNITE MARKETING GROUP

ARCHIVE / STRONG

NEXT PRESERVATION TARGET

Recover the original RA7 Sky staff/social artifact naming Hannah Hasinski and preserve the S19 Ignite profile capture. Those two items would make this branch far more auditable.

SECTION 5

SIDE BRANCHES 08-17

Gateway/W1N, Providence, Ibericus, Trinity, Atlanta cleanup, and continuity nodes

PRINT TAB

SIDE BRANCHES 08-17

Use this page as the front divider for the section.

SECTION STARTS ON MASTER BINDER PAGE 152

SIDE BRANCH 08

Gateway Sales Consulting -> Daniel Giannone -> W1N Sales

A partial branch with unusually strong person continuity and an unresolved upstream parent.

CORE FINDING

Daniel Giannone clearly bridges Gateway and W1N.

A 2019 Gateway press release names Giannone as company President in St. Louis. W1N's current team page identifies him as founder and Market Director/CVO, while BBB identifies him as President. The unresolved question is not the Giannone continuity - it is the parent above Gateway.

CURRENT TREATMENT

Gateway -> Giannone -> W1N = STRONG / PERSON CONTINUITY CONFIRMED. Upstream parent above Gateway remains OPEN.

P07A | UPSTREAM COMPANY

Gateway Sales Consulting is publicly anchored to Daniel Giannone.

The strongest surviving first-party artifact is a March 12, 2019 press release issued by Gateway Sales Consulting.

GATEWAY SALES CONSULTING

Public date	March 12, 2019
Location	St. Louis, Missouri
Named leader	Daniel Giannone - President
Campaign	Major office-supplies client
Recognition	Q4 2018 Campaign Cup

WHAT THIS PROVES

Giannone was publicly leading Gateway Sales Consulting by early 2019.

WHAT IT DOES NOT PROVE

The press release does not identify Gateway's upstream owner, trainer, or parent company.

NETWORK SIGNAL

The Campaign Cup and office-supplies campaign are highly relevant pattern evidence, but the dossier does not convert that pattern into a Cydcor parent claim without direct documentation.

P07B | PERSON-LEVEL HANDOFF

The same person appears at both companies - this is the strongest part of the branch.

The original binder classified the branch as PARTIAL because the career continuity was identified but the parent above Gateway remained unresolved.

EVIDENCE STATUS

VERY STRONG PERSON CONTINUITY

Gateway's 2019 release and W1N's current leadership materials independently identify the same named principal in leadership roles on both sides of the transition.

DATE CAUTION

Public W1N sources disagree on the company's founding date: W1N's team page says 2017, while BBB lists incorporation in November 2022 and newer interviews describe a 2022 launch. The dossier preserves the discrepancy rather than forcing a single date.

P07C | DOWNSTREAM COMPANY

W1N Sales is a well-documented downstream company led by Giannone.

Current public sources independently identify Giannone and describe W1N as a direct-sales organization.

W1N SALES

Current leader	Daniel Giannone
W1N team page	Market Director & CVO; says he founded W1N
BBB	President; incorporated Nov. 29, 2022
Operating model	Direct sales, customer acquisition, leadership development
Current geography	Atlanta / Roswell, Georgia

WHAT THIS PROVES

W1N is independently anchored to Giannone and operates in the same broad direct-sales / leadership-development model.

WHAT IT DOES NOT PROVE

Current W1N materials do not identify Gateway as its formal legal parent or predecessor.

ADDITIONAL CAMPAIGN SIGNAL

A 2026 interview with Giannone describes W1N as working through AT&T-authorized dealer channels on fiber-optic internet. This is useful current campaign context, not proof of Gateway's upstream lineage.

P07 | GATEWAY -> GIANNONE -> W1N

The downstream handoff is strong; the upstream half of the family tree is still missing.

This dossier separates two different questions: Did Giannone move from Gateway to W1N? And who developed Gateway/Giannone upstream?

R08 | POSSIBLE PRE-GATEWAY LEAD

Riverfront Marketing is worth investigating - but it is not yet the parent.

New web research found a historical Riverfront Marketing profile identifying Daniel Giannone as an Assistant Manager in Cincinnati. A secondary career aggregator also lists Riverfront before Gateway.

CURRENT STATUS

RESEARCH LEAD ONLY

The Riverfront finding is useful because it potentially moves Giannone one generation upstream. But we do not yet have a direct promotion, office-launch, shared-address, or first-person artifact connecting Riverfront to Gateway.

CLOSURE TARGET

Find a dated Giannone biography, archived Riverfront staff page, Gateway launch announcement, or owner/promotion post showing that Gateway was Giannone's expansion from Riverfront. Until then, no solid arrow.

E08 | DOSSIER DECISION

Side Branch 08 is stronger downstream than the original PARTIAL label implied.

The person continuity is now well anchored. What remains partial is the upstream placement of Gateway itself.

Gateway Sales Consulting / Giannone

PUBLICLY ANCHORED

Giannone / W1N Sales

PUBLICLY ANCHORED

Gateway -> W1N continuity

STRONG

W1N founding date

DISCREPANCY: 2017 vs 2022

Parent above Gateway

OPEN

Riverfront Marketing -> Gateway

RESEARCH ONLY

FINAL CLASSIFICATION

GATEWAY SALES CONSULTING -> DANIEL GIANNONE -> W1N SALES

STRONG DOWNSTREAM CONTINUITY / UPSTREAM PARENT OPEN

NEXT RESEARCH TARGET

Close Riverfront -> Gateway or identify a different direct parent above Gateway. That is the single missing arrow that would turn this into a placed lineage.

SIDE BRANCH 08A

Riverfront Marketing

-> Daniel Giannone -> Gateway Sales Consulting

Focused upstream research pass to test whether Riverfront can be placed above Gateway.

CORE FINDING

The Giannone career sequence is now stronger - but the parent arrow still does not close.

Riverfront Marketing is independently documented as a Cincinnati direct-sales / sales-training organization. Public profiles place Daniel Giannone there before or alongside his later Gateway presidency. What remains missing is a clean launch or promotion artifact proving Gateway was his expansion from Riverfront.

CURRENT CLASSIFICATION

STRONG CAREER-SEQUENCE LEAD / PARENT NOT YET CONFIRMED.

R08A-1 | RIVERFRONT MARKETING, CINCINNATI

Riverfront itself matches the operating environment we would expect upstream of Gateway.

Multiple surviving sources identify Riverfront Marketing as a Cincinnati sales/marketing company with direct-sales and sales-training characteristics.

RIVERFRONT MARKETING

Founded	2014, according to Indeed
Industry	Consulting / business services; sales and marketing
Historical addresses	2368 Victory Pkwy Ste 240; later 5721 Dragon Way Ste 210 / nearby Dragon Way listings
Phone	513-510-0321
Operating language	Brand ambassadors, client growth, leadership development, sales training
Sales evidence	2017 employee review describes business-to-business office-supplies sales

WHAT THIS PROVES

Riverfront was not just a generic ad agency; surviving material describes a face-to-face sales and training operation.

WHAT IT DOES NOT PROVE

It does not identify Gateway as a legal subsidiary, formal child office, or Riverfront expansion.

CAMPAIGN OVERLAP SIGNAL

A July 2017 Riverfront employee review specifically mentions selling office supplies - the same broad client category publicly documented at Gateway in 2019. This is useful pattern evidence, not proof of a shared campaign owner.

R08A-2 | PERSON-LEVEL UPSTREAM LINK

Daniel Giannone is directly tied to Riverfront in surviving public profiles.

The surviving sources disagree on his exact title, but both place him in a management role at Riverfront.

PUBLIC PERSONNEL EVIDENCE

Crunchbase	Daniel Giannone - Assistant Manager, Riverfront Marketing, Cincinnati
SignalHire	Lists him as Managing Partner at Riverfront Marketing beginning Jan. 2015
Consistency	Both sources independently place Giannone at Riverfront before his Gateway presidency
Caution	SignalHire's end date overlaps later roles and appears unreliable for exact chronology

USE WITH CONFIDENCE

Giannone had a management-level role at Riverfront.

DO NOT LOCK YET

Exact title, exact start/end dates, and whether he was promoted to owner from Riverfront.

TITLE DISCREPANCY

Crunchbase says Assistant Manager; SignalHire says Managing Partner. The dossier therefore uses 'manager-level role' until a first-party Riverfront artifact resolves the difference.

R08A-3 | RIVERFRONT -> GATEWAY

The sequence is plausible and well-timed, but the launch mechanism is still missing.

Gateway is publicly anchored by 2019 with Giannone as President, while secondary career data places that presidency beginning in 2017.

WHY THE LEAD IS STRONGER NOW

We now have: (1) the same person, (2) sequential management roles, (3) a matching direct-sales/training operating model, and (4) overlap in the office-supplies campaign category.

THE MISSING PROOF

No surviving source yet says Giannone was promoted out of Riverfront to open Gateway, no same-address launch evidence has surfaced, and no Riverfront owner has been tied directly to Gateway's formation.

ASSESSMENT: STRONG CAREER-SEQUENCE LEAD - NOT A CLOSED PARENT ARROW

R08A-4 | WHO WAS ABOVE GIANNONE AT RIVERFRONT?

This is now the key upstream question.

A true parent placement requires identifying Riverfront's owner/manager above Giannone and then testing whether that person connects to Gateway's launch.

WHAT SURVIVING SOURCES SHOW

- Crunchbase exposes multiple protected 'Owner' contacts but does not reveal their names.
- LinkedIn search surfaces Kathleen Donnellon with Riverfront Marketing, but her role is not shown in the indexed result.
- No reliable source found in this pass identifies the controlling owner or founder by name.

KATHLEEN DONNELLON

Relevant employee/profile lead only. Do not treat her as owner without a role-specific source.

OWNER IDENTITY

Still unresolved. This blocks a clean mentor/owner arrow above Giannone.

BEST NEXT ARTIFACT

An archived Riverfront 'About/Team' page from 2015-2017 naming the owner and Giannone, or a Gateway launch announcement thanking Riverfront leadership, would be far more valuable than additional directory listings.

E08A | UPSTREAM DECISION

Riverfront should be added to the tree - but with a

This research pass materially improves the upstream hypothesis without meeting the binder's CONFIRMED threshold.

Riverfront Marketing existed in Cincinnati	CONFIRMED
Riverfront operated a direct-sales / training model	CONFIRMED SUPPORT
Daniel Giannone worked in management at Riverfront	STRONG / MULTI-SOURCE
Giannone later led Gateway Sales Consulting	CONFIRMED
Riverfront -> Gateway parent/expansion arrow	STRONG LEAD / OPEN
Riverfront controlling ownership from Giannone	CONFIRMED
FINAL TREE TREATMENT RIVERFRONT MARKETING --?--> DANIEL GIANNONE -> GATEWAY -> W1N STRONG UPSTREAM LEAD / DASHED ARROW ONLY	
STOP CONDITION Do not upgrade Riverfront -> Gateway to CONFIRMED until a direct promotion, launch, ownership, or first-person artifact is preserved.	

SIDE BRANCH 09

Sky Inc. -> Victoria Wilegus -> Providence Avenue

A formerly vague 'Victoria' lead now has a locked downstream identity.

CORE FINDING

The Providence Avenue identity lock is now much stronger.

Public sources independently identify Victoria Wilegus as President of Providence Avenue. The original RA7 archive had already flagged a Sky photograph and later Providence evidence as a probable Victoria match. The unresolved point is now narrower: preserving a direct artifact that proves the woman in the Sky archive is Victoria Wilegus.

CURRENT TREATMENT

PROBABLE / IDENTITY ENDPOINT LOCKED. Providence Avenue -> Victoria Wilegus is confirmed; Sky -> Wilegus remains archive-dependent.

P09A | DOWNSTREAM COMPANY

Providence Avenue is a clearly identifiable Nashville sales and marketing company.

Multiple surviving sources describe the same operating profile: face-to-face customer acquisition, telecom-focused clients, training, and merit-based advancement.

PROVIDENCE AVENUE

Location

Nashville, Tennessee

Historical address

4544 Harding Pike, Suite 211

Industry

Marketing / sales / marketing consulting

Client verticals

Fiber optics, satellite, wireless, telecom

Sales model

Face-to-face customer acquisition

Development model

Hands-on training, merit-based promotion, management growth

WHAT THIS PROVES

Providence Avenue fits the same direct-sales / internal-promotion operating pattern seen across many binder branches.

WHAT IT DOES NOT PROVE

Operating-model similarity alone does not prove Sky was its parent office.

AT&T / TELECOM CONTEXT

A surviving resume describes an AT&T sales role under Providence Avenue in 2020, which is consistent with the company's public telecom/fiber focus. Treat this as campaign context, not genealogy proof.

P09B | IDENTITY LOCK

The downstream 'Victoria' can now be identified as Victoria Wilegus.

This is a meaningful upgrade from the original binder, which recorded only a probable Victoria match.

PUBLIC IDENTITY EVIDENCE

Crunchbase	Victoria Wilegus - President at Providence Avenue
Providence social archive	Boss's Day post names Victoria Wilegus as President
Location consistency	Current public profile places Wilegus in Nashville
Independent career profile	LinkedIn profile identifies Victoria Wilegus as an entrepreneur in Nashville

LOCKED

The Providence Avenue president named Victoria is Victoria Wilegus.

NOT YET LOCKED

The older Sky photograph has not yet been independently tied by name to Wilegus.

IMPORTANT DISTINCTION

We have solved the downstream identity problem, not the upstream Sky-employment problem. That is enough to narrow the research target but not enough to make the entire branch confirmed.

P09C | UPSTREAM ARCHIVE EVIDENCE

The Sky side still rests on the original RA7 photograph and research notes.

The binder states that an older Sky photograph plus later Providence Avenue evidence produced a probable Victoria match, but that the identity lock was incomplete.

CURRENT EVIDENCE STATUS

PROBABLE

The archive supports the hypothesis that the Sky 'Victoria' and Providence president Victoria Wilegus are the same person. The missing item is a named Sky staff page, caption, resume, promotion post, or first-person history.

CLEANEST CLOSURE ARTIFACT

A Sky-era image caption naming Victoria Wilegus, or a Wilegus resume/profile listing Sky Inc. before Providence Avenue, would immediately solve the remaining identity lock.

P09 | SKY INC. -> VICTORIA WILEGUS -> PROVIDENCE AVENUE

The branch now has one confirmed endpoint and one probable upstream handoff.

The evidence should be drawn asymmetrically: dashed from Sky to Wilegus, solid from Wilegus to Providence Avenue.

Sky Inc. -> Victoria Wilegus RA7 supports a Victoria match, but no named Sky artifact has yet been preserved.	PROBABLE / ARCHIVE
Victoria Wilegus -> Providence Avenue Crunchbase and Providence social archive identify Wilegus as President.	CONFIRMED PUBLIC LINK
Providence operating model Face-to-face sales, telecom clients, training, merit-based advancement.	CONFIRMED SUPPORT
DO NOT OVERSTATE Do not draw a solid Sky -> Wilegus arrow until the Sky identity artifact is recovered.	

M09 | PARALLEL SKY BRANCHING

If closed, Sky would have two downstream owner-development branches in the binder.

Side Branch 07 already preserves Sky -> Hannah Hasinski -> Ignite as ARCHIVE / STRONG. This Victoria branch would represent a second distinct downstream office.

RESEARCH SIGNIFICANCE

Two independently developed downstream offices from the same Sky environment would be strong evidence that Sky functioned as a branch-generating office rather than an isolated company.

But that conclusion depends on closing the Wilegus-at-Sky identity first.

PRIORITY ARTIFACT

Preserve the original RA7 Sky photograph at full resolution with date/URL/caption context, then compare it against named Wilegus-era Providence material. A named caption is better than visual resemblance alone.

Side Branch 09 can now be stated more precisely.

The old 'Victoria' ambiguity has narrowed to one specific person, but the Sky employment handoff remains unconfirmed.

Providence Avenue operating company

CONFIRMED PUBLIC

Victoria Wilegus = Providence Avenue President

CONFIRMED

Sky archive contains a relevant Victoria image

ARCHIVE EVIDENCE

Sky Victoria = Victoria Wilegus

PROBABLE / NOT LOCKED

Sky -> Wilegus -> Providence branch

PROBABLE

FINAL CLASSIFICATION

SKY INC. -> VICTORIA WILEGUS -> PROVIDENCE AVENUE

PROBABLE / DOWNSTREAM IDENTITY LOCKED

NEXT PRESERVATION TARGET

Find a named Sky-era Victoria Wilegus artifact. That single item is now the cleanest path from PROBABLE to STRONG or CONFIRMED.

SIDE BRANCH 10

Cydcor -> 5 North / North Inc. -> Patricia Graells -> Ibericus

A previously unplaced New York branch now has a defensible upstream chain.

MAJOR UPGRADE

Ibericus is no longer best treated as an unplaced node.

A New York Public Service Commission filing explicitly lists 5 North, Inc. as an individual door-to-door office beneath Cydcor's headquarters for Direct Energy Business. A current career profile places Patricia Graells at North Inc. on a T-Mobile B2B campaign before and during the launch of Ibericus.

CURRENT CLASSIFICATION

CYDCOR -> 5 NORTH = CONFIRMED SUPPORT. NORTH -> GRAELLS -> IBERICUS = STRONG / CAREER-SEQUENCE CORROBORATED.

E10A | REGULATORY EVIDENCE

The upstream Cydcor connection is unusually strong because it comes from a regulator.

A New York Public Service Commission filing for Direct Energy Business lists Cydcor as the headquarters for the individual door-to-door offices shown beneath it.

NEW YORK PSC / DIRECT ENERGY BUSINESS

Sales channel	Door-to-door
Third-party marketer	Cydcor - headquarters for individual D2D offices below
Named office	5 North, Inc.
5 North address	12 West 31st St, 2nd Floor, New York, NY
Named principal	Rebby Sutherland
Campaign history	Selling to small commercial customers for Direct Energy Business since 11/2011

EVIDENCE GRADE

CONFIRMED SUPPORT

This is direct regulatory documentation placing 5 North inside a Cydcor-headed D2D channel structure.

CONTROL

The filing documents channel structure. It should not be paraphrased as Cydcor legally owning 5 North.

WHY THIS MATTERS

This is stronger than a social-media association or campaign similarity: it is a government filing that explicitly labels Cydcor as headquarters for the listed D2D offices.

E10B | ORGANIZATIONAL CONTINUITY

5 North and today's North Inc. are best treated as the same Rebby Sutherland organizational line.

Historical and current sources connect the names, founder, market history, and website lineage.

5 NORTH / NORTH INC.

Founder / CEO	Rebby (Rebecca) Sutherland
Historical company	5 North, Inc., New York
NY corporation	Filed Sept. 29, 2011
Current company	North Inc., St. Louis
Current history	Opened St. Louis in 2006; moved HQ to NYC in 2011; later returned to St. Louis
Rebby LinkedIn	Current North Inc. experience; historical company website listed as 5northinc.com

CONTINUITY

VERY STRONG

Same principal, same organizational story, and explicit 5 North website continuity.

DATE DISCREPANCY

A historical Rebby bio says the New York 5 North office opened in Nov. 2009, while the NY corporation formed in 2011.

TREATMENT

Do not use the 2009 date as the legal formation date. Preserve it only as an earlier operating-history claim; the corporate filing date remains Sept. 29, 2011.

E10C | PERSON-LEVEL HANDOFF

Patricia Graells is now tied to North Inc. immediately before Ibericus.

The key career record is secondary rather than first-party, so the dossier treats the person-level handoff as STRONG, not confirmed.

PATRICIA GRAELLS JMELNITSKY

Career source	SignalHire profile, updated July 30, 2026
North role	Assistant Manager - T-Mobile B2B Campaign
North dates	Jan. 2016 - Mar. 2017
Earlier campaign	Direct Energy B2B sales roles in 2015
Ibericus role	President beginning Nov. 2016
Key overlap	Ibericus launch occurs while career profile still places Graells at North

WHY THIS IS IMPORTANT

The timing is exactly what an owner-development launch window would look like: manager-level North role followed by Ibericus presidency.

WHY IT IS NOT CONFIRMED

We still lack a first-party North staff page, promotion post, resume, or launch announcement naming Graells.

CAMPAIGN FIT

North publicly works telecommunications, energy, utilities, and office-supply accounts; Graells' listed T-Mobile B2B assignment fits that operating model closely.

E10D | DOWNSTREAM COMPANY

Ibericus is independently anchored to Graells as founder and President/CEO.

Its public language also preserves several features associated with the owner-development model.

IBERICUS INC.

Founder / leader	Patricia Graells - President/CEO
Founded	2016
Headquarters	New York / Long Island City
Public address	3636 23rd Street, Long Island City, NY 11106
Specialties	Direct marketing, B2B sales, customer acquisition, sales development, training
Promotion language	100% merit-based and organic promotions

PUBLIC ENDPOINT

CONFIRMED

Ibericus' own site identifies Graells as founder and President/CEO.

MODEL MATCH

STRONG CONTEXT

Direct marketing, B2B acquisition, training, Fortune 500 clients, and organic promotion all match the broader network pattern.

BUSINESS EVOLUTION

Ibericus now also markets digital services and merchant-processing consulting. The current service mix is broader than its original direct-sales identity, so the dossier distinguishes present-day services from launch-era genealogy.

P10 | CYDCOR -> 5 NORTH -> GRAELLS -> IBERICUS

This is now one of the cleaner side-branch reconstructions in the binder.

The only materially weak point is the first-party preservation of Graells' North role.

Cydcor -> 5 North NY PSC filing explicitly places 5 North under the Cydcor-headed Direct Energy D2D office list.	CONFIRMED SUPPORT
5 North -> North Inc. Same Rebby Sutherland organization, historical/current company story and web identity.	VERY STRONG CONTINUITY
North Inc. -> Patricia Graells Career profile places Graells as Assistant Manager on T-Mobile B2B, Jan. 2016-Mar. 2017.	STRONG / SECONDARY
Patricia Graells -> Ibericus Ibericus identifies Graells as founder/President-CEO; company founded in 2016.	CONFIRMED ENDPOINT

E10 | DOSSIER DECISION

Ibericus should be moved out of the 'unplaced' bucket.

The branch now has regulatory upstream evidence, organizational continuity, a timed career bridge, and a confirmed downstream founder endpoint.

Cydcor channel relationship to 5 North	CONFIRMED SUPPORT
5 North / North Inc. continuity	VERY STRONG
Patricia Graells at North Inc.	STRONG / SECONDARY
Ibericus founded / led by Graells	CONFIRMED
Full Cydcor -> Ibericus genealogy	STRONG / NEAR-CONFIRMED
FINAL CLASSIFICATION CYDCOR -> 5 NORTH / NORTH INC. -> PATRICIA GRAELLS -> IBERICUS STRONG / NEAR-CONFIRMED SIDE BRANCH	
SINGLE BEST UPGRADE ARTIFACT Preserve a first-party 2016 North/5 North staff, promotion, or management artifact naming Patricia Graells. That would close the only meaningful evidentiary gap.	

SIDE BRANCH 11

W1N Sales -> Caylie Surrena -> Trinity Results

An Atlanta node that can now be placed into the existing W1N branch.

MAJOR FINDING

Trinity Results is no longer best treated as unplaced.

Trinity identifies Caylie Surrena as Market Director/CEO. LinkedIn search results independently associate Surrena with W1N Sales. A 2024 Georgia incorporation notice also places Trinity Results at 1145 Zonolite Rd NE - the same Atlanta building used by several other branch-launch entities in this investigation.

CURRENT CLASSIFICATION

W1N -> CAYLIE SURRENA = STRONG / PUBLIC PROFILE SUPPORT. SURRENA -> TRINITY RESULTS = CONFIRMED.

E11A | DOWNSTREAM COMPANY

Trinity Results is independently anchored as a face-to-face sales company.

The company's current site identifies its leader, business model, and current Atlanta address.

TRINITY RESULTS, INC.

Current leader

Caylie Surrena - Market Director/CEO

Current address

1155 Perimeter Center W Ste 850, Atlanta, GA 30338

Services

Face-to-face marketing; direct sales & consulting; brand building

Team model

Leadership development, mentorship, growth opportunities

Recruiting signal

Residential sales roles representing major telecommunications brands

PUBLIC ENDPOINT

CONFIRMED

Trinity's own site directly identifies Surrena as its CEO-level leader.

OPERATING MODEL

STRONG NETWORK MATCH

Face-to-face sales, telecom campaigns, training, and leadership advancement closely match other documented branches.

CONTROL

Operating-model similarity is contextual evidence only. The placement in this dossier depends on Surrena's W1N association, not on business-model resemblance.

E11B | 2024 INCORPORATION NOTICE

Trinity's launch address adds a second layer of Atlanta continuity.

A February 2024 DeKalb legal notice reports the incorporation of Trinity Results, Inc.

TRINITY RESULTS, INC. - FORMATION NOTICE

Publication	The Champion Legal Section - Feb. 22, 2024
Corporation	Trinity Results, Inc.
Initial registered office	1145 Zonolite Rd NE, Atlanta, GA 30306
Initial registered agent	Caylie Surrena
Significance	Launch-era corporate record directly ties Surrena to Trinity

PERSON -> COMPANY

CONFIRMED

Surrena is not merely a current employee; she is the initial registered agent at Trinity's formation address.

ADDRESS CAUTION

The notice gives 1145 Zonolite but no suite number. Treat as same-building continuity, not exact-suite continuity.

WHY THE ADDRESS MATTERS

1145 Zonolite already appears in the Icon / Monarch / Wolfe branch research. Trinity's use of the building in early 2024 strengthens the picture of a recurring Atlanta launch environment.

E11C | UPSTREAM PERSONNEL LINK

Caylie Surrena is publicly associated with W1N Sales.

This is the branch's remaining weaker point because the surfaced evidence is an indexed LinkedIn association rather than a preserved full employment record.

CURRENT STATUS

STRONG / PUBLIC PROFILE SUPPORT

LinkedIn's public directory identifies Caylie Surrena in Jonesboro, Georgia and associates her with W1N Sales. This makes W1N a serious immediate-parent candidate, but the precise role and dates still need preservation.

BEST UPGRADE ARTIFACT

Preserve Surrena's full LinkedIn work-history view, a W1N team/promotions post, or a resume showing role and dates at W1N before Trinity's 2024 formation.

P11 | W1N -> SURRENA -> TRINITY

Trinity appears to be a downstream branch of the W1N environment.

This also creates a possible two-generation Atlanta expansion pattern downstream of Daniel Giannone.

Gateway -> W1N Already documented through Daniel Giannone in Side Branch 08.	STRONG / PERSON CONTINUITY
W1N -> Caylie Surrena LinkedIn directory associates Surrena with W1N; full chronology still needs preservation.	STRONG / OPEN DATES
Caylie Surrena -> Trinity Results Formation notice and current Trinity team page independently tie Surrena to Trinity.	CONFIRMED
Trinity launch at 1145 Zonolite Useful Atlanta continuity, but not enough to prove an exact-suite handoff.	SAME-BUILDING SUPPORT

E11 | DOSSIER DECISION

Trinity Results should be moved out of the unplaced-node section.

The branch now has a named CEO, a formation record, a W1N personnel association, and meaningful Atlanta address continuity.

Trinity Results / Caylie Surrena	CONFIRMED
Trinity formation at 1145 Zonolite	CONFIRMED
Trinity face-to-face / direct-sales model	CONFIRMED SUPPORT
Caylie Surrena association with W1N	STRONG / PUBLIC PROFILE
W1N -> Trinity branch hypothesis	STRONG / NEAR-PLACED
FINAL CLASSIFICATION W1N SALES -> CAYLIE SURRENA -> TRINITY RESULTS STRONG / NEAR-PLACED SIDE BRANCH	
SINGLE BEST UPGRADE ARTIFACT Preserve a full W1N-era work-history artifact for Caylie Surrena with role and dates. That is the cleanest path to CONFIRMED person-level lineage.	

SIDE BRANCH 12

Peyton Timmermeyer

-> Banquet Executives, Inc.

A real direct-sales node, but the immediate upstream parent remains unresolved.

CORE FINDING

Banquet Executives belongs in the investigation - but not yet in a closed lineage.

Current job records show a customer-facing direct-sales company with internal advancement, leadership development, and an Amazon Business B2B campaign. LinkedIn publicly associates Peyton Timmermeyer with Banquet Executives. What we still do not have is the prior-office or promotion artifact that would place Peyton under a known parent.

CURRENT CLASSIFICATION

CONFIRMED OPERATING NODE / PEYTON ASSOCIATION PUBLIC / IMMEDIATE PARENT OPEN.

E12A | COMPANY MODEL

Banquet Executives is clearly a direct-sales and advancement-oriented company.

Current recruiting and job materials describe the company in terms that closely match the outsourced-sales owner-development environment.

BANQUET EXECUTIVES, INC.

Sales model	Customer-facing direct sales
Entry-level pathway	Paid training; no prior sales experience required in some postings
Advancement	Promote from within; leadership development; clear growth opportunities
Recruiting language	Competitive / sports-minded / goal-oriented
Core values	Student Mentality, Honesty, Discipline
Current regions	Southern Illinois / St. Louis plus current Atlanta-area hiring

NETWORK RELEVANCE

STRONG CONTEXT

The company's training, direct-sales, and internal-advancement model is highly relevant to this investigation.

CONTROL

Operating-model similarity does not identify a parent company or prove Cydcor affiliation by itself.

IMPORTANT GEOGRAPHY NOTE

Public recruiting shows Banquet operating in Southern Illinois / St. Louis and also hiring around Atlanta. The dossier does not assume one city was the original launch market without a corporate filing or first-party history.

E12B | CLIENT / CAMPAIGN EVIDENCE

Banquet Executives is currently recruiting for a specific Amazon Business B2B campaign.

This is useful campaign evidence because it moves the company beyond generic 'marketing' language.

ACCOUNT EXECUTIVE - ATLANTA

Setting	Business-to-business
Target	Small to medium businesses
Client named in posting	Amazon Business
Offer	Free business account intended to help customers save money
Role	Sales and ongoing account management

WHAT THIS PROVES

Banquet is performing identifiable outsourced B2B customer-acquisition work for a named major brand.

WHAT IT DOES NOT PROVE

The posting does not name Cydcor, an upstream sales broker, or the office from which Peyton was developed.

RESEARCH VALUE

The named Amazon Business campaign gives us a concrete thread for future cross-office comparison. If another known branch advertises the same campaign during the same period, that could reveal an upstream cluster.

E12C | PERSON-LEVEL EVIDENCE

Peyton Timmermeyer is publicly associated with Banquet Executives.

The public LinkedIn directory confirms the company association but does not expose enough role history to establish the parent office.

PUBLIC DIRECTORY RESULT

Person	Peyton Timmermeyer
Location shown	Nashville, Illinois
Company shown	Banquet Executives
What is missing	Title, start date, prior employer, promotion history

USE WITH CONFIDENCE

Peyton Timmermeyer is associated with Banquet Executives.

DO NOT CLAIM

Do not call Peyton the founder, president, owner, or downstream promotee without a role-specific source.

PRIMARY MISSING ARTIFACT

A full LinkedIn employment history, first-party company bio, corporate filing, or promotion post showing Peyton's role and prior office. That is the single most important missing item.

R12 | IMMEDIATE PARENT SEARCH

The parent remains unresolved after a focused search

This is a useful negative result: the current public web does not support forcing Banquet under Trinity, W1N, Icon, Evolution, or another known branch.

SEARCHED FOR DIRECT PRE-BANQUET LINKS

- W1N Sales
- Trinity Results
- Icon Sales / ICON Sales Team
- Evolution Sales
- Atlanta-area direct-sales predecessors
- Peyton-specific sales and management history

GOOD RESEARCH DISCIPLINE

No credible direct parent artifact surfaced, so the branch stays open rather than being connected by similarity alone.

BEST FUTURE LEADS

Corporate formation records, Peyton's full work history, launch announcements, and campaign-overlap posts.

TREE TREATMENT

UNKNOWN PARENT --?--> PEYTON TIMMERMEYER -> BANQUET EXECUTIVES

Keep the upstream arrow dashed and unlabeled until a specific predecessor office is found.

E12 | DOSSIER DECISION

Banquet Executives stays in the binder as an UNPLACED / ACTIVE RESEARCH NODE.

Unlike Ibericus and Trinity, this pass did not uncover enough personnel evidence to move Banquet into a known lineage.

Banquet Executives is an active direct-sales company	CONFIRMED
Amazon Business B2B campaign	CONFIRMED PUBLIC
Internal training / advancement model	CONFIRMED SUPPORT
Peyton Timmermeyer associated with Banquet	PUBLIC PROFILE SUPPORT
Peyton's role / ownership status	OPEN
Immediate parent office	OPEN / UNPLACED
FINAL CLASSIFICATION PEYTON TIMMERMEYER / BANQUET EXECUTIVES UNPLACED - ACTIVE RESEARCH NODE	
SINGLE BEST NEXT TARGET Recover Peyton Timmermeyer's full employment chronology immediately before Banquet Executives. That is the shortest path to finding the parent.	

SIDE BRANCH 13

Evolution Sales, Inc.

-> Jonah Mead-Vancort -> First Coast Sales Group

A strong downstream person-continuity branch with an unresolved upstream parent.

CORE FINDING

Evolution Sales is firmly anchored to Jonah Mead-Vancort - and Jonah later appears as president of First Coast Sales Group.

Being a firm conclusion in this case, Evolution Sales, Inc. at 1145 Zonolite Rd NE, Suite 7, Atlanta, with Jonah Mead-Vancort as initial registered agent in October 2022. Current Florida records identify Jonah as President of First Coast Sales Group, Inc. The upstream parent above Evolution remains unresolved.

CURRENT CLASSIFICATION

EVOLUTION -> JONAH -> FIRST COAST = CONFIRMED DOWNSTREAM CONTINUITY. PARENT ABOVE EVOLUTION = OPEN.

E13A | GEORGIA INCORPORATION

Evolution Sales is directly tied to Jonah at formation.

A Georgia legal notice published in October 2022 provides the launch-era company, address, and registered-agent record.

EVOLUTION SALES, INC.

Publication	The Champion - Oct. 13 / Oct. 20, 2022
Entity	Evolution Sales, Inc.
Initial office	1145 Zonolite Rd NE, Suite 7, Atlanta, GA 30306
Initial registered agent	Jonah Mead-Vancort
Evidence value	Launch-era legal record directly connecting Jonah to the company

PERSON -> COMPANY

CONFIRMED

Jonah is tied to Evolution at incorporation, not just through a later directory or employee profile.

ADDRESS EVIDENCE

EXACT SUITE

Evolution launched at 1145 Zonolite Rd NE, Suite 7 - a major address in the Atlanta side-branch cluster.

CONTROL

A registered-agent filing confirms Jonah's legal tie to Evolution, but does not by itself identify who trained or promoted him before the company formed.

E13B | ATLANTA LAUNCH HUB

Evolution appears first in the same Suite 7 sequence later used by several other investigated branches.

This exact suite chronology is one of the most important structural findings from the Atlanta cleanup.

1145 ZONOLITE RD NE - SUITE 7

Oct. 2022	Evolution Sales, Inc. - Jonah Mead-Vancort
Apr. 2023	ICON Sales Team, Inc. - Kevin Fuller
Aug. 2024	Monarch Sales, Inc. - John-Paul Ellis
2024	Wolfe Perseverance - Lillian Wolfe branch research

STRUCTURAL FINDING

VERY STRONG HUB

Multiple independent owner-led companies appear at the exact same suite in sequence.

DO NOT OVERSTATE

Exact-suite succession does not prove Evolution directly trained Kevin Fuller, JP Ellis, or Lillian Wolfe.

BINDER IMPLICATION

Evolution should be added to the 1145 Zonolite / Suite 7 hub chronology as the earliest currently documented sales-office occupant in this branch sequence.

E13C | AT&T FIBER / DIRECT SALES

Surviving employee history confirms Evolution's direct-sales operating model.

A former Evolution employee's public resume gives specific campaign and advancement details.

EVOLUTION SALES - EMPLOYEE HISTORY

Employee role	Junior Partner / Acquisition Specialist
Dates	Apr. 2022 - Dec. 2022
Campaign	AT&T Fiber residential accounts
Sales model	Direct B2C / residential sales
Management	Managed an internal team of 8-10 specialists
Development	Recruiting, onboarding, professional development, sales training

WHAT THIS PROVES

Evolution operated a real customer-acquisition and internal-development sales organization.

PREDECESSOR SIGNAL

The same employee worked at LJC Business Partners immediately before Evolution, creating a possible organizational lead - but not a Jonah-specific parent link.

EVIDENCE DISCIPLINE

LJC -> Evolution should remain a RESEARCH LEAD only until Jonah himself, or a launch/promotion artifact, directly links the two companies.

E13D | FIRST COAST SALES GROUP

Jonah later appears as president of another sales company in Florida.

Florida corporate data and Jonah's current LinkedIn profile independently support the downstream transition.

FIRST COAST SALES GROUP, INC.

Florida filing date	Aug. 7, 2025
Leader	Jonah Mead-Vancort - President
Other roles	Secretary, Treasurer, Director, Registered Agent
Current geography	Jacksonville / northeast Florida
Jonah LinkedIn	Current company shown as First Coast Sales Group
Current sales signal	Jonah publicly recruits Spectrum business representatives

JONAH -> FIRST COAST

CONFIRMED

Corporate records independently identify Jonah as First Coast's president and controlling officer-level principal.

SEQUENCE

STRONG CONTINUITY

Evolution in Atlanta is followed by First Coast in Florida under the same named principal.

CURRENT CAMPAIGN CLUE

Jonah's public Spectrum recruiting activity may help connect First Coast to a broader telecom campaign network, but campaign identity alone does not establish an upstream sales broker.

P13 | EVOLUTION -> JONAH -> FIRST COAST

The downstream lineage is clear; the upstream lineage is still open.

This branch also materially strengthens the 1145 Zonolite Suite 7 hub chronology.

Evolution Sales -> Jonah Mead-Vancort 2022 Georgia formation notice names Jonah as initial registered agent.	CONFIRMED
Evolution at 1145 Zonolite Suite 7 Exact-suite predecessor to later Icon / Monarch / Wolfe branch activity.	CONFIRMED
Evolution operating model AT&T Fiber direct B2C sales, team leadership, recruiting, and training.	CONFIRMED SUPPORT
Jonah Mead-Vancort -> First Coast Florida corporate record names Jonah as President; LinkedIn shows current First Coast role.	CONFIRMED
Parent above Evolution No defensible Jonah-specific predecessor office was established in this pass.	OPEN

E13 | DOSSIER DECISION

Evolution Sales should be moved out of the unplaced-node section.

It now has a confirmed principal, a launch-era legal record, exact-suite hub continuity, a documented sales model, and a confirmed downstream company.

Evolution Sales / Jonah Mead-Vancort	CONFIRMED
1145 Zonolite Suite 7 launch address	CONFIRMED
AT&T Fiber / direct-sales operating model	CONFIRMED SUPPORT
Evolution -> First Coast person continuity	CONFIRMED DOWNSTREAM
LJC Business Partners -> Evolution	RESEARCH LEAD ONLY
Immediate parent above Evolution	OPEN
FINAL CLASSIFICATION EVOLUTION SALES -> JONAH MEAD-VANCORT -> FIRST COAST SALES GROUP CONFIRMED DOWNSTREAM BRANCH / UPSTREAM PARENT OPEN	
SINGLE BEST NEXT TARGET Recover Jonah Mead-Vancort's Atlanta and St. Louis work-history entries immediately before Evolution. That is the shortest path to finding the parent.	

SIDE BRANCH 14

Broad Street Marketing / Philadelphia Marketing Executives / Jordan Mitchell Group

Blue Bell, Pennsylvania identity continuity - parent still unresolved.

CORE FINDING

Broad Street Marketing and Philadelphia Marketing Executives are the same operating node for binder purposes.

Both names in one business profile at 492 Norristown Rd, Suite 163, Blue Bell, with one phone number. Employee history later uses the combined label 'Broad Street Marketing/Jordan Mitchell Group,' creating a probable successor or rebrand lead. The immediate parent above the Blue Bell office remains open.

CURRENT CLASSIFICATION

BROAD STREET = PHILADELPHIA MARKETING EXECUTIVES: CONFIRMED OPERATING IDENTITY.
JORDAN MITCHELL GROUP: PROBABLE CONTINUITY. PARENT OPEN.

E14A | BROAD STREET = PHILADELPHIA MARKETING EXECUTIVES

The two Blue Bell names can now be collapsed into one operating node.

BBB does not list these as separate businesses. It presents them together in one profile with one address and one phone number.

BBB BUSINESS PROFILE

Profile name	Philadelphia Marketing Executives / Broad Street Marketing
Address	492 Norristown Rd, Suite 163, Blue Bell, PA 19422
Phone	610-828-4851
Category	Marketing Consultant
BBB file opened	April 28, 2014

IDENTITY CONTINUITY

CONFIRMED OPERATING NODE

For the binder, these two names should no longer be carried as unrelated unplaced companies.

LEGAL CAUTION

The BBB profile proves operating identity treatment, not necessarily a formal Pennsylvania legal-name amendment.

MASTER-INDEX CHANGE

E043 Broad Street Marketing and E044 Philadelphia Marketing Executives should be merged or cross-referenced as one Blue Bell continuity node rather than two separate unknowns.

E14B | OPERATING MODEL

Philadelphia Marketing Executives was a client-acquisition and commercial-accounts sales organization.

A surviving company directory profile preserves the firm's own operating description and founding period.

PHILADELPHIA MARKETING EXECUTIVES, INC.

Location	Blue Bell, Pennsylvania
Founded	2012, according to ContactOut company profile
Size	11-50 employees
Industry	Marketing & Advertising
Client work	Commercial accounts
Keywords	Sales, Marketing, Customer Relationships, Client Acquisitions

NETWORK RELEVANCE

STRONG CONTEXT

The preserved description is explicitly sales/client-acquisition oriented rather than a conventional advertising-agency profile.

DATE CONTROL

Use 2012 as a directory-sourced founding claim, not a legal formation date unless a Pennsylvania corporate record is preserved.

PARENT STATUS

The operating profile gives no founder, president, trainer, parent office, Cydcor reference, or upstream broker. That gap remains material.

E14C | PERSONNEL EVIDENCE

Employee records reinforce the Broad Street / PME identity and expose a later Jordan Mitchell Group label.

The surviving personnel evidence is useful for operating continuity, but not yet sufficient to reconstruct ownership.

SURVIVING PERSONNEL RECORDS

2013	Multiple public career profiles list Account Executive roles at Philadelphia Marketing Executives
Broad Street	LinkedIn search identifies employees at Broad Street Marketing in Blue Bell
2014-2015	Brandon Cotten lists Client Coordinator / Account Executive at 'Broad Street Marketing/Jordan Mitchell Group'
Email evidence	The same profile preserves a broadstmarketing.com email address

BROAD STREET / PME

VERY STRONG CONTINUITY

BBB identity lock plus contemporaneous employee records support treating these names as one office history.

JORDAN MITCHELL GROUP

PROBABLE SUCCESSOR / REBRAND

The combined employee label is meaningful, but no formal rebrand, assumed-name, or ownership record has been preserved.

DO NOT OVERSTATE

Do not infer that a person named Jordan Mitchell owned the company merely from the 'Jordan Mitchell Group' business name. No owner identity was established in this pass.

P14 | BLUE BELL OPERATING-LABEL SEQUENCE

The strongest conclusion is identity continuity, not genealogy.

This branch should be drawn as a continuity chain inside one Blue Bell node, with the upstream parent left open.

E14 | DOSSIER DECISION

Broad Street and Philadelphia Marketing Executives should no longer occupy two separate unplaced slots.

The research now supports one Blue Bell operating node with a probable later Jordan Mitchell Group label and an unresolved upstream parent.

Broad Street / PME same operating node	CONFIRMED
492 Norristown Rd Suite 163 continuity	CONFIRMED
Sales / client-acquisition operating model	CONFIRMED SUPPORT
Jordan Mitchell Group continuity	PROBABLE
Owner / founder identity	OPEN
Immediate parent office	OPEN
FINAL CLASSIFICATION BROAD STREET MARKETING / PHILADELPHIA MARKETING EXECUTIVES CONFIRMED IDENTITY CONTINUITY NODE / UPSTREAM PARENT OPEN	
SINGLE BEST NEXT TARGET Find the Blue Bell office's founder or owner and their employment history immediately before 2012. That is the key to turning continuity into genealogy.	

SIDE BRANCH 15

Walker Marketing & Consultants -> 524 Executives

Ohio identity continuity with a solid Walker company anchor and an archive-only 524 transition.

CORE FINDING

Walker Marketing is independently confirmed; the 524 transition remains an archive continuity finding.

BBB identifies Walker Marketing & Consultants, Inc. as a Dublin, Ohio outsourced sales and marketing firm led by Brandon Walker, incorporated in 2008. The project archive already classifies 524 Executives as an identity-continuity successor to Walker, but the current public web pass did not recover a strong independent 524 corporate artifact.

WALKER MARKETING

Brandon Walker - President
outsourced sales

524 EXECUTIVES

archive continuity
public artifact gap

CURRENT CLASSIFICATION

WALKER = CONFIRMED OPERATING NODE. WALKER -> 524 = IDENTITY CONTINUITY IN ARCHIVE / PUBLIC VERIFICATION INCOMPLETE.

E15A | WALKER MARKETING & CONSULTANTS, INC.

Walker is one of the better-anchored Ohio sales offices in the cleanup section.

BBB provides incorporation, leadership, address, and business-model information.

BBB BUSINESS PROFILE

Entity	Walker Marketing & Consultants, Inc.
Address	6077 Frantz Rd, Suite 205, Dublin, OH 43017
Business started	Jan. 1, 2009
Incorporated	Nov. 12, 2008
President	Brandon Walker
Company description	Sales and marketing firm for large companies; outsourced sales

OPERATING NODE

CONFIRMED

The Walker company, principal, location, and outsourced-sales model are independently public.

LONGEVITY

2008 / 2009 ORIGIN

The company was established well before the later identity-continuity lead involving 524 Executives.

CONTROL

BBB's company description confirms outsourced sales, but it does not identify Cydcor or a parent sales broker.

Employee evidence matches the direct B2B sales profile.

Public employee and interview records describe field sales, management training, and energy-sector work.

SURVIVING PUBLIC EVIDENCE

LinkedIn	Multiple Columbus/Dublin employees list Walker Marketing & Consultants
Role evidence	Account Executive and Executive Trainer titles appear publicly
Interview history	2017 candidate reports energy-sector / deregulation work
Employee review	2020 reviewer describes traveling to businesses for face-to-face selling
Institutional record	Kent State's 2018 Columbus internship program lists Walker Marketing & Consultants

MODEL MATCH

STRONG CONTEXT

The public record is consistent with face-to-face outsourced sales and internal training.

SOURCE DISCIPLINE

Anonymous reviews support operating context only; they are not used to establish genealogy or ownership.

WHY THIS PAGE EXISTS

Walker is independently real and structurally relevant. That matters because the 524 question is an identity-transition issue, not a question of whether Walker itself existed.

E15C | ARCHIVE-BASED IDENTITY TRANSITION

The project archive already treats 524 Executives as Walker's identity-continuity successor.

The master index does not classify 524 as an independent parent or child branch; it classifies it as identity continuity.

ARCHIVE STATUS

IDENTITY CONTINUITY

The existing investigation index explicitly records Walker Marketing & Consultants -> 524 Executives as an Ohio identity-continuity node and calls for preservation of the name/identity transition records.

CURRENT PUBLIC-WEB LIMIT

This fresh pass did not surface a sufficiently strong independent 524 Executives corporate page, filing, leader profile, or archived website that would let us upgrade the transition beyond the project's archive classification.

R15 | WHAT WOULD CLOSE WALKER -> 524

This is now a preservation problem more than a dis

We already know the investigation previously captured a Walker-to-524 transition. The remaining job is to recover the exact source that made that conclusion possible.

BEST CLOSURE ARTIFACTS

- Ohio Secretary of State filing showing a legal name change or assumed name
- Archived Walker website redirecting to 524 Executives
- Same Brandon Walker principal across both legal identities
- Same address / phone / staff during the transition window
- First-person company announcement explaining the rebrand

CURRENT SAFE CLAIM

Walker Marketing is a confirmed outsourced-sales office. The project archive records 524 as its successor identity.

CURRENT UNSAFE CLAIM

Do not claim a formal legal rename, exact transition date, or separate 524 owner without the original continuity artifact.

TREE TREATMENT

WALKER MARKETING & CONSULTANTS ==> 524 EXECUTIVES

Use an identity-continuity connector, not a parent-child genealogy arrow.

Walker / 524 belongs in the binder as an identity-continuity node, not a genealogy branch.

The Walker endpoint is independently strong. The 524 half remains dependent on the investigation archive until the original transition record is recovered.

Walker Marketing & Consultants legal/operating company	CONFIRMED
Brandon Walker as President	CONFIRMED
Outsourced sales operating model	CONFIRMED SUPPORT
Walker -> 524 identity continuity	ARCHIVE / STRONG
Formal legal name-change mechanism	OPEN
Immediate parent above Walker	OPEN
FINAL CLASSIFICATION WALKER MARKETING & CONSULTANTS ==> 524 EXECUTIVES IDENTITY CONTINUITY - ARCHIVE / STRONG	
SINGLE BEST NEXT TARGET Recover the Ohio filing or archived company artifact that explicitly documents the Walker-to-524 name / identity transition.	

SIDE BRANCH 16

Rockland Incorporated

-> Andrew Breuninger -> Jonathan Wesley

A strong person-continuity node, but not a clean company-succession chain.

CORE FINDING

Rockland can now be tied to Andrew Breuninger, and Breuninger is independently confirmed as President of Jonathan Wesley.

Andrew Breuninger identifies Rockland Incorporated in Troy, Michigan with Andy Breuninger on a T-Mobile campaign. Independent corporate/company profiles place Rockland in Troy. Later first-party press releases identify Andrew Breuninger as President of Jonathan Wesley in Illinois. Because Jonathan Wesley says it was founded in 2003, Rockland should not be drawn as its simple predecessor.

CURRENT CLASSIFICATION

ROCKLAND -> BREUNINGER = STRONG HISTORICAL LINK. BREUNINGER -> JONATHAN WESLEY = CONFIRMED LEADERSHIP. COMPANY SUCCESSION = NOT PROVEN.

E16A | ROCKLAND INCORPORATED

Rockland is independently identifiable as a Troy, Michigan marketing company.

The surviving company profile and campaign list agree on the same city and marketing context.

ROCKLAND INCORPORATED

Headquarters	Troy, Michigan
Industry	Marketing and Advertising
Historical website	rocklandinc.net
Historical LinkedIn	Rockland Incorporated company profile
Approx. size	1-10 employees in surviving aggregator

COMPANY NODE

CONFIRMED PUBLIC FOOTPRINT

Rockland existed as a distinct Troy marketing company with its own website and company profile.

MISSING CORPORATE DETAIL

This pass did not recover a Michigan formation filing, dissolution date, or full officer roster.

WHY THIS STILL MATTERS

The public company footprint corroborates that the 2011 campaign-list reference is pointing to a real Troy marketing office rather than a stray company name.

E16B | ROCKLAND / ANDY BREUNINGER / T-MOBILE

A 2011 historical campaign list connects all three pieces.

The list is secondary and critical in tone, so it is useful as an archival lead rather than a regulator-grade source.

SURVIVING 2011 LIST ENTRY

Company	Rockland Incorporated
Named person	Andy Breuninger
Campaign	T-Mobile
City	Troy, Michigan
Context	Listed alongside many outsourced-sales offices and campaign assignments

PERSON LINK

STRONG HISTORICAL SUPPORT

The name, city, company, and campaign align coherently with the independent Rockland company footprint.

SOURCE LIMIT

This is not a corporate filing or first-party biography. Treat it as strong archive evidence, not a confirmed ownership record.

DO NOT OVERSTATE

Do not say Rockland was a Cydcor office solely from this list. The list establishes a T-Mobile campaign association and Breuninger/Rockland link, not the upstream broker.

E16C | ANDREW BREUNINGER AT JONATHAN WESLEY

Breuninger's later leadership of Jonathan Wesley is independently confirmed.

Multiple first-party press releases identify Andrew Breuninger as President of Jonathan Wesley.

JONATHAN WESLEY

Leader

Andrew Breuninger - President

Headquarters

Illinois / Oakbrook Terrace area

Operating model

Outsourced marketing, retail consulting, client acquisition

Campaign

Renewable-energy client campaigns in 2016-2018 press releases

Company history

First-party releases state Jonathan Wesley was founded in 2003

BREUNINGER -> JW

CONFIRMED LEADERSHIP

Jonathan Wesley's own releases repeatedly identify Breuninger as company President.

NETWORK MODEL

STRONG CONTEXT

The company describes outsourced marketing, client acquisition, leadership development, and campaign-based performance.

IMPORTANT DATE CONFLICT

Jonathan Wesley says it was founded in 2003, while Rockland is documented in 2011. Therefore Rockland cannot simply be labeled 'the company Andrew later renamed Jonathan Wesley.'

R16 | PERSON CONTINUITY VS. COMPANY SUCCESSION

The same person links Rockland and Jonathan Wesley, but the companies' chronology prevents a simple arrow.

This is a classic case where person-level continuity is stronger than legal/company-level genealogy.

SAFE TREE TREATMENT

ROCKLAND -> ANDREW BREUNINGER -> [PERSON CONTINUITY] -> JONATHAN WESLEY

Do not use a company-successor arrow between Rockland and Jonathan Wesley unless a first-person or corporate artifact explains the relationship.

Rockland should be moved out of the completely unplaced bucket.

We can now place the company around Andrew Breuninger and a T-Mobile campaign, while preserving the unresolved relationship to his Jonathan Wesley leadership.

Rockland Incorporated / Troy company footprint	CONFIRMED PUBLIC
Rockland / Andy Breuninger / T-Mobile association	STRONG ARCHIVE
Andrew Breuninger / Jonathan Wesley leadership	CONFIRMED
Rockland -> Jonathan Wesley legal succession	NOT PROVEN
Immediate parent above Rockland	OPEN
FINAL CLASSIFICATION ROCKLAND INC. -> ANDREW BREUNINGER -> JONATHAN WESLEY STRONG PERSON CONTINUITY / COMPANY RELATIONSHIP OPEN	
SINGLE BEST NEXT TARGET Find Andrew Breuninger's full 2008-2014 work history or an archived Rockland/Jonathan Wesley biography explaining why both names existed during the same era.	

SIDE BRANCH 17

Integra Sales Associates -> Meghan Wilson -> Wolf Management

A previously unplaced North Carolina node now has a strong St. Louis personnel bridge.

MAJOR FINDING

Wolf Management is no longer best treated as completely unplaced.

Wolf Management publicly identifies Meghan Wilson as President & CEO. Integra Sales Associates' LinkedIn page independently lists Meghan Wilson among its employees, and Meghan's own LinkedIn history shows prior St. Louis-area roles before Wolf. A first-person LinkedIn recommendation also places her working with an Integra intern. The exact pre-launch title and dates remain incompletely exposed.

CURRENT CLASSIFICATION

INTEGRA -> MEGHAN WILSON = STRONG / MULTI-SOURCE. WILSON -> WOLF MANAGEMENT = CONFIRMED FIRST-PARTY.

E17A | WOLF MANAGEMENT, INC.

Wolf Management is a clearly identifiable Charlotte B2B face-to-face sales firm.

The company's own website supplies the leader, location, and operating model.

WOLF MANAGEMENT

Leader	Meghan Wilson - President & CEO
Location	436 East 36th Street, Charlotte, NC 28205
Sales model	Business-to-business, face-to-face sales
Team roles	Sales professionals and brand ambassadors
Development model	Internal promotion, hands-on training, mentorship, leadership development

WILSON -> WOLF

CONFIRMED FIRST-PARTY

Wolf's own team page directly identifies Meghan Wilson as President & CEO.

NETWORK MODEL

STRONG CONTEXT

The company describes direct B2B selling plus promotion-from-within and management development.

CONTROL

Wolf's own site does not name Integra, Cydcor, or an upstream sales broker. The upstream placement therefore depends on personnel evidence.

E17B | PERSONNEL BRIDGE

Meghan Wilson has multiple independent traces inside the Integra Sales Associates environment.

No single source gives the complete job chronology, but the combined record is substantial.

MULTI-SOURCE INTEGRA EVIDENCE

Integra LinkedIn	Meghan Wilson appears in the company's employee list
Recommendation	Meghan wrote that she worked with a summer intern at Integra Sales Associates
Personal LinkedIn	Shows multiple St. Louis / Missouri-area experience entries before current Wolf role
Third-party review	A 2025 Integra reviewer claimed Meghan was listed as an Executive Partner on Integra's website

SAFE CLAIM

Meghan Wilson worked within / was publicly associated with Integra Sales Associates before Wolf.

NOT YET SAFE

Do not lock 'Executive Partner' as her official title until the original Integra page or another first-party title record is preserved.

EVIDENCE GRADE

STRONG / MULTI-SOURCE PERSONNEL LINK

E17C | INTEGRA SALES ASSOCIATES

Integra's public operating model closely matches the environment Wolf later describes.

This does not prove parentage by itself, but it strengthens the personnel-sequence interpretation.

INTEGRA SALES ASSOCIATES, INC.

Headquarters	St. Louis, Missouri
Founded	2019, per LinkedIn company profile
Industry	Marketing Services
Model	Third-party marketing and sales consulting
Development	Training, advancement, recognition, leadership and personal development
Current LinkedIn	Meghan Wilson remains visible among listed employees

SEQUENCE FIT

STRONG

Integra and Wolf both emphasize direct selling, training, advancement, and leader development.

REVIEW EVIDENCE

Anonymous reviews explicitly allege a Wolf-from-Integra ownership path. They are corroborative leads only, not proof.

DISCIPLINE

The branch is graded from the combined personnel evidence. Similar websites or matching sales language are supporting context, not the core lineage evidence.

P17 | INTEGRA -> MEGHAN WILSON -> WOLF MANAGEMENT

The cleanest current reconstruction is a strong personnel handoff into a confirmed owner/leader endpoint.

The exact promotion title, launch date, and ownership mechanism remain the only meaningful gaps.

E17 | DOSSIER DECISION

Wolf Management should be moved out of the fully unplaced section.

The evidence now supports placing Meghan Wilson inside the Integra environment before the confirmed Wolf Management leadership endpoint.

Wolf Management / Meghan Wilson leadership	CONFIRMED FIRST-PARTY
Wolf B2B face-to-face sales model	CONFIRMED SUPPORT
Meghan Wilson association with Integra	STRONG / MULTI-SOURCE
Integra -> Wolf direct promotion/launch artifact	OPEN
Immediate parent above Integra	OPEN
FINAL CLASSIFICATION INTEGRA SALES ASSOCIATES -> MEGHAN WILSON -> WOLF MANAGEMENT STRONG / NEAR-CONFIRMED SIDE BRANCH	
SINGLE BEST NEXT TARGET Recover Meghan Wilson's exact Integra title and dates, ideally from an archived Integra team page or full LinkedIn experience record.	

SECTION 6

CLEANUP NODES

Final unplaced-node review and classification corrections

PRINT TAB

CLEANUP NODES

Use this page as the front divider for the section.

SECTION STARTS ON MASTER BINDER PAGE 223

CLEANUP NODE 01

C3 Orlando

Direct marketing / donor-acquisition node

Relevant operating pattern - but no defensible parent or owner genealogy yet.

CORE FINDING

C3 Orlando is a real Orlando direct-marketing organization, but this pass did not close it into the Cydoor tree.

Identified services are company's own description: direct marketing and advertising campaigns, client and donor communication, employee development, and planned expansion throughout the United States. The surviving public record does not identify a founder, president, prior office, Cydcor, or another known parent branch.

C3 ORLANDO

14 E Washington St
Suite 500 - Orlando

UPSTREAM PARENT

UNRESOLVED

owner identity also open

CURRENT CLASSIFICATION

RELEVANT DIRECT-MARKETING NODE / OWNER OPEN / PARENT OPEN / KEEP UNPLACED.

E-C3A | IDEALIST COMPANY PROFILE

C3 Orlando's public profile matches a face-to-face direct-marketing and

donor-acquisition environment.

The company joined Idealist in September 2021 and listed an Orlando office plus a direct-marketing mission.

C3 ORLANDO - PUBLIC PROFILE

Address	14 E Washington St, Suite 500, Orlando, FL 32801
Contact	careers@c3orlando.org
Public listing	Joined Idealist in September 2021
Marketing model	Direct and effective marketing campaigns
Audience	Potential clients and donors
Development language	Growth, work ethic, continued learning, business tools
Expansion language	Gain market share and expand throughout the U.S.

WHAT THIS PROVES

C3 Orlando is not just a generic branding shop; its own profile emphasizes direct campaigns, client/donor communication, training, and expansion.

WHAT IT DOES NOT PROVE

The profile does not identify a founder, owner, parent office, sales broker, campaign intermediary, or Cydcor relationship.

E-C3B | FLORIDA 'C3 ORLANDO' RECORD

Florida records contain an older 'C3 ORLANDO' name - but it should not be assumed to be this company.

The Florida Division of Corporations search shows an inactive C3 ORLANDO record with document number T12000000925.

SUNBIZ SEARCH RESULT

Name	C3 ORLANDO
Document number	T12000000925
Status	Inactive
Record type signal	T-prefix indicates a trade-name / trademark-type record rather than a standard P/L Florida corporation number
Time problem	The number dates to the 2012 era, while the current C3 Orlando public profile appears in 2021

DO NOT MERGE

There is not enough evidence to treat the 2012-era Florida name record as the legal identity behind the 2021 C3 Orlando recruiting operation.

WHY KEEP IT

It is still worth preserving as a name-collision lead so future research does not accidentally treat it as a corporate formation match.

EVIDENCE DISCIPLINE

Current conclusion: the older Sunbiz name record is AMBIGUOUS / POSSIBLY UNRELATED. It should not be used to establish C3 Orlando's founding date or ownership.

R-C3 | UPSTREAM SEARCH

No defensible upstream person or parent office su

The operating model is relevant, but model similarity is not enough to assign genealogy.

SEARCHED FOR

- Founder / owner / president tied to c3orlando.org
- Employee profiles naming a prior outsourced-sales office
- Connections to Cydcor, Integra, South, W1N, Icon or other known branches
- Same-address predecessor offices at 14 E Washington St, Suite 500
- Launch or expansion announcements naming a trainer / parent company

RESULT

COMPANY RELEVANCE CONFIRMED

C3 clearly belongs in the outsourced/direct-marketing cleanup universe.

GENEALOGY RESULT

NO PARENT FOUND

No person-level or launch artifact currently justifies attaching C3 to the tree.

TREE TREATMENT

UNKNOWN PARENT --?--> C3 ORLANDO

Keep as an unplaced node with a direct-marketing / donor-acquisition tag.

E-C3 | CLEANUP DECISION

C3 Orlando stays unplaced - but the node is now much better defined.

We now know what kind of company it was, where it operated, when its current public footprint appears, and which apparent Florida record should be treated cautiously.

C3 Orlando public operating profile	CONFIRMED
Orlando address / Suite 500	CONFIRMED PUBLIC
Direct marketing / client-donor campaign model	CONFIRMED SUPPORT
Founder / owner / president identity	OPEN
Immediate parent office	OPEN / UNPLACED
2012-era Sunbiz 'C3 ORLANDO' record	AMBIGUOUS / POSSIBLY UNRELATED
FINAL CLASSIFICATION	
C3 ORLANDO	
UNPLACED DIRECT-MARKETING / DONOR-ACQUISITION NODE	
SINGLE BEST NEXT TARGET	
Recover a named C3 Orlando leader or employee with pre-C3 work history. Without a person bridge, further model-matching is unlikely to close the node.	

CLEANUP NODE 02

GES Consulting Enterprise

Woodinville / Seattle, Washington

A strongly relevant outsourced-sales node with a direct Cydcor allegation - but no defensible upstream genealogy yet.

CORE FINDING

GES clearly operated in the outsourced direct-sales model and sold Xfinity/Comcast in retail locations.

Glassdoor identifies Brian Lee as CEO and describes GES as a privately owned direct-marketing firm newly opened in Seattle. Employee reviews describe in-store sales, management training, and future office launches. One former-worker review explicitly says the office was an expansion from Southern California and alleges Cydcor affiliation. That allegation is important, but it is not enough to identify the parent office.

**GES CONSULTING
ENTERPRISE**

Woodinville, WA

UPSTREAM PARENT

UNRESOLVED

Southern California lead

CURRENT CLASSIFICATION

STRONGLY RELEVANT OUTSOURCED-SALES NODE / CYDCOR ALLEGATION = SECONDARY / IMMEDIATE PARENT OPEN.

E-GES-A | GES OPERATING PROFILE

GES is independently anchored as a Washington direct-marketing company.

Multiple public sources converge on the Woodinville office, website, direct-marketing model, and employee-development structure.

GES CONSULTING ENTERPRISE, INC.

Public office	16932 Woodinville-Redmond Rd NE, Suite A209, Woodinville, WA
Historical website	gesconsultingenterprise.com
Glassdoor leader	Brian Lee - CEO
Company description	Privately owned direct-marketing firm serving Fortune 500 clients
Mission language	Outsourced sales and marketing industry
Employee pathway	Sales -> interviews -> hiring/training -> management -> future business launch

OPERATING NODE

CONFIRMED PUBLIC FOOTPRINT

GES was a real Woodinville/Seattle direct-marketing office with identifiable employees and sales training.

LEADERSHIP CAUTION

Glassdoor names Brian Lee as CEO; a later data aggregator names Jane Kang. Without a legal filing, do not lock ownership from either alone.

E-GES-B | XFINITY / SOUTHERN CALIFORNIA / CYDCOR

The strongest genealogy clue comes from former-worker testimony, not a first-party corporate source.

That makes it valuable for direction-finding, but not enough for a confirmed tree arrow.

SURVIVING EMPLOYEE CLAIMS

Campaign	Comcast / Xfinity
Sales setting	Walmart / Best Buy retail locations
Office-development claim	Employees trained toward opening their own businesses
Expansion claim	A June 2018 reviewer calls GES an expansion from Southern California
Cydcor claim	A separate former-worker review explicitly alleges GES was connected to Cydcor

EVIDENCE GRADE

SECONDARY / DIRECTIONAL

The testimony is unusually specific, but anonymous review material is not sufficient to establish corporate lineage.

RESEARCH VALUE

HIGH

Southern California + Comcast/Xfinity gives a much narrower parent-search target than 'unknown Washington company.'

SAFE CLAIM

GES has a credible SECONDARY Cydcor lead. Do not promote that allegation to CONFIRMED until a Brian Lee work-history, Cydcor event/campaign artifact, or parent-office record is preserved.

E-GES-C | 2017-2018 OPERATING WINDOW

Independent career records confirm GES was active by 2017-2018.

This helps constrain the launch window even though the legal formation date was not recovered.

PUBLIC CAREER RECORDS

Giovanny Guthro	Senior Account Manager, GES - May 2017 to Jan. 2018
Ju S. Kim / FINRA	Account Manager, GES - Jul. 2018 to Nov. 2018, Woodinville
Taylor Graham	Junior Account Manager - Aug. 2018 to Oct. 2018
Glassdoor review	Senior Account Manager review posted Sept. 2018 describes Brian as CEO and GES as a young startup

TIMELINE

ACTIVE BY MAY 2017

That is the earliest currently surfaced employee date in this research pass.

LAUNCH WINDOW

LIKELY 2016-2017 ERA

This is an inference from employment and 'recently opened' language, not a legal incorporation date.

BEST PERSON TARGET

Brian Lee remains the key upstream person. Recovering his pre-GES employer in Southern California would likely solve this node.

E-GES | CLEANUP DECISION

GES remains unplaced in the genealogy, but it is now a high-priority directional node rather than a vague lead.

The branch has a confirmed operating profile, a 2017-2018 timeline, a Comcast/Xfinity retail campaign, and a specific Southern California/Cydcor allegation.

GES Consulting Enterprise operating company	CONFIRMED PUBLIC
Woodinville / Seattle office and historical domain	CONFIRMED
Outsourced direct-marketing / management-training model	CONFIRMED SUPPORT
Comcast / Xfinity retail campaign	STRONG REVIEW SUPPORT
Cydcor affiliation allegation	SECONDARY / UNCONFIRMED
Southern California immediate parent office	OPEN
FINAL CLASSIFICATION	
GES CONSULTING ENTERPRISE	
UNPLACED - STRONG CYDCOR DIRECTIONAL LEAD	
SINGLE BEST NEXT TARGET	
Find Brian Lee's employer immediately before GES in Southern California. That one artifact could turn this from a directional node into a placed branch.	

CLEANUP NODE 03

3MP Atlanta

-> William Ryckman -> Ryckatyk, Inc.

A previously unplaced Raleigh node now has a clear immediate predecessor candidate.

MAJOR FINDING

Ryckatyk can be tied directly to William Ryckman, whose prior role is publicly listed at 3MP Atlanta.

Glassdoor identifies William Ryckman as Ryckatyk's CEO and says the Raleigh company was founded in 2018. Ryckman's current career profile lists him as Assistant Manager at 3MP Atlanta from Aug. 2016 to Jun. 2018, followed immediately by President & CEO of Ryckatyk beginning Jun. 2018. This is the cleanest immediate-parent sequence found for Ryckatyk.

CURRENT CLASSIFICATION

3MP ATLANTA -> WILLIAM RYCKMAN -> RYCKATYK = STRONG / NEAR-CONFIRMED IMMEDIATE-PARENT SEQUENCE.

E-RYK-A | RALEIGH SALES FIRM

Ryckatyk is independently anchored as a Raleigh sales and marketing company.

Glassdoor and surviving recruiting material converge on the company identity, founder, launch year, and sales model.

RYCKATYK, INC.

Headquarters	Raleigh, North Carolina
Founded	2018
CEO	William Ryckman
Industry	Sales and marketing / advertising & public relations
Company response	Describes Ryckatyk as a sales firm generating new business for clients
Entry-level model	Lead-provided B2C sales
Development signal	Recruiting and professional-development internships in 2019

COMPANY / CEO

CONFIRMED PUBLIC PROFILE

William Ryckman is publicly identified as Ryckatyk's CEO and the firm is explicitly described as a sales company.

OPERATING MODEL

STRONG NETWORK MATCH

B2C client acquisition, training, recruiting, and advancement fit the broader owner-development model.

E-RYK-B | WILLIAM RYCKMAN AT 3MP ATLANTA

The chronology is unusually clean: Ryckman's 3MP role ends when Ryckatyk begins.

A current career profile lists the sequence directly.

WILLIAM RYCKMAN - CAREER SEQUENCE

3MP Atlanta	Assistant Manager - Aug. 2016 to Jun. 2018
Ryckatyk, Inc.	President & CEO - Jun. 2018 to Mar. 2020
Transition	No gap shown between the 3MP role and Ryckatyk launch
Independent social corroboration	A wedding-party biography says Ryckman and Daniel Mushrush met while working at 3MP Atlanta

PERSONNEL LINK

STRONG / DIRECT CHRONOLOGY

The work-history sequence places Ryckman at 3MP immediately before becoming Ryckatyk's CEO.

REMAINING GAP

The role chronology is secondary-source career data; a first-party promotion or launch announcement would upgrade it further.

SAFE TREE CLAIM

3MP Atlanta is the strongest currently supported immediate predecessor to Ryckatyk through William Ryckman's employment chronology.

3MP Atlanta independently describes itself as an outside-sales and client-acquisition company.

That first-party operating model materially strengthens the predecessor interpretation.

3MP ATLANTA

Owner	Michael Palomba - BBB
Public history	Operating in Atlanta since 2015, according to current site
Core function	Outside sales / client acquisition for large companies
Sales method	Face-to-face customer acquisition
Training	Hands-on and virtual product/sales training
Leadership background	Palomba says he entered direct marketing in B2B sales and later managed telecom markets

PREDECESSOR FIT

VERY STRONG CONTEXT

3MP's own business description matches the sales-training environment Ryckatyk later used.

UPSTREAM LIMIT

This pass does not establish 3MP's own parent company or a Cydcor relationship.

E-RYK | CLEANUP DECISION

Ryckatyk should be moved out of the unplaced bucket.

Unlike C3 and GES, Ryckatyk now has a named founder/CEO and a clean immediately-prior employer sequence.

Ryckatyk / William Ryckman	CONFIRMED PUBLIC
Ryckatyk sales / B2C client-acquisition model	CONFIRMED SUPPORT
William Ryckman at 3MP Atlanta	STRONG CAREER PROFILE
3MP role ending as Ryckatyk begins	STRONG CHRONOLOGY
3MP Atlanta -> Ryckatyk immediate-parent sequence	STRONG / NEAR-CONFIRMED
Parent above 3MP Atlanta	OPEN
FINAL CLASSIFICATION 3MP ATLANTA -> WILLIAM RYCKMAN -> RYCKATYK, INC. STRONG / NEAR-CONFIRMED SIDE BRANCH	
SINGLE BEST UPGRADE ARTIFACT Find a 3MP promotion, farewell, or Ryckatyk launch post naming William Ryckman and his move to Raleigh in 2018.	

CLEANUP NODE 04

Kevin Fuller

C-Bus Voyage Marketing -> ICON Sales Team

Kevin's first and second company sequence is now identifiable; the parent above C-Bus remains open.

MAJOR FINDING

ICON's own biography says Kevin founded a first company in Columbus, Ohio before launching ICON in Atlanta.

Both company records identify Kevin Fuller as President of C-Bus Voyage Marketing in Columbus. C-Bus operated as a direct sales/marketing firm with leadership advancement and campaigns including Staples, OOMA, and Spectrum. ICON's first-party biography says Kevin spent three and a half years operating his first company in Columbus before founding his second company, ICON Sales Team, on March 20, 2023.

CURRENT CLASSIFICATION

C-BUS VOYAGE -> KEVIN FULLER -> ICON = STRONG / NEAR-CONFIRMED PERSON-CONTINUITY BRANCH.

E-KF-A | KEVIN FULLER'S OWN COMPANY HISTORY

ICON's team page gives the clearest narrative of Kevin's company-building sequence.

This is first-party evidence from Kevin's current company, so it carries more weight than generic directory summaries.

ICON SALES TEAM - KEVIN FULLER BIO

Education	Illinois College; Management & Organizational Leadership + Communication / Marketing
Career start	Professional football before entering sales and marketing
Sales achievement	Sales Rep of the Year for his client in his first two years in the business
First company	Started his first company and oversaw the Columbus, Ohio market for 3 clients
Columbus duration	Three and a half years
Second company	Founded ICON Sales Team on March 20, 2023 in Atlanta

WHAT THIS PROVES

Kevin himself presents ICON as his SECOND company after a Columbus ownership period.

WHAT IT DOES NOT NAME

The biography does not explicitly call the first company 'C-Bus Voyage Marketing,' so identity is established through independent company records and chronology.

E-KF-B | FIRST COMPANY IDENTITY

C-Bus Voyage Marketing is the strongest match for Kevin's unnamed first Columbus company.

The company, principal, address, and operating model line up with Kevin's first-party biography.

C-BUS VOYAGE MARKETING

President	Kevin Fuller
Address	4588 Kenny Road, Suite 101B, Columbus, OH
Historical website	cbusvoyagemarketing.com
Industry	Marketing and advertising / sales and marketing
Company description	Sales and marketing firm serving small to medium-sized businesses
Historical building evidence	A 2019 LoopNet property document lists C-Bus Voyage Marketing as a tenant at 4588 Kenny Rd

IDENTITY MATCH

VERY STRONG

Kevin is President of a Columbus sales firm active during the same multi-year period his own bio describes.

FINAL LOCK STILL MISSING

A first-party C-Bus page naming Kevin as founder, or an Ohio filing showing him as incorporator/president, would make the identity airtight.

E-KF-C | CLIENTS / ADVANCEMENT / DIRECT SALES

C-Bus Voyage operated the same owner-development style sales model seen elsewhere in the tree.

Independent job and review sources provide campaign and promotion details.

C-BUS VOYAGE - OPERATING EVIDENCE

Indeed	Sales and marketing firm expanding nationwide; growth and employee development emphasized
Intern review	Communication, leadership, advancement, and hands-on leadership roles
Glassdoor campaign claims	Staples, OOMA, and Spectrum products
Sales format	Employee review describes door-to-door / field sales
Titles	Sales Representative, Account Executive, Account Manager, Client Representative

MODEL MATCH

STRONG

The promotion and client-sales structure is materially consistent with the outsourced direct-sales environment.

GENEALOGY LIMIT

No public source in this pass names Cydcor or the office that trained Kevin before he opened C-Bus.

P-KF | COMPANY-BUILDER CONTINUITY

Kevin's own biography makes the Columbus-to-Atlanta transition explicit.

This strengthens the existing ICON branch because Kevin's ownership history no longer begins abruptly in Atlanta.

C-Bus Voyage -> Kevin Fuller Independent company directory names Kevin as President.	VERY STRONG
Kevin's Columbus first-company period ICON bio says he started first company and ran Columbus for 3.5 years.	FIRST-PARTY
Kevin Fuller -> ICON Sales Team ICON bio names Kevin founder and gives March 20, 2023 launch date.	CONFIRMED FIRST-PARTY
C-Bus Voyage -> ICON company-builder sequence Chronology, geography, principal, and operating model align.	STRONG / NEAR-CONFIRMED
Parent above C-Bus Voyage Kevin's pre-ownership sales employer is still unnamed in the public record surfaced here.	OPEN

E-KF | CLEANUP DECISION

Kevin Fuller should no longer be treated as an isolated ICON-only founder.

The evidence supports a meaningful earlier Columbus ownership node that feeds directly into the Atlanta ICON chapter.

Kevin Fuller / ICON founder-president	CONFIRMED FIRST-PARTY
C-Bus Voyage / Kevin Fuller president	STRONG PUBLIC
C-Bus Voyage sales / promotion model	CONFIRMED SUPPORT
C-Bus Voyage as Kevin's first company	VERY STRONG / NEAR-CONFIRMED
C-Bus Voyage -> ICON continuity	STRONG / NEAR-CONFIRMED
Kevin's trainer / office before C-Bus	OPEN
FINAL CLASSIFICATION C-BUS VOYAGE MARKETING -> KEVIN FULLER -> ICON SALES TEAM STRONG / NEAR-CONFIRMED COMPANY-BUILDER CONTINUITY	
SINGLE BEST NEXT TARGET Identify Kevin's sales-and-marketing employer immediately before he opened C-Bus Voyage. His LinkedIn still shows earlier hidden entries in St. Louis / Richmond / Columbus, Georgia.	

CLEANUP NODE 05

Joseph Gills -> Integra Sales Associates -> Meghan Wilson -> Wolf Management

Integra's principal is now firmly anchored; the parent ABOVE Integra remains the unresolved piece.

CORE FINDING

Joseph Gills is clearly Integra's founding-era president/CEO, and Integra is a confirmed 2019 St. Louis sales company.

Previously unconfirmed profile sources identify Joseph Gills as President/CEO and place Integra's start/incorporation on July 24, 2019. Integra's own materials describe face-to-face B2B customer acquisition, internal upward mobility, mentorship, and leadership development. Our existing Wolf dossier already places Meghan Wilson inside Integra before Wolf. The remaining mystery is Joseph's immediate pre-Integra sales office.

CURRENT CLASSIFICATION

JOSEPH GILLS -> INTEGRA = CONFIRMED. INTEGRA -> WOLF = STRONG DOWNSTREAM BRANCH.
PARENT ABOVE INTEGRA = OPEN.

E-JG-A | 2019 ST. LOUIS COMPANY

Integra and Joseph Gills are no longer unplaced as a company/principal pair.

Multiple independent sources agree on the company, leader, location, and 2019 launch period.

INTEGRA SALES ASSOCIATES, INC.

President / CEO	Joseph Gills
Founded / incorporated	July 24, 2019 - BBB business profile
Headquarters	St. Louis, Missouri
LinkedIn founded date	2019
Historical / current office	317 N 11th St, St. Louis; current site also lists Bridgeton contact office
Company type	Self-owned / independent marketing and sales consulting firm

JOSEPH -> INTEGRA

CONFIRMED

Integra's own team page and LinkedIn introduction identify Joseph as President; Indeed lists him as CEO.

FOUNDING WINDOW

CONFIRMED 2019

BBB gives both business-start and incorporation dates as July 24, 2019.

E-JG-B | B2B CUSTOMER ACQUISITION

Integra's first-party career materials show a classic face-to-face B2B advancement structure.

This confirms why Integra belongs in the investigation even before the upstream parent is found.

INTEGRA OPERATING MODEL

Responsibilities	Face-to-face customer service; B2B customer acquisition; sales presentations
Training	Hands-on training plus coaching in sales and marketing techniques
Advancement	Internal upward mobility; paid travel and leadership opportunities
Development	Individual coaching, mentorship, professional training
Current campaign evidence	SalesJobs posting says Integra is working in Amazon Business B2B customer acquisition

MODEL

CONFIRMED FIRST-PARTY

The company itself describes face-to-face B2B sales and promotion-focused employee development.

CAMPAIGN

AMAZON BUSINESS - PUBLIC JOB EVIDENCE

Useful campaign evidence, but it does not identify an upstream broker or Cydcor by itself.

DISCIPLINE

Operating-model similarity remains contextual. The genealogy question still depends on Joseph Gills' pre-2019 work history or a launch/promotion artifact.

E-JG-C | REGIONAL LEADERS CONFERENCE

A 2019-era Integra post creates an intriguing Cydcor-directional clue - but not a confirmed Cydcor link.

The working matters because 'Regional Leaders Conference' is also documented in the Cydcor ecosystem during the same period.

CONFERENCE EVIDENCE

Integra post	Company says its team attended a Regional's Leaders Conference in Chicago and thanks President Joseph Gills
Independent Cydcor-context example	Apple's LinkedIn profile records a 'Fall Regional Leaders Conference' award in Nov. 2019 and separately lists Cydcor Leader's Magazine and Cydcor National Conference honors
Interpretation	The conference terminology is consistent with Cydcor-network event language
Critical limit	The Integra post itself does NOT name Cydcor

EVIDENCE GRADE

DIRECTIONAL / CONTEXTUAL

This is worth preserving because it narrows the likely ecosystem, but it does not prove Integra attended a Cydcor event.

DO NOT CLAIM

Do not write 'Integra attended a Cydcor Regional Leaders Conference' unless a conference agenda, badge, photo caption, or Cydcor event source identifies Integra/Joseph.

P-JG | JOSEPH / INTEGRA -> MEGHAN / WOLF

Joseph's cleanup strengthens the already-built Integra -> Meghan Wilson -> Wolf Management branch.

Integra is no longer merely the unknown company above Meghan; it is a documented 2019 St. Louis owner-led sales office.

Joseph Gills -> Integra First-party team bio and 2019 company introduction identify Joseph as President.	CONFIRMED
Integra 2019 incorporation / St. Louis BBB and LinkedIn independently anchor the company and founding year.	CONFIRMED
Integra -> Meghan Wilson Existing Side Branch 17 preserves multiple personnel traces.	STRONG
Meghan Wilson -> Wolf Management Wolf's own site names Meghan President & CEO.	CONFIRMED
Parent above Joseph / Integra No defensible pre-2019 sales employer for Joseph surfaced in this pass.	OPEN

E-JG | CLEANUP DECISION

Joseph Gills / Integra should be removed from the 'unplaced principal and company' bucket.

The company/principal relationship is confirmed. What remains unplaced is only the upstream parent above Joseph.

Joseph Gills as Integra President/CEO	CONFIRMED
Integra founded / incorporated in 2019	CONFIRMED
Face-to-face B2B / advancement model	CONFIRMED SUPPORT
Amazon Business campaign	PUBLIC JOB EVIDENCE
Regional Leaders Conference / Cydcor-context clue	DIRECTIONAL ONLY
Immediate parent above Joseph / Integra	OPEN
FINAL CLASSIFICATION JOSEPH GILLS -> INTEGRA SALES ASSOCIATES -> MEGHAN WILSON -> WOLF CONFIRMED INTEGRA PRINCIPAL / STRONG DOWNSTREAM BRANCH / UPSTREAM OPEN	
SINGLE BEST NEXT TARGET Recover Joseph Gills' employment history immediately before July 2019 - especially any sales office, assistant-manager role, or launch/promotion record.	

CLEANUP NODE 06

One Source Provider (OSP) and the 'OSP Connect' cleanup

The original node appears to have mixed a company with a media/link label.

MAJOR CORRECTION

OSP Connect should not be carried as a separate operating company.

The current One Source Provider Linktree labels a YouTube link 'OSP Connect,' while One Source Provider itself is the real Dearborn, Michigan direct-sales company. OSP says it opened in Detroit in 2011 and now operates direct-to-home, retail, B2B and event-style campaigns. The Cydcor relationship is best treated as personnel overlap and a secondary-model allegation - not a confirmed founder lineage.

CURRENT CLASSIFICATION

ONE SOURCE PROVIDER = CONFIRMED COMPANY. 'OSP CONNECT' = LABEL / MEDIA LINK. CYDCOR RELATIONSHIP = STRONG OVERLAP, NOT CONFIRMED PARENTAGE.

E-OSP-A | DEARBORN DIRECT-SALES COMPANY

One Source Provider is a large, long-running direct-sales platform founded in 2011.

First-party and LinkedIn sources converge on its history, headquarters, channels, and leadership.

ONE SOURCE PROVIDER

Founder / CEO	Dean Elali
Founded	2011
Headquarters	22370 Michigan Ave, Suite 200, Dearborn, MI
Core business	Customer acquisition and direct sales
Channels	Direct-to-home, retail campaigns, B2B outreach, event-style marketing
Industries	Telecommunications, energy, sales/marketing; later healthcare and sports
2021 milestone	Company said it oversaw five international subsidiary companies

COMPANY NODE

CONFIRMED FIRST-PARTY

OSP is unquestionably a real direct-sales company with a decade-plus public history.

OWNER NODE

DEAN ELALI CONFIRMED

OSP and outside sources identify Dean as founder / CEO or president / CEO.

E-OSP-B | LABEL, NOT COMPANY

The original cleanup label 'OSP Connect' appears to be a research misclassification.

The surviving OSP Linktree uses 'OSP Connect' as the display text for a YouTube/subscription link.

LINKTREE EVIDENCE

Account	@onesourceprovider
Page description	Conglomerate with subsidiaries in sales, health, sports, philanthropy and media
Link labels	Who We Are; OSP Connect; Natcon 2022 Aftermovie; OSPtv Podcast
OSP Connect destination	YouTube channel subscription URL
Interpretation	Media / engagement link, not evidence of a separately incorporated sales office

INDEX CORRECTION

MERGE / RENAME NODE

Replace 'OSP Connect' as an operating company with One Source Provider (OSP), unless a different source later proves a separate entity.

DO NOT CLAIM

Do not build a genealogy arrow through 'OSP Connect' as though it were a distinct owner office.

BINDER EFFECT

This removes one false mystery node from the cleanup list. The research question becomes: 'Where does One Source Provider fit relative to Cydcor?' rather than 'Who owned OSP Connect?'

E-OSP-C | DOCUMENTED PEOPLE CROSSOVER

OSP has real personnel overlap with Cydcor, but that is different from proving OSP was launched by Cydcor.

Two public career records are especially useful.

CROSSOVER EVIDENCE

Larissa Lawson	Office Director at One Source Provider from Mar. 2012; prior Cydcor Sales Representative Dec. 2010-Mar. 2012
Timing significance	Her Cydcor role ends exactly as her OSP office-director role begins
Victoria Freels	Business Development Manager at Cydcor Oct. 2016-Oct. 2017; later National Account Manager at One Source Provider Aug. 2023-Oct. 2024
Glassdoor 2015	Former OSP management trainee describes the company as 'based off Cydcor model'

LARISSA CROSSOVER

STRONG PERSONNEL EVIDENCE

The 2012 Cydcor-to-OSP transition is temporally tight and near OSP's founding period.

MODEL ALLEGATION

SECONDARY ONLY

The Glassdoor statement is useful corroboration, not proof of contractual or genealogical affiliation.

R-OSP | DEAN ELALI PRE-OSP HISTORY

Dean Elali's public work history does not currently show Cydcor immediately before OSP.

That is the main reason OSP should not be drawn as a confirmed Cydcor child office.

DEAN ELALI - PUBLIC CAREER SEQUENCE

TDS Metrocom	Account Executive / Sales Manager, 2006-2009
Cavalier Telephone	Senior Account Executive, Nov. 2009-May 2010
T-Mobile	Business Development Manager, May 2010-Nov. 2011
One Source Provider	CEO beginning 2011
Older bio	Says Dean had earlier network-marketing experience in the late 1990s and built a large sales organization

NO FOUNDER-LINEAGE LOCK

Dean's disclosed pre-OSP sequence points through telecom employers, not a named Cydcor office.

WHAT MAY STILL BE HIDDEN

The older 'network marketing' chapter is vague. If that organization can be identified, it could materially change the upstream analysis.

SAFE TREE TREATMENT

CYDCOR -- personnel overlap --> ONE SOURCE PROVIDER (OSP)

E-OSP | CLEANUP DECISION

OSP Connect is resolved as a classification issue; One Source Provider remains a parallel / overlap node.

This is a cleaner and more defensible result than leaving 'OSP Connect' as a mysterious unplaced company.

One Source Provider (OSP) operating company	CONFIRMED
Dean Elali as founder / CEO	CONFIRMED
Direct-sales / customer-acquisition model	CONFIRMED SUPPORT
'OSP Connect' as separate operating company	NOT SUPPORTED
Larissa Lawson Cydcor -> OSP personnel crossover	STRONG
OSP direct founder-lineage from Cydcor	OPEN / NOT PROVEN
FINAL CLASSIFICATION ONE SOURCE PROVIDER (OSP) PARALLEL DIRECT-SALES PLATFORM / STRONG CYDCOR PERSONNEL OVERLAP PARENTAGE OPEN	
SINGLE BEST NEXT TARGET Identify Dean Elali's late-1990s 'network marketing' organization, or recover an early 2011 OSP launch artifact naming its sales broker / campaign relationship.
